ANNUAL REPORT  
of the  
OFFICERS AND COMMITTEES  
TOWN OF AVON**

**For the Year Ending  
December 31, 1992**

# *Memoriam*

## ***Gerard P. Antonellis***

Gerard P. Antonellis, Ph.D., died at age 71 after an illness of nearly a year. He was the founder of occupational education in Massachusetts and former director of occupational education at the University of Massachusetts.

Dr. Antonellis received a bachelors' degree in 1949 and a masters' degree in 1956 in education from Bridgewater State College and he was awarded a doctorate from the University of Massachusetts in 1977.

Gerard Antonellis was named "Outstanding Industrial Arts Teacher in Massachusetts" in 1966.

As a resident of Avon he was a member of the Avon Citizens Committee for Better Town Government, past chairman of the Avon School Committee, a member of the Avon Board of Appeals and a member of the Avon Democratic Town Committee. His altruistic civic contributions to the Town of Avon have been significant.

## REPORT OF THE BOARD OF SELECTMEN

The following is the report of the Board of Selectmen for the calendar year ending December 31, 1992.

At the annual town elections held in April, Frederick T. Williams was elected to a three year term as a member of the Board of Selectmen. He replaced former Selectman James B. Geary who chose not to seek re-election after having served nine years in that capacity. The new Board of Selectmen re-organized as follows:

John J. DeMarco, *Chairman*

William E. Enright, *Clerk*

Frederick T. Williams, *Associate Member*

During a Special Town Meeting in March, voters acted on a ten-article warrant, approving money requests totaling \$162,129. At the same meeting, it was announced that United States Congressman Brian Donnelly was leaving politics and that State Senator Paul D. Harold would seek the vacated seat. Also at that meeting, Sergeant Joseph Rondeau, who had recently been granted a disability retirement from the Avon Police Department, was recognized for his years of service to the town.

In May, Annual Town Meeting voters acted on a 31 article warrant which included \$7,839,840. in budget and capital outlay requests. Of that amount, the Finance Committee recommended \$7,521,717. and advised no funding for money articles. On the meeting floor, voters approved a school board offer to reduce its fiscal year 1993 operating budget by \$150,000. to free-up funds for other town expenses.

In July, the Avon Civic Association, in conjunction with the Avon Cultural Council, provided a much-needed community respite by sponsoring a series of free concerts at the town square gazebo. To pay for the concerts, the ACA applied for an Arts Lottery Council grant and in addition received funds from the SEMASS Recycling Corporation, Jordan Furniture and Messina Enterprises.

In August, the Selectmen voted 2-1 to award an all alcoholic (Section 15) beverages license to the Costco Wholesale Company, of 120 Stockwell Drive, one of three applicants. Having secured the license, Costco achieved its objective of being able to more equitably compete with its close competitor, B.J.'s of Stoughton. The other applicants were James Panagoupoulos of Main Street and Bruce April of April Markets on East Main Street. Perceived threats to small business owners and a liquor storage violation figured prominently in the Slectmen's unanimous vote three months later to deny Costco's request to expand the area in which their liquor is sold.

At the State Primary in September, Avon voters were resounding in their affirmation of State Senator Paul D. Harold's quest for a congressional seat. Although he lost the primary election, Harold received 85.5% of the votes cast in a three way contest for the 10th Congressional District Representative. In

The square at the intersection of West Main Street and Harrison Boulevard has been dedicated in memory of the late Fire Chief, Warren L. Edwards. The sign designating "Warren L. Edwards Memorial Square" is unveiled by Terry Edwards and Ernest Edwards, sons of the late chief and Senator Paul Harold, D-Quincy.

the November general election, Gerry Studds was elected to represent the newly realigned district in Congress.

Also in September, the Selectmen honored a former Avon Fire Chief and Highway Superintendent at the dedication of the Warren L. Edwards Memorial Square at the intersection of Harrison Boulevard and East Main Street. Edwards served on the Avon Fire Department from 1934-62, was the Fire Chief from 1949-55 and was the Highway Superintendent from 1947-62.

In another welcome break from business-as usual, patrons had an opportunity to meet newly appointed Avon Public Library Director Marilyn Greeley and Assistant Librarian Karen Johnson at a reception held in October. A month later, the library celebrated its 100th Anniversary at which time the Board of Selectmen presented the Library Trustees with a Resolution commemorating this auspicious occasion.

Earlier in the year the Board of Selectmen presented community service awards to eight individuals whose continuous actions have exemplified an unselfish regard for the welfare of others. The honorees were:

Leslie Gold	Helen R. Gold
Ellen Ariel	J. Francis McGuire
John J. Costa, Jr.	George Cann
Camilla M. DeMayo	Marie Moran

In February, 17 year-old Boy Scout David Saad completed his Eagle service project, the establishment of a food pantry for the poor of the community which surrounds St. Theresa's Church in Brockton. David, the son of the late Ronald Saad and of Christine Saad, subsequently attained the rank of Eagle Scout, the highest award in scouting. David's older brothers, Richard and Michael were also Eagle Scouts.

In December, 14 year-old Tom Sullivan, the son of Kathleen Sullivan, achieved the rank of Eagle Scout after undertaking a service inspired by the care his late father, Kevin Sullivan, received at the Old Colony Hospice which provides home care and support for terminally-ill patients and their families. He organized a "Family Fun Day", held at Camp Kiwanee in Hanson, to raise money for the hospice and educate the public about how children can benefit from the hospice concept of caring.

The Board of Selectmen received permission from the State Department of Transportation to landscape and decorate the southwest quadrant of John B. Collins Memorial Square.

A topiary was subsequently designed and set in place with shrubs and flowers depicting the letters of AVON in block style.

The cost of this project was borne by contributions from the following, for which the town is extremely grateful.

Nessralla's Farm & Greenhouse of Avon	F.X. Messina, Enterprises
Jordan Furniture	Christmas Tree Shops

Giltspur/Boston  
Merchants Tire Company  
Avon Firefighters Relief Assoc.

Parker's Express, Inc.  
Colonial Maintenance  
T.L. Edwards, Inc.

In November, 88 percent of local registered voters turned out to cast a total of 2,697 ballots which favored Democrats Clinton and Gore in the presidential contest. November also marked the 10th Anniversary of the construction of the Vietnam War Memorial in Washington, D.C. Among those who traveled to the capital to pay homage to the veterans of that war was a group of Avon veterans from the Frank M. Noyes VFW Post #8892. A Special Town Meeting was held in November to resolve an \$86,000. levy limit overage and three zoning amendments. In order to clear the deficit, voters approved a FinCom plan to reduce \$86,000. from appropriations voted at the Annual Town Meeting in May.

The total valuation of the town is \$410,105,400. The amount needed for the operation of the town government in FY '93 is \$7,984,266. of which \$2,241,927. represents the total estimated receipts and other revenue income. The difference in the latter sentence yields a tax levy of \$5,742,339.

Based upon the aforementioned data, the Board of Selectmen in December set the tax rate at \$10.23 per thousand dollars of property valuation for residential and open space classes and \$18.02 per thousand for commercial, industrial and personal property classes.

The Board of Selectmen extends appreciation to all elected and appointed officials, town employees and civic groups who have contributed toward improving the quality of life in Avon. Of particular recognition are those men and women, young and old who have given cause for infusing pride in our community. The number of Eagle Scouts, the volunteers that spend every Saturday, regardless of the weather, to make a recycling program function, the local correspondent that communicates and informs the general public objectively, and the Council on Aging members that provide opportunity for enriching the leisure time of the elderly all deserve our deep appreciation.

John J. DeMarco, *Chairman*  
William E. Enright, *Clerk*  
Frederick T. Williams, *Associate Member*

**AVON BOARD OF SELECTMEN**

# **REPORT OF THE TOWN CLERK**

To the Honorable Citizens of the Town of Avon:

The annual report of the Town Clerk is herewith submitted as of December 31, 1992. This report will include the following:

## **A. TOWN MEETINGS:**

Annual Town Meeting — May 5, 1992  
Adjourned session — May 6, 1992  
Special Town Meeting — March 24, 1992  
Special Town Meeting — November 3, 1992

## **B. ELECTIONS:**

Presidential Primary — March 10, 1992  
Town Election — April 13, 1992  
State Primary — September 15, 1992  
State Election — November 3, 1992

## **C. VITAL STATISTICS:**

Birth, death and marriage statistics

## **D. APPOINTMENTS, RESIGNATIONS AND TERMINATIONS:**

## **E. LICENSES:**

County dog licenses  
State fishing, hunting and sporting licenses, etc.

The Presidential Election year is always a busy year for the office of the Town Clerk. This year was no exception. Voter registration was the highest in recent memory, the Presidential Election saw three times the normal applications for absentee ballots and the percentage of registered voters (88%), who voted in that election was the highest that I can remember in the 18 years that I have been in this office. The voting system that the Town of Avon purchased in 1987 has been dependable and accurate. This "Optech" optical scanner system allows the town clerk to read the unofficial results immediately at the close of the polls. The official results are read when the hand counted ballots, such as write in votes are added to the machine totals.

The annual census was conducted as well as the statistics for the School Department Census. The computer system has proven invaluable due to the understaffed clerical pool. Without the systems, it would be impossible to efficiently complete the tasks required by state statute of the town clerk.

This year, due to the fiscal restraints of the budgets, I attended fewer workshops and schools to certify as a Massachusetts Town Clerk. It becomes increasingly more difficult to keep up with the changes in the general laws concerning the affairs of the town clerk's office. Without the funding for tuition and expense it is impossible to take advantage of the courses offered to me.

I take this opportunity to thank the Board of Registrars, Lionel Berig, Chairman; Angie Worcester and Anne B. Morrissey. During each registration period these registrars conduct required sessions when the town offices are closed for regular business. The Presidential Election year of course has many more sessions for the registrars.

I wish to extend my appreciation to Niki Rumbos, who is assigned to the clerical tasks, and Renee Clark who is assigned to the reception and licensing desk in the Town Hall, to the citizens of Avon and the members of all boards and committees for their continued support and cooperation during the past year.

Respectfully submitted,

Lorraine E. Meninno, CMC  
*Town Clerk & Town Treasurer*

QUESTION 1: ..... Law proposed by initiative petition  
Do you approve of a law summarized below on which no vote was taken by the  
Senate or House of Representatives before May 6, 1992?

SUMMARY

This proposed law would establish a Health Protection Fund to pay for health programs relating to tobacco use, including distribution of information about tobacco use, to be financed by a new excise tax on cigarettes and smokeless tobacco. The Health Protection Fund would be used, subject to appropriation by the state legislature, to supplement existing funding for the following purposes: school health education programs in the workplace and community; tobacco related public service advertising drug education programs; support of prenatal and maternal care at community health centers which provide programs on smoking cessation and information of the harmful effects of smoking; and monitoring by the state Department of Public Health of illness and death associated with tobacco.

The proposed law would establish a new excise tax of one-quarter cents per cigarette (twenty-five cents per pack of 20) and twenty-five percent of the wholesale price of smokeless tobacco. This excise would be in addition to the excise already imposed on cigarettes and smokeless tobacco. The new excise would be collected by the State Department of Revenue under the same procedures that apply to the existing tobacco excise.

The proposed law would direct the State Comptroller to report annually on the revenues and expenditures of the Health Protection Fund. The proposed law states that if any of its provisions were found invalid, the other provisions would remain in effect. The proposed law would go into effect on January 1, 1993.

YES: ..... 1,079  
NO: ..... 1,525\*\*  
BLANKS: ..... 85

QUESTION 2: ..... Law proposed by initiative petition.  
Do you approve of a law summarized below on which no vote was taken by the  
Senate or House of Representatives before May 6, 1992?

SUMMARY

This proposed law would require certain banks, insurance companies and publicly-traded corporations to file annual reports with the Massachusetts Secretary of State listing information from their state tax returns, including profit, income, corporate income tax due, deductions, exemptions and credits. These reports would be made public. This provision would apply only to those banks, insurance companies and publicly traded corporations required by federal and other Massachusetts laws to disclose information concerning their federal tax payments.

The proposed law would also require the annual release by state officials of a detailed analysis of certain tax expenditures enacted or changed after January 1, 1988. State law defines a tax expenditure as an exemption, exclusion, deduction or credit that results in less corporate, sales or income tax revenue for the state. This analysis would be required only for tax expenditures with an annual revenue impact of \$1,000,000. or more. The analysis would include information on the actual revenue loss, as well as the number and proportion of taxpayers or taxpaying entities benefiting from the tax expenditure, according to income, profit, receipts or sales.

NO: ..... 1,186  
BLANKS: ..... 215

QUESTION 3: ..... Law proposed by initiative petition.

Do you approve of a law summarized below, on which no vote was taken by the Senate or House of Representatives before May 6, 1992?

SUMMARY

This proposed law would require all packaging used in Massachusetts on or after July 1, 1996 to be reduced in size, reuseable, or made of materials that have been or could be recycled. The proposed law would provide for exemptions for health, safety, and other reasons and would establish penalties for violations.

Packaging would have to be either reduced in size by at least 25% every five years; or designed to be reuseable at least five times, with at least 50% of such packaging actually being reused; or recycled at a 50% rate; or composed of 25% or more of recycled materials (increasing to 35% on July 1, 1999 and 50% in 2002). The requirements would apply to any packaging or containers used to protect, store, handle, transport, display or sell products.

These requirements would not be applicable to tamper-resistant or tamper-evident seals; packaging for medication or medical devices; packaging merely being shipped through state; packaging required by federal or state health or safety laws or regulations; or flexible film packaging necessary to prevent food from spoiling.

The state Department of Environmental Protection could also grant exemptions for packaging that represents an innovative approach for which additional time is needed to meet the requirements of the law; or packaging composted at a significant rate; or products for which there is no complying packaging and for which compliance with the law would impose an undue hardship (other than increased cost) on Massachusetts residents. A person applying for an exemption would pay a fee to be used, subject to legislative appropriation to pay the cost of administering the proposed law.

The Department would be required to issue regulations to carry out the proposed law and would be required to investigate suspected violations. After

issuing a warning, the Department could assess administrative penalties of up to \$100. for each offense and up to \$10,000. for any single shipment or single continuing act of non-compliance. The state Attorney General could also file court actions for civil penalties of up to \$500. for each offense and up to \$25,000. for any single shipment or continuing act of non-compliance, and could seek a court order requiring compliance. Each non-complying piece of packaging would be considered a separate offense or act of non-compliance.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

YES: ..... 795  
NO: ..... 1,789  
BLANKS: ..... 105

QUESTION 4:

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 6, 1992?

SUMMARY

This proposed law would impose an excise tax on oil, toxic chemicals and other hazardous substances, and would direct that the money raised along with the fees paid by hazardous waste transporters and specific revenues under other state laws, be deposited in the state Environmental Challenge Fund. Money in the Fund would be used, subject to legislative appropriation, to assess and clean up sites that have been or may be contaminated by oil or hazardous materials, and to carry out and enforce the excise.

As of July 1, 1993, the excise would apply to persons, businesses, and other entities possessing 50,000 pounds or more of oil and toxic chemicals covered by the proposed law. Toxic chemicals would be covered if classified as toxic by the federal Environmental Protection Agency (EPA) under federal law. As of July 1, 1994, substances listed as hazardous by the EPA under federal law would also become subject to the excise.

Until June 30, 1995, the excise would be two tenths of one cent (\$.002) per pound. In later years, the state Commissioner of Revenue would set the excise rate at a level, not to exceed two-tenths of one cent per pound, sufficient to yield \$35 million annually in 1995 dollars.

The excise would not apply to gasoline or other special engine fuels, fuel taxed under other state law, numbers 1 or 2 fuel oil, kerosene, animal or vegetable oil, or waste oil classified as hazardous waste under other state law. Nor would the excise apply to oils, toxic chemicals, or hazardous substances merely being shipped through Massachusetts; or contained in a consumer product intended for retail sale; or present in a mixture at a concentration of less than one percent; or present in hazardous waste being transported by a licensed hazardous waste transporter who had paid or will pay a transportation fee under state law; or for which the excise tax has already been paid under the

proposed law and which have not been reprocessed or recycled since payment of the excise.

The excise also would not apply to oils, toxic chemicals, or hazardous substances that are possessed by individuals for personal, non-business purposes; or are contained in vehicles or vessels intended to be used for normal purposes; or are produced in Massachusetts as a by-product of pollution control equipment or the clean up of hazardous materials and are handled in compliance with federal and state environmental laws. Finally the excise would not apply to toxic chemicals or hazardous substances in a manufactured product the use of which requires a specific shape or design and which does not release toxic substances under normal use.

Under the proposed law, the excise would ordinarily be collected from the first person or business within Massachusetts to come into possession of materials subject to the tax. If that person or business had not paid the excise a later possessor could be required to pay the excise and could then recover a corresponding amount from the first possessor. The proposed law would provide credits for excises paid on materials that become ingredients in the manufacture of other materials subject to the tax, and it would provide credits for similar excises or taxes paid to other states.

Persons possessing more than 25,000 pounds of materials subject to the excise in any six month period would be required to obtain a license from the Commissioner of Revenue. The Commissioner could issue regulations establishing record-keeping and reporting requirements for persons possessing such materials. The Commissioner would collect the excise through procedures similar to those for other state taxes and could issue regulations to implement the proposed law.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

YES: .....	863
NO: .....	1,582**

BLANKS: .....	521

Respectfully submitted,  
Lorraine E. Meninno, CMC  
*Town Clerk & Town Treasurer*

# **ANNUAL TOWN MEETING**

**MAY 5, 1992**

The meeting was called to order at 7:30 p.m. by Frank Staffier, Moderator. The meeting was recessed until a quorum was reached. The meeting reconvened at 7:41 p.m. It was announced that 231 registered voters had checked into the meeting.

April 27, 1992

Town Clerk  
Avon Town Offices  
Avon, MA 02322

This is to certify that I have posted twenty (20) copies of the Warrant for the Annual Town Meeting on May 5, 1992, in accordance with Article II, Section II of the Town of Avon By-Laws, and directed in said warrant in seven (7) public places. The seven (7) public places are as follows:

Avon Post Office  
Avon Town Hall  
Avon Pharmacy  
Avon Fire & Police Station  
Avon Cleaners  
Geary's Liquors, Inc.  
April's Market, Inc.

Robert R. Geary  
Constable

Moderator Staffier then called for article 1.

## **ARTICLE 1:**

A motion was made and seconded and it was VOTED IN THE AFFIRMATIVE BY THE MAJORITY TO WAIVE the reading of the reports and minutes of the previous session(s), and to hear and act on the annual reports of the Town Officers and several town departments for the year ending December 31, 1991, and to hear the reports of any committees.

The Regional School Planning Report was submitted to the Town Clerk on May 6, 1992. This report is included in the minutes of the meeting for the convenience of interested parties.

Mr. Roland Blanchette, Chairman of the Finance Committee and Mr. John J. DeMarco, Chairman of the Board of Selectmen made presentations regarding the positions of their respective boards as to the Fiscal condition of the Town.

A motion was made and seconded and it was VOTED IN THE AFFIRMATIVE BY THE MAJORITY to consider Articles # 2 & 3 together.

**ARTICLE 2:**

To see if the Town will vote to see what sums of money the Town will vote to raise and appropriate for, and to fix the salaries of the elected Town Officers for the fiscal year 1992-1993, or take any other action in relation thereto.

**ARTICLE 3:**

To see if the town will vote to raise and appropriate or transfer from available funds such sums of money as may be necessary to defray the Town charges for the ensuing Fiscal year 1992-1993, including salaries of the several elected officers of the Town and make appropriations for the same, or take any other action in relation thereto.

**ARTICLES 2 & 3**

A motion was made and seconded and it was VOTED IN THE AFFIRMATIVE BY THE MAJORITY to read only the recommended amounts to save time. The Moderator then read the recommended amount for each line item and passes were called on contested recommendations.

2011	Police Department, Salaries, Union	588,288.
2020	Police Department, Expense	74,330.
2030	Fire Department, Salary, Management	45,111.
2031	Fire Department, Salaries, Union	275,000.
2031A	Fire Department, Salary, two Firefighters	67,890.
2040	Fire Department, Expenses	51,975.
2060	Fire & Police Dispatchers, Salaries, Union	104,538.
2061	Fire & Police Dispatchers, Salaries, Non-union	31,209.
2080	Fire & Police Station, Expenses	5,000.
2100	Building Inspector, Salary	18,000.
3026	Board of Health, Salary, Sanitarian/Health Agent	29,204.
3063	Waste Disposal, Recycling expense	5,000.

A motion was made to recess the meeting until Wednesday May 6, 1992.

Meeting adjourned at 11:09 p.m.

# **ANNUAL TOWN MEETING**

## **ADJOURNED SESSION**

**May 6, 1992**

Moderator Frank Staffier called the meeting to order at 7:30 p.m. and recessed until a quorum was reached. 137 Registered voters had checked into the meeting. The moderator called for Article 4.

### **ARTICLE 4:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY UNANIMOUS VOTE** to approve the transfer of several parcels of land owned by the Town in the Northeast quadrant off Wales Ave. to T. L. Edwards, Inc. in exchange for a parcel of land contiguous to the Public Library property on West Main Street. Said land to be used for betterments to the library complex.

### **ARTICLE 5:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to raise and appropriate the sum of Twelve Thousand Dollars (\$12,000.). Said sum to be the first annual payment of a total sum of Sixty Thousand Dollars (\$60,000.) to be used for land improvements and parking facilities for the Avon Public Library.

### **ARTICLE 6:**

To see if the town will vote to approve an Appointing Authority for the purposes of appointing Town Offices within Article 4, Sections 1-28 in the Town Bylaws. The Appointing Authority shall consist of one member from the following Boards: Board of Selectmen, Planning Board, Board of Health, Water Commissioners and Board of Assessors. Each member of the Appointing Authority will be appointed by a vote within each Board for a term not to exceed one consecutive year, or take any other action in relation thereto.

### **ARTICLE 6:**

**THIS ARTICLE WAS WITHDRAWN**

### **ARTICLE 7:**

To see if the town will vote to approve the following amendments pertaining to the Building Inspector, Article IV, Section 4-5, Gas Inspector, Article IV, Section 4-17, Plumbing Inspector, Article IV, Section 4-23 and the Wiring Inspector Article IV, Section 4-31 to insert (c)

(c) The above Inspectors shall not perform contract labor in the Town of Avon while serving as Inspector.

or take any other action in relation thereto.

### **ARTICLE 7**

**THIS ARTICLE WAS WITHDRAWN**

## **ARTICLE 8:**

To see if the town will vote to approve an amendment to Article 3, Section 3-1 in the Town Bylaws to

### **SECTION 3-1 BOARD OF SELECTMEN**

(a) **COMPOSITION TERM OF OFFICE** — A Board of Selectmen or Women shall be elected which shall consist of three members. The Term of office of each member shall be for three years, not to exceed two terms or six years, so arranged that the Term of one member shall expire each year. (c,41,s,1)

or take any other action in relation thereto.

## **ARTICLE 8**

THIS ARTICLE WAS WITHDRAWN

## **ARTICLE 9:**

A motion was made and seconded and it was **VOTED IN THE NEGATIVE BY THE MAJORITY** to vote, by assessment of 1 cent per thousand on Industrial Parks East and West property evaluations, for the necessary funding for the beautification of properties owned or controlled by the Town in said parks and for the daily operation and expenses of the Town of Avon Industrial Development Commission.

Funds acquired should be deposited in a revolving and interest bearing account, with all interest reverting back to said account. Said account is to be under direct administration of the Town of Avon Industrial Development Commission. Twenty-five per cent (25%) minimum of yearly assessment will be spent for employment of local youths for the beautification of said Industrial Parks. Any part of, or all funds, not spent shall carry over and be applied in addition to the next year's Twenty-five per cent (25%).

## **ARTICLE 9**

THIS ARTICLE WAS DEFEATED

## **ARTICLE 10:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to authorize the Board of Selectmen to accept and enter into a contract for the expenditure of any funds allotted or to be allotted by the Commonwealth of Massachusetts and/or County for the construction, reconstruction and improvement of Town Roads.

## **ARTICLE 10**

THIS ARTICLE WAS TAKEN OUT OF ORDER AT THIS TIME. IT IS LISTED IN ORDER.

## **ARTICLE 11:**

A motion was made and seconded and it was **VOTED IN THE**

**AFFIRMATIVE BY THE MAJORITY** to raise and appropriate the sum of Three Thousand, Four Hundred and Twenty-Nine Dollars (\$3,429.) for the construction and/or improvement of Town roads as requested by the Board of Selectmen, and to be reimbursed from the Commonwealth of Massachusetts.

**ARTICLE 12:**

To see if the town will raise and appropriate or transfer from available funds, the sum of Twelve Thousand Dollars, (\$12,000.) for General Drainage, or take any other action in relation thereto.

**ARTICLE 12**

**THIS ARTICLE WAS WITHDRAWN**

**ARTICLE 13:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds, the sum of Eleven Thousand Dollars (\$11,000.) to fund an audit of the financial statements of the Town for the year ending June 30, 1992, in accordance with the single Audit Act of 1984 and to compile the Town's Fiscal 1992 Schedule A, an annual statement, for submission to the Massachusetts Bureau of Accounts.

**ARTICLE 14:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to amend the General By-Laws of the Town by including a new section in Article VI Town Offices: Duties and Authority to read as follows:

**"Section 12 Committee Reports**

All committees of the Town, elected or appointed, shall record minutes of every meeting and cause to be filed with the Town Clerk a copy of same within five days of the meeting at which the minutes were approved".

**ARTICLE 15:**

A motion was made and seconded and it was **VOTED IN THE NEGATIVE BY THE MAJORITY** to amend the General By-Laws of the Town by changing the third sentence in Section 6 (f) **Duty of Finance Committee** of Article II to read as follows:

"The Finance Committee shall consider all articles in the warrants for all town meetings and report in print to the Town prior to each town meeting, annual and special, their estimates, recorded vote and final recommendations for action of the town".

**ARTICLE 15**

**THIS MOTION WAS DEFEATED**

## **ARTICLE 16:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to amend the General By-Laws of the Town by deleting Article V, Section 3C **Town Clerks' Fees**.

## **ARTICLE 17:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to amend the General By-Laws of the Town by deleting Article II, Section 4 1 in its present form and replace it with a new Article II, Section 4 1 to read as follows:

1. **Department Heads** — The Head of any town department including the Superintendent of Schools shall be seated with their respective department and be allowed to speak or answer questions pertaining to their respective department at any Annual or Special Town Meeting.

## **ARTICLE 18:**

A motion was made and seconded and it was **VOTED IN THE NEGATIVE BY THE MAJORITY** to amend the General By-Laws of the Town by deleting Article II, Section 4a in its present form and replace it with a new Article II, Section 4a to read as follows:

a. **Rules of procedure** — Town Meeting shall be governed by parliamentary procedure as defined in Roberts Rules of Order, except as modified by law or these by-laws.

## **ARTICLE 18**

THIS ARTICLE WAS DEFEATED

## **ARTICLE 19:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to amend the General Bylaws by adding the following section: Article V Section 8 — All Boards and/or Committees acting as agents of the Town entering into collective bargaining agreements and/or employment contracts with any Town employee shall within (30) thirty days of signing such agreement cause to be filed a copy of said document with the Town Clerk. No Town Meeting, Annual or Special shall ratify a contract or agreement which has not been on file with the Town Clerk at least ten (10) days prior to the vote of Town Meeting.

## **ARTICLE 20:**

A motion was made and seconded and it was **VOTED IN THE NEGATIVE BY THE MAJORITY** to amend the General Bylaws by adding the following Section: Article V, Section 9 — The Town shall not be liable for nor shall town funds be expended for legal costs incurred by any elected or appointed official, and/or employee of the Town who is found guilty of Conflict of Interest by any court of jurisdiction and/ or the Ethics Commission

of the Commonwealth of Massachusetts. The Town shall not be liable nor shall Town funds be expended for legal costs and expenses of any appointed or elected official and/or employee of the Town who is found guilty of fraud to the extent that such person has failed to file truthful statements at the time of employment, election, appointment and/or voter registration. Further the Town shall not expend Town funds for legal expenses of any elected or appointed official and/or Town employee who is accused of criminal activity in relation to their respective position with the Town. Upon dismissal of such charges or adjudication by innocence of such charges the Board of Selectmen may authorize payment of expenses.

## **ARTICLE 20**

**THIS ARTICLE WAS DEFEATED.**

## **ARTICLE 21:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to raise and appropriate or transfer from available funds, the sum of Three Thousand, Five Hundred Dollars (\$3,500.) for Avon's share of the Self-Help Out-Reach Program to help support the continuance of Outreach service in Avon.

## **ARTICLE 22:**

To see if the town will raise and appropriate or transfer from available funds, the sum of Thirty-One Thousand, Two Hundred Dollars (\$31,200.) to install 510 feet of 12 inch water main on Hendricks Street from East Spring Street to Crowley School, or take any other action in relation thereto.

## **ARTICLE 22**

**THIS ARTICLE WAS WITHDRAWN**

## **ARTICLE 23:**

To see if the town will raise and appropriate or transfer from available funds, the sum of Forty-Seven Thousand, Five Hundred Dollars (\$47,500.) to install an emergency power generator and the appurtenant work for the Porter Well pumping station and the Town Garage at Avon Place, or take any other action in relation thereto.

## **ARTICLE 23**

**THIS ARTICLE WAS WITHDRAWN**

## **ARTICLE 24:**

A motion was made and seconded and it was **VOTED IN THE NEGATIVE BY THE MAJORITY** to raise and appropriate or transfer from available funds, the sum of Eighteen Thousand Dollars (\$18,000.) and in addition transfer the remaining unexpended balance, Article 19, STM 1990, to enable the Water Commissioners to maintain the Town Water supply wells.

## **ARTICLE 24**

THIS ARTICLE WAS DEFEATED

## **ARTICLE 25:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY UNANIMOUS VOTE** to amend the Town of Avon, Massachusetts Zoning Map dated May 17, 1977 as follows:

Change the zoning use designation of all land bounded by Route 24, Dykeman Way and the Town of Stoughton from an Industrial District to a Business District.

## **ARTICLE 26:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY UNANIMOUS VOTE** to add Section k Site Plan Requirements to Avon Zoning By-Laws Section 5-3.

## **ARTICLE 27:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY UNANIMOUS VOTE** to accept Amended Avon Zoning Map according to Avon Zoning By-Laws Section 111-3.

## **ARTICLE 28:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY UNANIMOUS VOTE** to accept Site Plan Review Fee Schedule to be known as Section 1 under Z.B.L 5-3.

## **ARTICLE 29:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds, the sum of Eighteen Thousand Five Hundred Dollars (\$18,500.) to purchase and equip one (1) police cruiser. Vehicle to be replaced is a 1989 cruiser with over 100,000 miles and in constant need of repair.

## **ARTICLE 30:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to appropriate or transfer from available funds, the sum of Twenty Thousand, Three Hundred and Eighty-Eight Dollars and One Cent (\$20,388.01) in addition to transferring Thirty-Two Thousand, One Hundred and Eleven Dollars and Ninety-Nine Cents (\$32,111.99) from the Conservation Commission Land Fund, and Thirty-Five Thousand Dollars (\$35,000.) from the Water Department Amended Article #5, ATM 1985, for a total of Eighty-Seven Thousand, Five Hundred Dollars (\$87,500.) to purchase mandated land in the water protection zone for the protection of the Town's water supply.

**ARTICLE 31:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** of Avon calls upon the Legislature to annually appropriate and fully distribute the legally required 15% of gas tax receipts to cities and towns, for the construction, maintenance, and the policing of local roads.

A motion was made and seconded to adjourn the meeting at 11:12 p.m.

Respectfully submitted,

Lorraine E. Meninno, CMC

*Town Clerk*

# **SPECIAL TOWN MEETING**

**March 24, 1992**

Moderator Frank Staffier called the meeting to order at 7:30 p.m. and recessed until a quorum was reached. The meeting reconvened at 8:37 p.m. when a total of 103 registered voters had checked into the hall.

Moderator Staffier introduced Senator Paul D. Harold who was present as a guest of the meeting.

The Board of Selectmen, John J. DeMarco, Chairman presented retired Avon Police Sergeant Joseph Rondeau a plaque commending him for nineteen years of exemplary service to the Town of Avon. Sergeant Rondeau was injured in the performance of duty.

## **ARTICLE 1:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds the sum of \$600. (Six hundred dollars) for the Town Hall landscape maintenance.

## **ARTICLE 2:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds the sum of \$250. (Two hundred fifty dollars) to pay for an unpaid bill regarding property appraisal by T & K Appraisal Services.

## **ARTICLE 3:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds the sum of \$7,000. (Seven thousand dollars) to pay for the second payment due per agreement between the Town of Avon's Collector's office and ACONE for the software package for the computer system.

## **ARTICLE 4:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds the sum of \$1,000. (One thousand dollars) to account #1030, Selectmen's Expense.

## **ARTICLE 5:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds the sum of \$78,110. (Seventy-eight thousand, One hundred ten dollars) to replenish a shortfall in the Medical and Life Insurance premium account in the Town Budget, Line Item #9040.

## **ARTICLE 6:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds the

sum of \$3,000. (Three thousand dollars) to fund a shortfall in the Clerical Pool Account, Line Item #1230 in the Town Budget.

#### **ARTICLE 7:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds the sum of \$16,000. (Sixteen thousand dollars) to fund the balance due for State Mandated Recertification.

#### **ARTICLE 8:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds the sum of \$15,000. (Fifteen thousand dollars) to fund Attorney fees from Appellate Tax Court cases.

#### **ARTICLE 9:**

To see if the Town will vote to transfer from available funds the sum of \$5,055. (Five thousand and fifty-five dollars) for the Police Department to fund a shortfall in the Dispatchers Salaries Account, Line Item #2060 of the Town Budget or take any other action in relation thereto.

#### **ARTICLE 9:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds the sum of \$2,994.50 to Line item #2060 and \$3,173.66 to Line item #2062.

#### **ARTICLE 10:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to transfer from available funds the sum of \$35,000. (Thirty-five thousand dollars) for the Police Department, Line Item # 2011 of the Town Budget.

It was brought to the attention of the assembly that it had taken less time to complete the town meeting than was spent awaiting a quorum.

The meeting adjourned at 9:29 p.m.

Respectfully submitted,

## The Regional School District Planning Committee

### Philosophy

The Regional School District Planning Committee (RSDPC) began examining the issue of regionalizing the Avon schools with its first meeting July 11, 1989. The question of whether to regionalize the school system has been a strongly divisive issue for several years. Indeed, some of the most civic minded and active citizens in the town have been at odds while the question remain unresolved. School officials, teachers, parents and students alike have been demoralized over the uncertain status of the schools. From the outset of this study, The RSDPC was determined to resolve the question of whether to regionalize, while simultaneously preparing a strategy to enter a regional school system if we determined Avon would be best served by such a structure. Rather than considering first whether regionalization was best for Avon and then preparing a strategy for forming a region, we considered the appropriateness at the same time we considered the mechanism of becoming a region. By having a regionalization strategy in the making, we felt we could move more rapidly into a regional district if we decided to propose that direction to the town. Our intent was to reduce the tension of uncertainty in the school community by moving rapidly and with definition of purpose if we decided to advocate a regional school district. That is, if the decision was to regionalize, we wished to have a plan in place to act upon so that all those effected could anticipate their status with a reduced sense of uncertainty.

### Agenda

To resolve the uncertainty about the present schools, we decided to have the best candidate town under consideration and appropriate conditions for entering a partnership formulated if we decided to promote regionalization. We felt that this simultaneous preparation would speed any decision to regionalize and reduce the tension of uncertainty and speculation by having working timetables in place when presenting the decision to join with a particular town. Therefore, our agenda was two tiered:

- 1) determine the benefits and drawbacks of regionalization for students and the town
- 2) create strategies and assessments of our position in governing the regional school with all prospective candidate partners.

To that end, the general agenda of the RSDPC was to:

- 1) compile a list of ten possible towns for a regional partnership, analyze those possibilities, determine a short list and contact the school superintendents of the prospective towns regarding their interest and contact the respective planning boards to ascertain the status of the towns buildings,

- development in the town, and population trends
- 2) review the NESDEC report, commissioned to study the pros and cons of regionalization in Avon.
  - 3) contact various schools with experience in regionalizing.
  - 4) contact various experts for information on the topic of regionalization.
    - A) Peter Murphy, Director of Regional Schools at the Mass. Dept. of Education
    - B) Ed Bacherman, president of the Mass. Assoc. of School Superintendents.
  - 5) interview representatives of candidate towns
  - 6) Assess the current status of the Avon schools
    - A) compare the scores of standard tests in Avon versus other local systems
    - B) review present curriculum and activities
    - C) examine school accreditation status.

Most of the study to these ends was accomplished through February of 1991. Holbrook emerged as the only interested candidate town and showed no interest in a 50-50 representation on a regional school board. We offered a compromise suggestion of a "floating majority" in which a majority position on the board rotated on a regular basis. This was rejected by the Holbrook representative, who apparently was determined that the only adequate representation was one man, one vote. With Holbrook's greater population, this would have placed Avon in a perpetual minority position on the governing board. This was considered inadequate and we broke further contact with Holbrook as we continued our study.

The committee heard a review of the Massachusetts Educational Assessment Tests delivered by Dr. Helene Skrzyniarz. This standard test for determining depth and breadth of school curriculum placed Avon at the strongest position of all our neighbor towns. Prior to further consideration of Holbrook, the committee decided to table further action until the schools faced accreditation review in the 1991-1992 school year. Furthermore, the committee felt that this would be an appropriate trial period with which to gauge the performance of the tuitioning-in program. In the meantime, the wild card of the "school choice" status became a part of all considerations with the million dollars received from the state. The progress and developments of the RSDPC from its inception to the present is provided in greater detail below.

## Choosing candidate towns for a region partner

Our initial consideration of candidates with which to form a region was simply to list all the neighboring towns as possibilities. The list was shortened for these reasons. West Bridgewater and East Bridgewater were too distant. We felt Stoughton was very stable and would not consider regionalization. We heard anecdotal reports of violence in the Randolph schools. Our short list included Holbrook and Abington. Holbrook has actively sought a region with us and has a standing RSDPC. Abington has a RSDPC which has been inactive. With Holbrook actively considering us, we held off contact with its committee prior to ascertaining the conditions of the towns schools. We felt we should have some background information on the town to provide some leverage at the outset of any discussion of entering a partnership. We sent a letter to the Abington superintendent of schools inquiring whether the town was interested in forming a region. The answer from Abington was that the town was not actively considering regionalization at this time (appendix p.2). Thus, Holbrook became our single candidate with which to form a region. The committee decided not to actively engage Holbrook in dialogue until we had gathered information regarding the status of its schools and we had gathered more information about the process of regionalization itself; that is,

- 1) governance in a region
- 2) obligations of participating towns
- 3) liabilities of a region
- 4) typical terms of establishing regional agreements.

We felt that Holbrook, with a standing RSDPC, had probably formed some fairly strong ideas about any negotiating positions it may take at the outset of talks. We were determined not to engage Holbrook's representatives from a position of naivete and continued our investigation of the regional schools on our own.

## The report on Regionalization from the New England School Development Council (NESDEC)

In 1988, the commercial study group New England Development Council (NESDEC) was commissioned to study and report the implications of regionalization for the towns of Avon and Holbrook. We of the present RSDPC turned to this report anticipating a scholarly review and well-documented assessment of the pros and cons of regionalization for the two towns. Upon review of the NESDEC report, this RSDPC group was disappointed to find a document lacking scholarly citation of references, lacked definition of methods with respect to demographic projections, and was heavily biased towards advocating regionalization throughout the

presentation. A review of the commission agreement reinforced the failure of the NESDEC group to provide the balanced study requested. The commission called for the presentation of:

- 1) the advantages and disadvantages of regionalization from educational and financial viewpoints
- 2) the product of this study will provide a basis for recommendations to the Committees relative to the matter of school district regionalization
- 3) enrollment predictions
- 4) a survey of existing school facilities to determine capacity and utilization
- 5) staffing requirements
- 6) transportation costs
- 7) school building needs will be identified and related to construction, abandonment, modification, leasing or acquisition
- 8) the study will involve three phases
  - a) data gathering
  - b) development of alternatives
  - c) presentation of the final report

Although the report touches upon each area in the skeleton above, sources of data presented are not cited, the methods for determining projections of enrollment are lacking, and details of space utility are minimal. This lack of citing references and sources of data prevents accounting for the accuracy of the presentation which is conventional in scholarly research of this nature. The presentation of the data and the philosophy throughout the paper bears a bias to promoting regionalization. Indeed, with respect to fulfilling the commission requirement to discuss the advantages and the disadvantages of regionalization, this is provided with a single paragraph on page 38 of this 54 page report. The single alternative to improving the lot of our students short of regionalization is " a program to tuition them to a neighboring high school or high schools. This would result in a complete loss of local control." It is precisely this complete loss of local control which steered our committee away from advocating regionalization with Holbrook, after having met with its representative.

The single scholarly citation of a reference to NESDEC's philosophic source of regionalization was the book The American High School Today, written in 1959 by James B. Conant. Conant was a great advocate of regional schools after the Russians surprised the U.S. with the launch of Sputnik in 1957. The intent of Conant's regional school philosophy was to expose rural American children to more rigorous technical training than that provided by the

small rural schools where the children received the basics of reading, writing, and arithmetic. Conant felt that by pooling resources, farm communities could offer more than the "little red schoolhouse" where teachers trained in teacher colleges or Normal Schools had only a general expertise in their topics. The regional school was an alternative which, by pooling resources, could provide teachers of science and mathematics with advanced degree training and provide the laboratories lacking in the local schools. The regional school was not intended for suburbs in cosmopolitan areas of the country which have a large pool of teachers with special training and advanced degrees in subject areas. Conant did not anticipate in 1959 the ready access of suburban schools to supplemental programs provided by nearby Universities, satellite delivered programs, and computer programmed courses. The philosophical rationale for the NESDEC report based on this text written in 1959 provides very weak grounds for entering a regional structure.

The NESDEC report was useful in some of its descriptions of the comparable school space and general review of the financial status of the two towns with the anticipated receipt of incentive money and support money from the state. This provided a baseline from which we were able to assume our position with respect to Holbrook and firm up a bit of strategy in meeting with the Holbrook RSDPC representative, Mr. Buckley.

The most profound revelation of the NESDEC report was the amount of money in state incentives which might be provided upon entering a regional system. The state would pay 100% of transportation costs and reimburse the operation of the system with \$2.6 million. Distribution factors would have impacted on Avon with a \$772,000 portion. These incentive moneys were the most attractive feature of regionalization from the outset. Coupled with the further economy of scale afforded by the increased utility of present facilities, regionalization had a strong appeal. These incentives no longer exist in the present Massachusetts climate (appendix p.7). Indeed, current regional systems have been level funded for a couple of years and are losing money by attrition to inflation. The limits of the state's willingness to support regional schools was revealed to the RSDPC during an interview of Mr. Peter Murphy, Director of Regional Schools at the Massachusetts Department of Education. His discussion with the RSDPC appears later

To summarize our review of the NESDEC report, the committee was disappointed that discussion was so heavily weighted towards regionalization's positive aspects. Without its weaknesses presented, we were at a loss to consider some of the practical problems which arise in the creation of any new bureaucratic structure. Upon review of the only text

considered in the report, regionalization appeared somewhat dated in its function. Although the report mentioned the importance of economy of scale and the consolidation of resources as practical matters to be considered, neither comparison of existing curricula or actual class and lab space were made to reinforce the argument that economy of scale could be efficiently achieved between the two systems. The presentation regarding the incentive moneys and the apportionment of the same did give us some insight into our initial consideration of deliberations with the Holbrook RSDPC representative.

**An Attempt to form a region without broad-based support:  
the experience of East Bridgewater and West Bridgewater**

The RSDPC received a presentation by two school superintendents who had actively and with a great sense of mutual cooperation sought to form a regional school district between East Bridgewater and West Bridgewater. Dr. Mitchell of East Bridgewater and Dr. Gerhart of West Bridgewater, presented the following account of their experience. The two had worked together with a positive expectation of success at the outset. With a grant of \$32 thousand dollars from the Executive Office of Communities and Development (EOCD) they commissioned a study by Dr. Henstock of Northeastern University to plot out a K-12 system. E. Bridgewater was facing a period of increasing enrollment and diminishing building capacity, while W. Bridgewater was facing the problem of decreasing enrollment. Over the course of two and a half years, they worked with a model curriculum committee to pick out the best from both schools to be incorporated into a regional system. Despite the production of a comprehensive plan and routinely informing the citizenry of the development of the regional plans, they met unexpected and strongly negative responses to their proposal from both towns. Drs. Gerhart and Mitchell noted their position that any school system can thrive when it has the full support of the public. Their proposal drew no support from either E. Bridgewater or W. Bridgewater. As the moment to vote on the feasibility of the project approached, anti-regionalization sentiment coalesced behind a group called WAR. Sentiment grew in both towns with intense feelings of nostalgia and desire to retain individual identities. Negative feelings grew about busing children out of the community and questions of governance arose. Drs. Gerhart and Mitchell felt that no amount of enthusiasm of their own could make regionalization acceptable. They concluded that regionalization was feasible but was politically impractical given the lack of positive support and the presence of strong resistance. Regionalization for the Bridgewater's was not advocated in the final report of the two town Planning Board. This conclusion appears in appendix pages 8 and 9.

### Report of the Director of Regional Schools

Mr. Peter Murphy, a Director of Regional Schools at the Mass. Dept. of Education, spoke next to the RSDCP. He provided a history of regionalization and the structures that may be used in regional governance. The basis for a regional school structure is determined at the beginning by participating towns creating a Regional School District Planning Committee which may or may not, at their own discretion, join to form a Regional School District Planning Board. The responsibility of this board is to further investigate the feasibility of entering into a regional school system. If it is determined they will form a region, then the members of the board negotiate the terms of the agreement. In turn, this agreement is the vehicle through which the towns operate the region. The agreement sets the terms of representation on the Regional District School Committee. When an agreement is reached, it is presented to the selectmen, placed on the town warrant, and approved or vetoed by a majority of members at the annual town meeting or special town meeting. To set up a regional school system would require a minimum of one year and they are established on July 1 of a given year.

#### Governance

The regional school district planning committee of each town forms the joint regional school planning board to establish the regional agreement. The agreement will:

- 1) determine the costs per participant by
  - a. defining capital of each participant
  - b. apportioning costs by capital supplied
- 2) resolve the situation of the teachers by considering questions of tenure
- 3) arrange transportation
- 4) describe how to prepare the budget
- 5) assess costs by enrollment or other formula
- 6) establish an Emergency Finance Board
- 7) create the manner of bond agreements
- 8) determine the manner of selecting the Regional District School Committee.

Most important to the Avon RSDCP at this time was the manner in which members of the Regional District School Committee were selected and how the level of representation was determined. Mr. Murphy said that the regional agreement would determine the composition of the school committee. He said that typical arrangements were one man-one vote based on the population of the town or numbers attending the schools. Elections could be region wide or in the towns for their apportioned representatives. We inquired about the possibility of a floating majority in which two towns would have the majority periodically change hands. Mr. Murphy stated that such an arrangement need only be specified in the original agreement. This committee felt that a 50-50 representation would be ideal, but a floating majority would be an acceptable alternative.

### Length of the term of the region

The length of the term of the region is set by the terms of the planning board agreement. If a region sells a bond, the region must remain intact for the term of the bond. The typical period of a \$2-3 million bond is ten years.

### Reasons for forming a region

Mr. Murphy advised our committee that the rationale for forming a region must be an improvement in the curriculum afforded the students in each school. That if an application for regional status was perceived by his staff to be for economic purposes alone, his staff would probably reject the proposal.

This committee notes that the NESDEC report failed completely to provide insight into the issue of specific curriculum improvements which may have been accomplished by regionalizing with Holbrook.

### Current status (as of 1990-1991) of state support to existing and proposed regional schools

Because of the status of the state itself, the incentives to form regions no longer exist. Those incentives were money for start up expenses and transportation. Presently, local governments must bear all the costs of the first year, both start up costs and school operation. While state law provides for reimbursement of these costs, every regional school district in the Commonwealth will be waiting many years for full reimbursement. Additionally, local government must provide for the cost of:

- 1) maintenance of fields
- 2) building maintenance
- 3) medical insurance.

Mr. Murphy expects existing regional school systems will suffer financial losses due to the irregularities of state funding. For example; in 1990-1991, regional districts had requested \$118 million of which \$108 million has been appropriated but not necessarily received. This was 86% of the regional school district's budgetary entitlements under state law.

### Resolving an impasse on the Regional School Committee

In the event an impasse arises about an issue for which no resolution seems possible (especially the annual regional school budget), the resolution will be achieved through a special joint town meeting at which both towns vote on a one man-one vote principle.

### Dissolving the region

To dissolve the region under the terms of the regional agreement requires approval of each of the partner towns and an act of the state legislature.

## Meeting the Holbrook representatives

Having gathered details regarding regionalization, the committee felt it could competently form an initial strategy for talking with the primary representative of the Holbrook RSDPC, Mr. William Buckley. We had reached an endpoint in considering candidate towns and Holbrook was our only current option. An initial meeting at that time was deemed appropriate for the purposes of comparing the thoughts each RSDPC had regarding general philosophy of a regional school, school structure, and the exchange of each town's position regarding governance. These considerations were paramount prior to any more formal discussion with Holbrook. We viewed a potential regional relationship as a marriage of our two systems with Avon providing the richest dowry and the least liability. Although smaller by population, we were determined not to sell ourselves short in any presentation to Holbrook. Our strategy was to strongly present the integrity of our schools physical plant, the success of our curriculum, the quality of our staff, and the general success of our student body. The quality of our system would be the basis for our proposing a 50-50 representation on the regional school committee if we moved to form a region. The quality we would bring to the relationship would merit a full partnership arrangement. In actuality, this would not be the most favorable position for Avon to be in, for in the event of a real controversy which placed the regional school committee at an impasse, the ultimate solution would be achieved by popular vote at an open dual town meeting. In any event, we resolved to discuss our desire for equal status on the board. Expecting to be rejected at this level, we were ready to propose the idea of an educational board which carried the "floating majority" discussed above. We would continue to state our quality case, while advocating a staggering of positions on the education board which would rotate a majority position periodically between the two towns. We believed this would permit Avon equal consideration for policy determination and capital development over the years. This committee felt that the quality we would bring to this marriage of systems required a full partner status. We agreed that we would not advocate Avon entering into a virtually permanent relationship as the perpetual "weaker sister."

In sitting with Mr Buckley, we discovered that Holbrook and Avon were in agreement considering several points in forming a region:

- 1) a two town arrangement would probably be preferable to a three town arrangement
- 2) a full regional system (K-12) would best suit the arrangement and optimize state support. Elementary students would not be bused and would attend school in their own towns.

3)upper grades would be the subject of negotiation.

Holbrook's position was that grades 5-8 of both town's would attend school in Avon. Grades 9-12 of both town's would attend school in Holbrook.

With respect to governance, Mr. Buckley held out strongly for the one man - one vote apportionment based on town population or student population. We argued strongly our quality status and pressed for 50-50 status. Mr. Buckley was not moved. We then presented our "floating majority" model. Mr. Buckley reasserted the position of one man - one vote. Having addressed some of the general aspects of regionalization, we thanked Mr. Buckley for presenting Holbrook's position to us and adjourned the meeting. Subsequently, we decided to table further contact with Holbrook and await the results of the reaccreditation process coming up in the following school year. We believed that a year would be an adequate trial period for consolidation and the tuitioning-in program. Further, we believed that reaccreditation would reinforce the status of the Avon public school's quality. If during the year, consolidation and tuitioning-in were not adequately serving the town or any problem appeared with respect to reaccreditation, Holbrook could be reconsidered. In that interim, Holbrook would have a year to consider our proposal of a "floating majority."

#### The Massachusetts Assessment of Educational Progress

Critical to the whole issue of regionalization was the question of the depth and breadth of curriculum provided by our relatively small school system. The working assumption has been that larger schools offer a more comprehensive selection of materials and therefore are provide greater depth of study and experience. The Massachusetts Assessment of Educational Development Progress (MAEP) test is a standard test delivered to all Massachusetts schools to precisely the breadth and depth of curriculum. The Avon schools underwent this evaluation in 1990. The test results were presented to the committee by Dr. Helene Skrzyniarz. Dr. Skrzyniarz is Director of Curriculum, Instruction and Testing for the Middleborough Public Schools. Dr. Skrzyniarz prepared the evaluation of the MEAP tests while serving an internship at the Avon schools while earning her Superintendent certificate.

The committee has reviewed her report and has drawn the following conclusions. The MAEP tests provide information about the effectiveness of the curriculum by testing the range of knowledge of the students. Students are tested in subject area domains that would be routinely presented up to the grade level tested. The effectiveness of the curriculum reflects the cumulative process of education within the

system. That is, the results of testing the student's knowledge at grade four reflects the sum total of the curriculum presented in grades 1,2,3 and 4. So, the test at grade eight reflects the curriculum engaged at grades 5,6,7 and 8. Finally, the results of the test at grade 12 reflect the depth and breadth of the subjects covered in grades 9,10,11 and 12.

These are not achievement tests of the individual student. Rather, the MAEP tests examine the scope of the experience of the students tested. At each grade level tested, students receive one of the several forms of the test. Each form examines the same general areas but examines different specific topics. The greater the range of the topics in the experience of the students, the higher they score. Higher schools also result from greater depth of exploration of the specific topics. The test subjects are those normally presented to the children in the previous 4 years.

The suggestion that particularly bright students can skew the scores and misrepresent curriculum status is a misrepresentation of the test design. The MAEP tests are analyzed by quartiles. Any system has a normal distribution of students into four quartiles. Grossly stated, for any topic, 25% of the students will be high achievers; 25% of the students will be better than average achievers; 25% will be less than average achievers; and finally 25% of the students will be low achievers. For each of these quartile distributions a normal curve exists for scores. The mode of the scores for the entire state is a normal curve inside the quartiles. Any mode in a distribution will be skewed by the differences in the curriculum not by the students themselves. A shift down from the norm would suggest a weak curriculum for a topic. A shift up from the norm shows greater depth and breadth of exposure to a topic. A high achiever does not skew the total test score. He only adds impact to the test score for the high achievers. In a strong school system scores shift up in all quartiles. The 25% in the high achiever division all score higher, the above average achievers score higher in their 25% cluster, as do the less than average and the low achievers. In a system with a strong curriculum, each quartile scores higher. That Avon scored higher than the neighboring towns (see appendix p.10) does not reflect a couple of bright students one year, as opposed to another year, in a school with a weak curriculum. Rather, our high achievers have been exposed to a richer curriculum than their high achievers. Indeed, our middle and low achievers have been exposed to a richer curriculum than their middle and low achievers. In conclusion, that Avon students have scored higher than students in neighboring towns argues that the present school curriculum is more than simply adequate; it is the best. Below is a more detailed accounting of the current status of the Avon schools.

## Current Condition of the Avon Public Schools

The following is a status report on the current condition of the Avon Public Schools currently in use. The Crowley School is not included in this report as it is currently leased to Self Help, Inc. for use as a pre-school center. Self-Help is responsible for the upkeep and repair of the building while the lease is in existence. For more information concerning this arrangement, please contact the Avon School Committee.

In large part, this report is based upon the information and text of the interview of three members of the Avon Public Schools Administrative Team, the Annual Report to the Town of the Avon Public Schools, the Catalog and Program of Studies of the Avon Middle-High School, and various reports that have been prepared for the Avon Public Schools and made available to us by the School Committee and the Administration. The RSDPC has also reviewed such documents and had edited substantial portions for the purposes of this report. The purpose of the editing was not to alter the information, but rather to ensure that the information was collated in such a fashion as to produce a readable document.

### The Ralph D. Butler Elementary School

#### Curriculum

As a follow-up to the preliminary steps that were initiated during the previous year to promote the development of a more "hands on" approach to science instruction, the Butler School staff worked on a comprehensive review and revision of the science program. That work led to the adoption of a new curriculum for implementation during the 1990-1991 school year. Considerable emphasis has also been placed on the development of student writing skills, the integration of a variety of "hands on" activities within the core curriculum of several subject areas, and the integration of "Whole Language" activities. The latter will extend and enrich the traditional approach in the presentation and development of language art skills particularly at the kindergarten and first grade levels.

Butler School staff members also put considerable time and effort into the review, revision, and formulation a new reading curriculum which was approved by the School Committee. That curriculum will now serve as the basis for the identification and selection of a new reading program for kindergarten through sixth grade.

## Other Activities and Programs

Due to the cooperative effort of the kindergarten teachers, a new system and schedule for reporting the progress of kindergarten students to parents was approved and successfully implemented in 1990. The process of reviewing and revising the Mid-Term Progress Report and Report Card systems for students in grades one through four was also started in the past year. These efforts should make student progress and status more clear to parents.

In addition to our regular academic curricula and programs, Butler School students and staff participated in a variety of on-going programs and special activities and events that contributed to the physical, social and emotional growth of the students. These include reading programs, a Science Fair, a Language Arts Fair, spelling bees, musicals, field trips, community-based programs (e.g. canned food drives), and several Avon School Association (ASA) sponsored cultural enrichment programs. It should be noted that this is only a representative list of activities. Parent volunteers assisted with many of the events and activities, and they were a major source of community support.

Communications with parents on a regular basis are emphasized by the Butler School staff throughout the year. A monthly calendar of events and the school lunch menu is sent home prior to the beginning of each month. Notices and reminders about upcoming events are also a regular component of these communications. In addition to printed Mid-Term Progress Reports and report cards, Open House, Parent-Teacher conferences, visitations, and several orientation programs on specific topics (e.g. kindergarten, first grade, special needs) also serve as vehicles for fostering communication between home and school during the school year.

## Professional Development

Butler School staff members are encouraged to take advantage of opportunities for professional growth and development. This is accomplished by attendance at and participation in relevant conferences and workshops, visits to other school systems to observe the operation of specific programs of interest, and involvement in a wide range of In-Service programs within the Butler School. Approximately fifteen staff members participated in the system's computer workshop series under the Horace Mann grant program. A similar number of staff members began working in study groups on "Cooperative Learning" with funds provided by another grant.

In addition to the foregoing, Stonehill College and Bridgewater State College have each sent student teachers for classroom training since January 1990. The confidence

those institutions have shown in the Avon Public Schools indicates an improving situation within the schools.

### The Avon Middle-High School

It would be best to begin this report of the current condition on the Avon Middle-High School by directly quoting its philosophy.

#### Philosophy

"Avon Middle-High School is a close knit educational community. It seeks to provide a safe, structured environment with a positive nurturing climate, where students will feel comfortable learning. Our School takes a dynamic approach to education. We work together with students, families, and community to teach basic values and to instill in students the responsibility for their own education as well as a desire for life-long learning.

As a comprehensive school, Avon Middle-High School emphasizes broad-based academic preparation, while providing for the diverse aptitudes of students. With the understanding that each person has a unique approach to learning, teachers strive to be responsive to individual needs. Student activities are designed to identify and enhance individual abilities and interests. These activities enrich the school culture and provide a wholesome balance to academics.

It is our intention that our students develop into honest, responsible, and informed individuals who will strive to be productive participants in our world society."

The RSDPC wishes to note that this philosophy was written in the past year and was the end result of input from the teachers, administrative staff, the School Committee, parents, and the community at large. Drafts were made available during its development to the aforementioned groups, and their opinions were solicited and taken into account in the final drafting.

#### Middle-School Curriculum and Academic Program

The middle school component of education in Avon is designed to prepare students for a comprehensive or vocational high school experience. Because small town students tend to have relatively limited experiences in many facets of life, teaching at the middle and high school level specifically includes the learning experiences for students that provide for an awareness of the problems of the world and the critical thinking skills necessary to make informed decisions as citizens.

In addition to the basic disciplines such as English, social studies, mathematics, and science, middle school students are involved in learning in such areas as health, music, art, industrial arts, home economics, spelling, penmanship, language, reading, and foreign language. Courses and programs are leveled where appropriate and maximum student mobility is available. Middle school students have the benefit of the experience and skill, not only of their own regular classroom teachers, but of those who teach high school courses as well. In addition, all of the physical resources available to high school students are available to middle school students.

### High School Curriculum and Academic Program

The High School is a comprehensive high school offering college preparatory, business, and general courses with emphasis on broad based academic preparation for students going on to colleges, national service, and for those entering the world of work. Curricular and extracurricular programs at Avon Middle-High School are designed to compliment one another by addressing the development of the whole person - socially, intellectually, physically, and emotionally.

The High School academic program includes graduation requirements of four years of English and Physical Education, three years each of Mathematics, Science, Social Studies, and one course with a computer literacy component. Enrichment electives in various areas are offered and include Sculpture, Photography, Musical Reflections/Electronic Keyboard, Clothing, Foods and Nutrition, Married and Single Life, Child Development, Woodworking, Home Repair, Small Engine Repair, Scriptwriting and Video Production, and Yearbook Production/Photojournalism.

Foreign Language programs include offerings of four years of both French and Spanish as well as two years of Latin. Science electives such as Biology, Advanced Biology, Chemistry, Principles of Technology, and Physics complement the full range of Mathematics courses including Practical Mathematics, Algebra I and II, Geometry, Probability and Statistics, Trigonometry/Calculus, Advanced Calculus, Computer Programming, Computer Literacy, and Personal Finance.

A semester elective program for junior and senior English students and Social Studies Department courses such as Western Civilization, U.S. History (two years), Contemporary Problems, Psychology, and a course entitled Society, Ethics, the Law, and You provide a complete humanities program. The Business Education Department offers a comprehensive program to prepare students for work or a business college. Courses

include Keyboarding, Business Information Systems, Word Processing and Advanced Word Processing, Accounting, Bookkeeping, Speedwriting, and Career Management.

The School Committee, in May 1990, approved the development of an Honors Program. That program, which is being phased in at this writing, will add to the strength of the academic program at the high school.

#### Harvard University Extension School/Lowell Scholars Program

The Lowell Scholars Program allows Avon students and their teachers to enroll in Harvard University Extension School mathematics, science, and social science courses at reduced tuition. Students select courses from a list of approximately twenty with the assistance of the Lowell School Coordinator. Courses are usually in the area of physics, chemistry, biology, mathematics, and computer science. Avon students are able to select from over twenty courses ranging in diversity from Astrophysics and the Universe to Soviet Politics and Society to Major British Writers.

These courses are also occasionally offered as a teleteaching section within the Lowell Scholars Program. In these courses, which meet at Avon Middle-High School, Avon students and teachers interact directly with the instructor at Harvard and students in other schools via a computer and speakerphone link.

#### Educational Technology

The Avon Middle-High School has two complete computer labs. The High School lab is equipped with state-of-the-art IBM Personal System 2 computers. Apple Macintosh computers are also available for use by students and staff in the library. In addition, classrooms have available to students Apple IIE computers. The Middle School lab is equipped with Apple IIE and IIGS computers. Students in grades 5-8 receive computer instruction each year and learn the basic operation and advantages of computer use including word processing, spreadsheet, database operations, desktop publishing and instructional computer use. To encourage use of the computers, there is a wide variety of production, educational, and entertainment programs available for student and staff use in each computer lab during and after the regular school day.

Other educational advanced technology resources include video-disk capability and self-correcting electronic typewriters as well as Dictaphones and other modern office equipment used in Business Education. Computer imaging capabilities are available in the Art Department and video production programs.

Avon has the first educational satellite system in the state and offers a wide range of programs and courses to students and staff. This system allows Avon the opportunity to offer courses and share resources that would not otherwise be available. The Avon Public Schools are a member of the Massachusetts Corporation for Educational Telecommunications and thereby has access to the widest variety of resources. Satellite services include administrative support programs, teacher/facilitator training, English as a Second Language, professional development courses, college nights, school product reviews, special pay-by-participant programs and high school courses.

### The Student Body and Their School System

The current enrollment as of January 1, 1992 for the entire K-12 system was 684 students. The following chart illustrates the past seven years enrollment, as of October 1 of each year.

	1991	1990	1989	1988	1987	1986	1981
K-12	684	581	564	564	596	595	879
9-12	170	122	130	126	164	180	287

One can see a distinct ten-year reduction in the size of the student body, while the past three years have remained relatively stable. There are two main factors influencing the reduction. First, there are simply fewer school age children living in Avon than there were ten years ago, although we are seeing a slight increase in the numbers of children in the lower grades. The latter fact bodes well for a stabilized school population.

Second, since the early 1980's there has been a residual of fear associated with the high school that no longer has a basis in fact. During the 1970's Avon suffered the same problems as virtually all public high schools in terms of drug problems and associated violence. With the separation of the middle school age children to the new Crowley School, we find that, despite the eradication of drugs and violence from Avon High School, the children were unable to view firsthand the turnaround that had occurred at the high school. Once parents began sending their children directly from the Crowley School to attend private high school, a trend developed that was difficult to reverse due to the fact that there was no firsthand knowledge of the improved conditions at the high school. With the consolidation of the middle and high schools grades into one building, it is anticipated that the percentages of eighth graders going on to Avon High School rather than private high schools will increase and stabilize.

The advent of the Non-Resident Tuition-in Program has served as a vital element in stabilizing the number of students until the trend of declining enrollments is not only stopped but reversed. Begun in 1988, the program now has 58 students enrolled in the Avon Schools each of whom is required to pay tuition to attend the Avon Public Schools. While a more complete analysis of this program follows at the end of this section of the RSDPC report, the RSDPC wishes to state now that the fact that 58 students and their parents are willing to pay for public education out of their pockets and are willing to undertake the inconvenience of arranging for their special transportation needs indicates that the condition of the Avon Public Schools has improved remarkably over the past few years and that Avon offers an attractive educational alternative to people from surrounding cities and towns.

Indeed, there are a number of indicators that illustrate that Avon students are educated well. The list of colleges that Avon graduates are presently attending is impressive. They include Boston College, Siena College, Northeastern University, Boston University, The Citadel, Worcester Polytechnic University, Carnegie-Mellon University, the University of Minnesota, the University of Rochester, Massachusetts Institute of Technology, Temple University, and New York University. This is only a partial list and is no implication that the many we have omitted due to space considerations are of any lesser quality. Figure 1 illustrates the distribution of Avon High School graduates by immediate post-high school endeavor. One can see in the column to the far right that last year, for instance, 71.7% of Avon high school graduates went on to post-secondary education.

The Scholastic Aptitude Test (SAT) scores recorded by Avon students have consistently been above the state and national averages. Figure 2 illustrates this fact. The source for these statistics is the College Entrance Examination Board, the organization that administers the examinations. It should be pointed out that the SAT is designed to measure an individual student's potential for success in college and is neither an achievement test nor an adequate measure of the educational effectiveness of a school system.

There are tests, however, that do indicate the relative health of the school system. For instance, the Massachusetts Assessment of Educational Progress (administered by the Massachusetts Department of Education) is one such battery of tests. Indeed, the purpose of these tests "is to measure the effectiveness of curriculum...the cumulative process of education." (Source: Report to the Avon School Committee by Dr. Helene Skrzytniarz, Director of Curriculum, Instruction, and Testing, Middleborough Public Schools). Figure 3 represents the results from the tests administered to Avon

FIGURE 1

FIGURE 2

FIGURE 3

8th and 12th graders in 1990 as compared to three other surrounding towns including Holbrook. Briefly stated, with one exception (8th grade Math, Abington), Avon clearly ranked higher than Randolph, Abington, and Holbrook in all tested areas in both 8th and 12th grades.

Another indication of the Avon Schools' systemic success is the results of the 1990 Massachusetts Basic Skills Tests administered by the Massachusetts Department of Education. Figure 4 indicates clearly that Avon students passed the examinations in reading, math, and writing at a far higher rate than the state average. Since this battery of tests was given to children in grades 3, 6, and 9, it is an excellent indicator of the overall health of the school system.

### Scholarships

Figure 5 represents the amount of scholarship awards that have been given to Avon students for the past twelve years. During that time, the average amount of scholarship money per graduate has increased by about 370% and in total dollars the amount has increased 225% overall, well beyond the rate of inflation which the RSDPC estimated to be about 80% for the same period (using an average of 5% per year compounded). At the current time, Avon students are awarded almost \$38,000 in scholarships at graduation, a figure which does not include scholarships or financial aid they may receive from the colleges they attend, outside agencies, or grants from the federal government.

### Athletics

Avon Middle-High School has a long had a record of athletic success out of proportion to the size of the school. The athletic program is characterized by its high level of student participation. Almost 70% of Avon's high school student body participated in athletics in 1989-1990. What this means is that students who wish to play a sport are permitted to do so with a minimum chance of rejection. Prior to 1991-1992, no student had been cut from a team sport in the previous five years. We know of no other system, even those only slightly larger, that can make that statement. This year the athletic program will include the following team sports:

Varsity Soccer	Varsity Cross-Country (boys and girls)
JV Cross Country	JV Cross Country (boys and girls)
Varsity Volleyball	JV Volleyball
Varsity Basketball (boys and girls)	
JV Basketball (boys and girls)	
Varsity Baseball	JV Baseball
Varsity Softball	JV Softball
Varsity Cheerleading (soccer and basketball)	
Intramural Sports	

FIGURE 4

Massachusetts Basic Skills Test Results

Percentage of Students Passing Tests

	Reading State/Avon	Mathematics State/Avon	Writing State/Avon
Grade 3	94.4 / 98	92.1 / 100	92.3 / 95
Grade 6	88.4 / 93	92.6 / 93	93.8 / 98
Grade 9	85.9 / 97	87.1 / 100	87.8 / 97

The development of the whole person at Avon Middle-High School is the primary focus of the athletic department. Many aspects such as team play and cooperation, as well as the realization of individual potential are primary in the program and these are not gulded by but reflected in a team's win-loss record. Avon teams have brought home numerous trophies and championships in the past several years including four consecutive Cross-Country championships, a steak of 37 wins without a loss during that championship string, four Volleyball championships, a league Soccer championship, two Boys Basketball titles, a Girl's Basketball championship, and five Baseball championships. Avon has also been fortunate to have had on its teams members who have garnered many of the league's most valuable player awards, and recognition as all-scholastic stars by the Brockton Enterprise and Boston Globe. All of this has been accomplished while representing the smallest school in the Mayflower League.

A sample of Avon teams' success can be found in the folowing list of accomplishments in 1990:

- Boys Basketball Divisional Co-Champions
- Boys Basketball M.I.A.A. State Tournament Invitation
- Girls Basketball Division Champions
- Girls Basketball M.I.A.A. State Tournament Invitation
- Championship Basketball Cheerleaders
- Lamont Bullock -- Class of 1992, Brockton Enterprise
- Basketball All Scholastic, Boston Globe 2nd Team
- Basketball All Scholastic
- Varsity Softball M.I.A.A. State Tournament Invitation
- Boys Cross-Country M.I.A.A. State Tournament Invitation
- Girls Cross-Country M.I.A.A. State Tournament Invitation

### Extracurricular Activities

Prior to the beginning of each year, the students are surveyed with a menu of extracurricular activities. That information is then taken into account when developing the schedule of activities for the coming year. The following is a list of the extracurricular activities available in 1991-1992 to Avon Middle-High School Students.

- Art and Photography Club (Grades 5-12)
- Arts and Crafts Club (Grades 5-8)
- National Honor Society (Grades 10-12)
- National Junior Honor Society (Grades 7-9)
- Literary Magazine (Grades 9-12)
- Literary Magazine (Grades 5-8)
- Avon Middle-High School Yearbook (Grades 9-12)
- Avon Middle-High School Yearbook (Grades 5-8)
- Computer Club (Grades 5-8)

Students Against Drunk Driving (Grades 9-12)  
 Student Council (Grades 8-12)  
 Student Advisory Council (Grades 9-12)  
 Modern Dance (Grades 7-12)  
 Class Officers (Grades 9-12)  
 Drama Club (Grades 5-12)  
 Video Production Team (Grades 5-12)  
 Cabaret (Grades 5-12)

### Discipline

The RSDPC could find no indication of a significant discipline problem at Avon Middle-High School. The Students Against Drunk Driving and DARE programs are solidly in place and are very influential. As an example, there has not been a single incident of student possession or use of drugs in the past five years. There is, in short, no difficulty associated with the presence of drugs or alcohol among the student body. The RSDPC sees this as an advantage of the present system's size which permits close supervision of students and the development of a close-knit peer group relationship among the students.

Another indication that a positive learning environment exists is the virtual non-existence of a dropout problem. The Massachusetts Department of Education reports that Avon's dropout percentage for the past three years was 0.8% (1989), 2.5% (1988), and 1.7% (1987). This compares very favorably with the statewide average of 4.9%, and the three year average for similar kinds of communities: 2.3% (1989), 2.6% (1988), and 2.5% (1987). (Source: Dropout Rates in Massachusetts Public Schools, 1989)

Truancy is also virtually nonexistent in the Avon Public Schools. The Massachusetts Board of Education in its report Massachusetts Attendance and Truancy Report, 1987-1988 (June 1990) indicates that Avon has among the lowest statewide truancy rates. Compared to the average rate for other similar communities of 2.4%, Avon had only a 0.8% rate of truancy. The following chart represents the data by level of school:

	Elementary	Middle/ Jr. High	High School	Total
Similar Communities	0.1%	1.8%	5.6%	2.4%
Avon	0.8%	0.6%	1.2%	0.8%

### Facilities

In the past three years, there have been marked improvements in the physical condition of the Avon Public Schools. Approximately \$450,000 has been spent in improving the facilities. The total value of the improvements is approximately \$500,000 due to the fact that a number of the projects were accomplished by free labor or grant income. The improvements include the reopening of the East Wing of the Middle-High School building, removal of asbestos, and the purchase of fire and smoke alarm systems. While there are some needed improvements that, due to the expense, cannot be taken out the regular budget (e.g. roof replacement on both the Butler and Middle-High School buildings), significant steps have been taken in the improvement of school facilities.

#### Non-Resident Tuition-In Program

NOTE: This section was written before the advent of the Choice program initiated by the Commonwealth of Massachusetts. We understand that the Avon School Committee reluctantly agreed to enter into the Choice program because its Tuition-In Program was working well. The Commonwealth, however, would not permit Avon to maintain its own Tuition-In Program if it did not adopt the provisions of the Choice program. This Committee has decided not to change this following section despite its having been superseded by the Choice program.

The RSDPC has reviewed the development of the Non-Resident Tuition-In Program adopted by the Avon School Committee in the summer of 1988. The Avon Public Schools have, in a short time and with very limited publicity, attracted a significant number of students from surrounding communities. At present, the Avon Public Schools have accepted approximately sixty (60) non-resident students whose families pay \$1,500 per year in tuition.

The students are admitted only after their records are carefully reviewed by the Administration and both the students and their parents are interviewed. The recommendations of the Administration are brought before the School Committee which retains final approval authority. The School Committee has established three criteria for admittance to and continuance in the Avon Public Schools. First, the student must be acceptable academically. Second, the student must not be a discipline problem. Third, the student must conform to Avon's attendance policy. In reviewing each student's progress, they are assessed on the same basis as Avon-resident students unless the School Committee establishes more stringent guidelines in particular cases.

The funds collected in tuition payments are deposited in a special revolving account. By state law the funds must be

used in support of costs associated with the provision of non-resident student education. In general, these funds have been used to offset in a proportional manner costs of general educational programs that are available to non-resident students. In reviewing the income and costs of the program, the RSDPC finds that the program is self-sustaining and does not cost the taxpayers of Avon any money.

The advantages of the program are (1) it is financially self-sustaining, (2) it brings to Avon students from different communities who expose Avon students to new and diverse experiences, and (3) it supplements the presently small numbers in order to maintain the high school grades as a viable program until the trend in Avon student population turns around.

The Program has been so successful that the School Committee has recently adopted new guidelines which limit the percentage of non-resident students in any grade to 50% and to 50% of all students in the Avon Public Schools. This change was made to preserve the basic Avon character of the public schools. It should be noted that if Avon were to enter into a regional system with any other town or towns, Avon's students would be a small minority in any regional system.

#### Summary

The RSDPC attempted to look at all facets of the Avon Public Schools. Our findings are (1) they are in excellent physical condition (except for the roof problems noted previously), (2) the students are given a comprehensive education that prepares them well for their future endeavors, (3) there are opportunities to participate in extracurricular activities that may not be present in a larger regional system due to competition for a given number of openings in any activity, and (4) there are no areas in which a regional system would significantly improve the quality of the educational experience for Avon students.

## Conclusion regarding regionalization of the schools

The philosophy of this committee was to review the implications of regionalization for the Avon schools. Simultaneously, we began to form strategies for negotiating district governance while prospecting for appropriate candidate towns for such a joint venture, if we determined that direction would be best for the town.

To that end we contacted experts in the field and candidate school systems. Abington had tabled consideration of regionalization. Holbrook emerged as our only candidate.

The political experience of E. Bridgewater and W. Bridgewater did not bode well for the acceptance of a regional structure without a large popular approval.

Peter Murphy, Director of Regional Schools, reported that current regions were being level funded. Incentive money for new school regions to form and transportation money for new regions was not available for the foreseeable future. Mr. Murphy admonished us that the only criteria considered legitimate in forming a region would be curriculum improvement.

The Holbrook RSDPC showed no inclination from its position of one man- one vote representation regarding governance of a potential school district.

The Massachusetts Assessment of Educational Progress test showed that Avon has a wider and deeper curriculum of studies than the surrounding towns.

The current status of the Avon schools is conducive to the development of individual student self-esteem and academic success through a wide variety of activities and subject matter.

Given the ongoing success of the Avon public schools, the adoption of the Avon School Committee of the state choice program, and the consequent million dollars earned under the state plan; no economic gain could be achieved by entering a region for an apportioned share totalling \$772,000. To sacrifice our autonomy to become the "weaker sister" in a region with no incentive money is absurd. We unanimously reject forming a regional school!

Town of Abington  
Abington, MA 02351

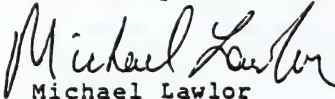

October 10, 1989

Dear Sir/Madam:

The Town of Avon has recently established a Regional School District Planning Committee under the authority of Chapter 71, Section 14 of the the General Laws of the Commonwealth.

That Committee has requested me as Chairman to inquire of neighboring communities their interest in establishing a regional school district with Avon. For your convenience, we will follow up on this letter with a call to determine if there might be any interest in your community in pursuing such a project.

Sincerely,

A handwritten signature in cursive script, reading "Michael Lawlor".

Dear Peter:

Mr. Michael Lawler of Avon called the school department's office as a follow-up to his letter regarding Regionalization possibilities and/or other creative ways to fiscally support education.

I referred him to you and suggested that you would call him. I explained that the matter is presently tabled.

Mr. Lawler's telephone number is: (617) 522-3700, ext. 165.

Best regards,

Dear Sir/Madam:

The Town of Avon has established a Regional School District Planning Committee for the purpose of studying the feasibility of entering into a regional school district with a neighboring community. The Committee has asked me, as Chairman, to request certain information from your Board as a part of our overall effort to completely research this issue.

The information we need is as follows:

1. The number of new housing starts in your town for each of the past five years.
2. The types of housing being built (e.g. single family, condominiums, low/medium/high rent apartment complexes).
3. The potential for future growth over the next few years by types of housing.

The requested information will be important to this Committee's efforts. Your consideration of this request would be appreciated. I look forward to your response.

Sincerely,

Michael Lawlor  
Chairman, Avon Regional School  
District Planning Committee

## Office of the Planning Board

---

Holbrook, Massachusetts 02343 767-4312

December 7, 1989

Mr. Michael Lawlor, Chairman  
Avon Regional School District  
Planning Committee  
24 West High Street  
Avon, Massachusetts 02322

Dear Mr. Lawlor:

We apologize for the tardiness in responding to your letter of October 17, 1989, in which you requested the following information relative to future growth in the Town of Holbrook:

Number of housing starts for each of the past five years and types of housing being built:

1984

13 single-family dwellings

1985

20 single-family dwellings

10 apartment complexes (7 of which comprise Ramblewood Apartments, a combination of market rate and subsidized housing)

1986

25 single-family dwellings

1987

24 single-family dwellings

1988

19 single-family dwellings

1989 (to date)

5 single-family dwellings

December 7, 1989

Based upon the current subdivisions and proposals known to the planning board at this time, an estimated 40-50 single-family homes can be expected within the next five years as potential growth in residential housing.

A parcel of land on Union Street, to the rear of Wright Brothers Bowling Alley, was rezoned to Residential IV (approved at the 1988 Annual Town Meeting), which would allow for the development of any type of multiple unit housing, i.e. apartments, condominiums, etc. However, no specific proposal has been brought to the planning board as yet.

The planning board met on November 2, 1989, with Holbrook's Elementary Space Needs Committee and discussed development of the town in relation to the space needs of the public schools. They were given essentially the same information as we are presenting to you.

If we may be of further assistance in this matter, please do not hesitate to contact us.

Very truly yours,

THE HOLBROOK PLANNING BOARD:

William H. Pritchard, Chairman

SUBJECT: Formation/Expansion of Academic Regional School Districts

A number of questions have been raised recently concerning the implementation of the Board of Education's policy on regional school districts.

Please advise your staff that we will continue to assist school districts in their efforts to form new or expand existing academic regional school districts under Chapter 71, S.16D. In the next several months we will evaluate our criteria for reviewing regional school district proposals. It is important that staff, in their discussions with school officials, inform them of potential funding problems in FY91 and in later years, including the possibility that entitlements may be prorated or not funded at all.

It does not appear likely that funding for new regional "buy-in" agreements under Chapter 645 will be available in FY91. Three (3) agreements approved in FY89 were not fully funded this year. School officials interested in expanding membership in a regional school district should be informed of this situation.

# SPECIAL TOWN MEETING

November 17, 1992

Moderator Frank Staffier called the meeting to order at 7:30 p.m. and recessed until a quorum was reached at 7:53 p.m. when a total of 109 registered voters had checked into the meeting.

Moderator Staffier introduced Michael Morrissey, State Senator Elect. Senator Morrissey was elected on November 3, 1992 to fill the vacancy created when Senator Paul Harold chose not to run for the position.

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to allow James Toomey, Counsel for the School Committee to be seated in the voting section and speak on issues concerning the School line items.

Moderator Staffier called for Article 1.

## ARTICLE 1:

A motion was made and seconded to reduce the amounts in the following line items that were appropriated by Article 3 at the Annual Town Meeting of May 5, 1992 as indicated below.

<i>Line Item</i>	<i>Original Budget</i>	<i>Reduction</i>	<i>New Budget</i>
#1226 Fin Com Reserve	\$ 75,000.	\$ 10,000.	\$ 65,000.
#1304A Maint. Util. Bldg. B	9,600.	1,000.	8,600.
#3061 Waste Incineration	145,000.	18,000.	127,000.**
#5030 Veterans' Benefits	15,000.	5,000.	10,000.
#1230 Clerical Salaries	115,620.	2,000.	113,620.**
#2012 Pol. Sal. Non-Union	6,450.	1,300.	5,150.
#1031 F.D. Sal., Assoc.	275,000.	6,000.	269,000.**
#2031A F.D. Sal., F. Time	67,890.	1,800.	66,090.**
#2060 Disp., Sal., Union	104,538.	800.	103,738.**
#2061 Disp. Sal., Non-Union	31,209.	6,600.	24,609.
#4011 Hwy. Salary, Union	88,000.	2,700.	85,300.**
#6000 School Oper. Exp.	3,070,000.	26,800.	3,043,200.**
#9211 Water Salary, Union	88,000.	4,000.	84,000.

A motion was made and seconded to reduce the line items according to the article where there is no pass called. This motion was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY**.

After discussion of each line item those having passes called against them were reduced according to the article. Line items passes are indicated by asterisks. The passes failed and the new budget was voted in the affirmative by the majority.

## ARTICLE 2:

A motion was made and seconded and it was **VOTED IN THE**

**AFFIRMATIVE BY UNANIMOUS VOTE** to approve the transfer of a portion of Town property contiguous to the property of Antonio Derienzo, 19 Bartlett St., in exchange for a comparable portion of his property such that a foot path between the Avon Public Library and the Town Hall parking lot can be established.

**ARTICLE 2:**

**VOTED IN THE AFFIRMATIVE BY UNANIMOUS VOTE.**

**ARTICLE 3:**

To see if the Town will vote to amend the Town of Avon, Massachusetts Zoning By-law and Map adopted May 17, 1977 as follows: Add to Section III "Establishment of Zoning Districts", Paragraph 3-1 "Division into Districts" a seventh zoning district whose full name is "Commercial" and whose short name is "C", and change the first sentence in said section to reflect seven zoning districts. This Commercial Zoning District is to have the same dimensional and density regulations that are assigned for the Industrial Zoning District and this amendment be added to Section 6-4, "Dimensional and Density Regulations Table".

The permitted uses for the Commercial Zoning District are identical to those permitted in the Business Zoning District, or take any other action in relation thereto.

**ARTICLE 3:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY UNANIMOUS VOTE** to amend the Town of Avon, Massachusetts Zoning By-law and Map adopted May 17, 1977 as follows:

Add Section III "Establishment of Zoning Districts", Paragraph 3-1 "Division into Districts" a seventh zoning district whose full name is "Commercial" and whose short name is "C", and change the first sentence in said section to reflect seven zoning districts. This Commercial Zoning District is to have the same dimensional and density regulations that are assigned for the Industrial Zoning District and this amendment be added to Section 6-4, "Dimensional and Density Regulations Table and same use regulations as Business District (B) and added to Section 5-3."

The permitted uses for the Commercial Zoning District are identical to those permitted in the Business Zoning District.

**ARTICLE 3: VOTED IN THE AFFIRMATIVE AS AMENDED BY UNANIMOUS VOTE.**

**ARTICLE 4:**

To see if the Town will vote to amend the Town of Avon Massachusetts Zoning Map dated May 17, 1977 as follows:

Change the Zoning Use Designation of all land bounded by Route 24, Dykeman Way and the Town of Stoughton from a Business District to Commercial Zoning, or take any other action relation thereto.

**ARTICLE 4:**

A motion was made and seconded to amend the Town of Avon, Massachusetts Zoning Map dated May 17, 1977 as follows:

Change the Zoning Use Designation of all land bounded by Route 24, Dykeman Way, Harrison Blvd. and the Town of Stoughton from Business District to a Commercial District.

**ARTICLE 4: VOTED IN THE AFFIRMATIVE AS AMENDED BY UNANIMOUS. VOTE.**

# REPORT OF THE TOWN TREASURER

To the Honorable Citizens of the Town of Avon:

The following report of the Town Treasurer is herewith submitted as of December 31, 1992. This report will include statistics compiled on a fiscal year basis as well as calendar year information.

## CASH MANAGEMENT REPORT FISCAL YEAR ENDING JUNE 30, 1992

Book balance at end of month:	Non-Interest checking	Interest Bearing	Money Markets	Totals
Balance				
June 30, 1991				880,049.
Quarter ending				
September 30, 1991	\$2,205.	\$16,048	\$1,453,657.	\$1,471,910.
December 31, 1991	1,156.	(154,397.)	1,458,835.	1,305,594.
March 31, 1992	1,156.	149,270.	527,412.	677,838.
June 30, 1992	1,156.	31,571.	1,662,828.	1,695,555.
Totals:	5,673.	42,491.	5,102,731.	5,150,896.
Average Balance	1,418.	10,623.	1,275,683.	1,287,724.
% of Bank and investment income on above accounts.				.044%
Interest earned on above accounts:				\$57,012.
Interest earned on Trust Funds:				22,376.
<b>Total interest earned FY 91-92:</b>				<b>\$79,387.</b>

The effects of limited taxation coupled with the increases experienced in fixed costs and inflation, have caused the town to use the town's "Free cash" to maintain a minimum level of services. The reduction in the available cash flow has caused the treasurer to borrow in anticipation of taxes. This is necessary to operate the town from July 1 of the new fiscal year, until the first taxes are paid. This procedure in turn requires the town spend additional monies to simply pay bills and payrolls.

The interest rates earned on investment of your cash has been declining over the past decade. The chart submitted below shows the effect of the reduction in interest rates beginning with a high prime rate of 20.32% in 1981 to a low of 6.00% in 1992. 1989 saw a decrease in surplus revenue as well as completion of projects which had added to the cash flow during the peak years. At this time interest on investments realizes a maximum of 3.00 to 3.75%

On a more positive note the "90s" should see an increase in the tax base, as well as action by the legislature to give relief to towns for the fixed costs assessed to them, such as Medical Insurance and Pension liabilities.

I would like to thank all elected and appointed department heads who help the Town Treasurer keep the cash of the town liquid by notifying me in advance of large pending expenditures. This allows the treasurer to provide the funds necessary to pay the bills and payrolls of all departments.

I would like to extend a special thank you to Virginia Fontana, Town Accountant, and to Jean Kopke of the clerical pool who is assigned to the clerical tasks in the Treasurer's office.

Respectfully submitted,

Lorraine E. Meninno, CMC  
*Town Clerk & Town Treasurer*

## REPORT OF THE FINANCE COMMITTEE

To the Citizens of Avon:

The Finance Committee has incorporated a few changes in its operations over the past year.

The most visible has been the introduction of a quarterly Finance Committee Informational Report that is being sent to every household in Avon. The report provides information on financial affairs, budget items, and other related aspects of town government. Reports were sent in January, April, and October.

A second change has reduced the cost of delivery of the Warrant and Finance Committee Report for the Annual Town Meeting. Formerly hand-delivered, this document is now being mailed to all residents.

In fiscal year 1992, the Finance Committee approved twenty-three transfer requests for funds from its Reserve Account. The total of funds transferred for the year was \$38,015.29; the remaining \$27,636.71 was returned to general revenue.

We would like to thank our secretary, Barbara Littlefield, for her efforts throughout the year and to Linda Murray for her help in preparing the Finance Committee Report for the Annual Town Meeting.

Respectfully submitted,

Roland Blanchette, *Chair*  
Charles Comeau, *Vice-Chair*

# REPORT OF THE TAX COLLECTOR

To the Honorable Board of Selectmen and the taxpayers of the Town of Avon:

This past year has shown some improvement in the percentage of taxes being paid on time. The most recent tax bill this fall exceeded 90% collected by the due date.

This office has aggressively been pursuing back taxes by using Tax Title takings. Even though this method is difficult to implement, it is the most effective tool we have.

My thanks to all of the departments of the town that I work with and particularly the fine work of Mary Lou Flanigan, the Secretarial Pool Coordinator.

Respectfully submitted,

Francis X. Gill  
Tax Collector

## TAX COLLECTOR JULY 1, 1991 to JUNE 30, 1992

**FEES AND REIMBURSEMENTS COLLECTED ..... \$7,312.18**

**AMBULANCE RECEIPTS ..... \$43,522.21**

The Avon Fire Department currently has 26 members. There are 24 certified E.M.T.'s at various levels of training.

The new ambulance was delivered in September and put into service immediately upon arrival. It is a heavy duty vehicle and larger than the previous one which allows for the expansion of advanced equipment. I would like to thank all the officers and firefighters who spent many hours of research into the specifications for this vehicle.

In October, the firefighters sponsored a poster contest in grades K to 4 for fire prevention week. An open house was held at the fire station and on display were the posters, the new ambulance, various equipment, and firefighter demonstrations, such as high angle rescue and extrication techniques. It was well attended by residents and also included a special visit from Smokey The Bear.

It is hoped that funds will be received from the federal disaster declaration to offset expenses occurred from the snowstorm in December. The storm wrecked havoc with the fire alarm system throughout the town, and as of this time, replacement and repairs are ongoing. The officers and firefighters of this department did a superb job of assisting and responding to residents. There were 47 calls for wires down, 62 flooded cellars that were pumped, 4 fire alarms, and 2 medical emergencies. During the start of the storm, mutual aid coverage was requested from Brockton. While on that coverage, Avon responded to a working house fire in Brockton.

I would like to note that the condition of Engine 1 has been deteriorating in spite of regular preventative maintenance, and will need refurbishing in the near future.

I would like to thank all the Town Boards, in particular, the Board of Selectmen, Building Inspector, Water Department and Board of Health for their cooperation this past year.

Respectfully submitted,

Jackson G. Macomber  
*Fire Chief*

# **REPORT OF THE POLICE DEPARTMENT**

To the Honorable Board of Selectmen:

We had a record number of calls for assistance during the past year, and we are very pleased that we are able to provide services for our residents that mostly all other police departments have had to discontinue.

We have increased the patrols and visibility of our officers as much as our budget allows.

Funds for training have been real short, but the training of our officers has continued so that we have been able to keep up with at least the mandatory courses.

This training is very important for the officer's safety and to lessen the liability to the town.

Although housebreaks and motor vehicle accidents remain about the same here in Avon, I think that with all that is going on around us that it is a tribute to our officers and residents that we are able to maintain control over these offenses.

We had some significant drug arrests and convictions this year. The message that we want to convey is that we will not tolerate drug dealing in this town.

A Sergeant's position remains vacant and due to the transfer of a patrolman at the end of the year, a patrolman's position remains unfilled also.

We have replaced radio equipment in the past, but to my knowledge the radio system has never been updated. We are now at a point where our antiquated system poses a very serious threat to our citizens and our officers.

There are locations in town where the radio signal does not transmit or receive at all.

We have had many perilous situations due to the fact that the radio system is inadequate.

The time has come when one of our priorities must be to update our base station and radio equipment.

Our computer record keeping system has had many problems throughout the year and the only solution is new equipment to replace what we have now.

We are in the process of completing a new computer program and this along with updated equipment should take care of our needs.

I would like to reassure the citizens of Avon, that we have been doing all that is possible to run this department in a cost effective manner without compromising the safety and welfare of the residents.

Please continue to call us for anything that is suspicious or unusual, as this information is very valuable to us.

It is because of the cooperation and dedication of many individuals and town departments, that you have a Police Department that you can be proud of.

Respectfully submitted,

Robert R. Geary  
*Chief of Police*

## REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen:

The following is the report of the Building Inspector for the period from January, 1992 through December, 1992.

There were 103 permits issued in 1992. They included the following:

Permits	Purpose	Valuation
2	New Industrial Structures	\$ 666,000.
33	Residential Alterations	193,275.
22	Bus./Indus. Alterations	763,708.
1	Residential Garages	18,000.
8	Barns/Sheds	8,150.
4	Decks/Swimming Pools	16,900.
33	Various Permits: Stoves, Signs, Vinyl Siding, Fences, Occupancy Permits, Foundations for Indus./Res. & Permit re-issues	
<hr/> 103		<hr/> \$1,733,483.

The sum of \$18,105. was collected for all types of permits and certificate of inspections, and turned over to the Town Treasurer.

I wish to thank the Alternate Building Inspector Paul Tolson, the Wire Inspector, the Fire Chief and all the Town Office Personnel for their cooperation.

Respectfully submitted,

Robert J. Mottau  
*Building Inspector*

## REPORT OF THE PLUMBING INSPECTOR

To the Honorable Board of Selectmen:

The following is my report for plumbing permits issued from January to December, 1992:

Permits Issued .....	109
Total Fees Collected .....	\$2,080.00

Respectfully submitted,

Alexander Campbell  
*Plumbing Inspector*

## REPORT OF THE GAS INSPECTOR

To the Honorable Board of Selectmen:

The following is my report for gas permits issued from January to December, 1992:

Permits Issued .....	81
Total Fees Collected .....	\$1,134.00

I would like to thank the Alternate Gas Inspector, Joseph Donovan, the Town Clerk's Office, the Fire Chief, Jackson Macomber and the Building Department for their cooperation and help.

Respectfully submitted,

Alexander Campbell  
*Gas Inspector*

## REPORT OF THE WIRE INSPECTOR

To the Honorable Board of Selectmen:

The following is my report for electrical permits issued from January to December, 1992:

Permits Issued .....	88
Total Fees Collected .....	\$3,569.00

I wish to thank the Alternate Wire Inspector, Dennis Collum, the Town Clerk's Office, Fire Chief Jackson Macomber, the Building Inspector for their cooperation this past year.

Respectfully submitted,

John J. Lee  
*Wire Inspector*

## **REPORT OF THE LOCAL EMERGENCY PLANNING COMMITTEE**

The Committee has continued to monitor and upgrade the Fire Department's hazardous materials trailers.

The Committee, in conjunction with the Civil Defense Committee and the Fire Department, has upgraded information regarding capacities and facilities of the school buildings in case the Town is involved with an evacuation of an area.

Members of the Committee have also organized information regarding hazardous materials in town and have provided input relating to our town's needs if a major hazardous materials event occurs. Their time and efforts are appreciated.

Respectfully submitted,

L.E.P.C. Members

Justin G. Cronin, *Chairman*

Selectman William Enright

Selectman James Geary

Selectman John DeMarco

Fire Chief Jackson Macomber

Police Chief Robert Geary

Gerald Picardi, Board of Health

Patricia Vallon, Police & Fire Dispatcher

Richard Mercuri, Avon Firefighter

Barbara Beck Ramsay, Newspaper Correspondent

Edward Williams, Member at Large

## REPORT OF THE AVON CIVIL DEFENSE

On May, 11, 1992 in conjunction with both the fire and police, an actual drill was performed simulating an ammonia release at the condyne freezer plant, in the Avon Industrial Park. The drill helped the committee to be better prepared. Emergency Communications and notification, media involvement, security and identification at the operations center were found to need improvement. These issues have been dealt with throughout the year.

Another tabletop drill was conducted on July 29th, 1992 involving a simulated hurricane. A simulation included the E.O.C. fully operational, with 25 people in school shelters, with 3/4 of the town with power, and less than 1/2 the streets passable. It gave a chance for the committee to make simulated emergency communication, and make any necessary changes.

The hurricane on Dec. 11, 1992 caused town damage to streets, drains, fire alarm lines and related equipment. Preliminary estimates are in excess of \$30,000. The state has declared this storm as a disaster and claims are being made by Civil Defense.

The update of the town's comprehensive Emergency Management Plan [C.E.M.] has been finalized and has been sent to the state where they will update our present records and return copies. Communication improvements include a purchase of an additional portable and scanner radio, so that better communication can be obtained from the scene of an incident and given to townspeople. The committee is currently working on further improving emergency communication through radio and T.V.

Civil Defense has annually updated chemical reference texts so that accurate information is readily available, should a spill or release occur. Major transportation routes such as Routes 24 and 28 carry on a daily basis, thousands of unknown quantities of potentially hazardous materials (including radiological).

The state is now calling Civil Defense, Massachusetts Emergency Management Agency to better reflect the job it does. We would like, in the future, to be recognized as Avon Emergency Management Agency for the same reason.

Respectfully submitted,  
Justin G. Cronin  
*Civil Defense Director*

Carl Fischer  
*Deputy Director*

## REPORT OF THE BOARD OF HEALTH

The Avon Board of Health is pleased to submit its report for the Calendar Year 1992.

The Solid Waste bans imposed by the state have greatly reduced the amount of trash being dumped in the landfill. The cooperation of Avon residents in recycling is greatly appreciated. The town now has a compost site for leaves and brush, and a recycling drop-off site at the Town Offices for newspapers, cans, bottles and plastics. We have contracted for curbside pick up of metals and white goods four times a year. The contract with the BFI East Bridgewater landfill requires them to hold a hazardous waste drop off twice a year.

There were no new construction residential sanitary disposal permits issued in 1992, however, there were 22 permits for repairs and two permits for commercial construction issued.

The Board of Health has continued to sponsor the monthly Blood Pressure Clinic at the Council on Aging and has started a Mammography Testing. Mobile Diagnostics sets up their van at the Town Offices twice a year to detect breast cancer in the early stages, while it is 100% curable.

The Board continued to monitor the effect of the Aids epidemic on the community and thanks the School Board for their cooperation in educating our children about the dangers of this deadly disease. The Health Agent, with the help of the Brockton Visiting Nurse Association, is in continuous surveillance of all reportable Communicable Diseases.

The Board would like to acknowledge the Building Inspector, Water Superintendent, Fire Chief and Police Chief for their assistance during the year and the cooperation of all town employees and their respective departments.

Respectfully submitted,

Richard J. Mercuri, *Chairman*

Gerald E. Picardi, *Clerk*

Thomas J. Grenham, *Associate Member*

# REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective, and economically feasible.

All mosquito eggs need water to hatch to sustain larval growth.

**Source Reduction Work:** Our primary efforts are concentrated on the drainage of shallow, standing, stagnant water, and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage Ditches Cleaned	2,875 feet
Brush Obstructing Ditches Cut	665 feet

**Larviciding:** Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Larvicide by backpack/Briquets/mistblowers	79 acres
Catch basin larvicide application	299 count

**Adulticiding:** The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying, or threatening to residents.

Adulticide U.L.V. from trucks	307 acres
-------------------------------	-----------

Surveys, inspections, and monitoring in support of our program include locating and mapping breeding areas, larval and adult collections, and field work evaluations leading to better drainage.

The project received 27 calls from residents for information and assistance.

Respectfully submitted,

John J. Smith  
*Superintendent*

## **REPORT OF THE PLANNING BOARD**

To the Honorable Board of Selectmen:

The following is the annual report of the Avon Planning Board.

The Planning Board has continued to work with the Old Colony Planning Council to update the Town's Master Plan.

Updating of the Town's Zoning Map Continues.

We have worked closely with F.X. Messina as they continue to develop the Avon Corporate Center.

A new site plan review procedure was supported and passed at the Annual Town Meeting.

Hearings were held for Home Depot and Modification to Stockwell Dr.

Most subdivisions remained inactive this year except Avon Corporate Center, which continues to expand.

The Board continues to review residential additions for Zoning compliance.

The Board held hearings and supported the Re-zoning of the Stockwell Dr. area from Industrial to Commercial.

The Board would like to urge all residents to become familiar with Zoning Regulations in order to expedite the process of adding structures to their residences.

In conclusion the Avon Planning Board will continue to carefully review all materials presented to us keeping in mind the standards of the law and the quality of life enjoyed by the residents of Avon.

Respectfully submitted,

Robert Pillarella, *Chairman*  
Paul Whittall, *Vice Chairman*  
Matthew Curley, *Clerk*  
Steven Rose, *Member*  
Daniel Condon, *Member*

## **REPORT OF THE OLD COLONY PLANNING COUNCIL**

To the Honorable Board of Selectmen and Citizens of the Town of Avon:

As your representatives to the Old Colony Planning Council, we are pleased to present this report on behalf of the Council for 1992.

This year, the Council launched a major initiative to conduct a series of forums on the topic of Regionalism for local elected officials and the members of the general public. The Council is supported in this effort by the Martin Institute of Stonehill College and other state, regional and county organizations. The thrust of the three forums is to increase awareness of what the options are in providing governmental services on an areawide basis; what cost savings can be expected through inter-municipal cooperation; and, what alternative governmental structures are appropriate for consideration in Southeastern Massachusetts. These and other questions are expected to be considered as the Regionalism forums are held.

In 1992, the Old Colony Planning Council continued to serve as the designated organization for: elder services planning and programming in its responsibilities as the Area Agency on Aging (AAA); as the Metropolitan Planning Organization (MPO) for Transportation and Transit Planning; and, as an Economic Development District (EDD) in coordinating strategies to improve the area's economic conditions. We are proud to report that the Old Colony Planning Council has the distinction of being the only regional council in New England to hold all of these official designations at the same time. In addition to these designated responsibilities, the Council is the authorized by state statute as the regional planning agency to be concerned with a wide variety of areawide and inter-municipal concerns as they pertain to the physical, social and economic development of the District. The Council also assists its members municipalities with technical planning assistance, grant application preparation assistance and with information on local and regional trends by maintaining current socio-economic data.

The Old Colony Planning Council District includes fifteen communities for general planning purposes consisting of the City of Brockton and the fourteen towns of: Abington, Avon, Bridgewater, East Bridgewater, Easton, Halifax, Hanson, Kingston, Pembroke, Plymouth, Plympton, Stoughton, West Bridgewater and Whitman. As the Area Agency on Aging, the Council serves a twenty-three community area, which, in addition to the regular planning district, includes the eight communities of Carver, Duxbury, Hanover, Lakeville, Marshfield, Middleborough, Rockland and Wareham.

Each municipality is represented on the Council by one delegate and one alternate delegate. The Council members establish policy, develop the work program, employ the professional staff and determine the activities of the Council to be carried out by the staff. The Council meets on the last Wednesday of each month at 8:00 P.M. in the Council offices located at 70 School Street, Brockton, MA.

In 1992, the Council re-elected John F. Lenox of Plymouth as President of OCPC; James A. Kassos of Brockton as Council Secretary; and, John G. Mather of Halifax as Council Treasurer.

The Council gratefully acknowledges the generous support and cooperation of its member communities, the participation and involvement of members of the Joint Transportation Committee chaired by Mr. Stephen Baker; the Overall Economic Development Committee chaired by Mr. Joseph Joseph; and the Area Agency on Aging Advisory Committee chaired by Ms. Delores Kent. The Council also recognizes the work of local boards and commissions and the government agencies, public and private institutions and individuals who assisted the Council.

Respectfully submitted,

John J. DeMarco, *Delegate*  
Robert Pillarella, *Alternate*

## **REPORT OF THE BOARD OF WATER COMMISSIONERS**

To the Honorable Board of Selectmen and the Residents of Avon:

This past year, the Water Commissioners were very pleased to institute more safeguards, and improvements to our water supply, and we have noted improvements in our water quality. The CROSS CONNECTION CONTROL PROGRAM 310CMR 22.22 of SWDA (Safe Water Drinking Act) is over 98% completed, adding greater safety to our water system. We are continuing to acquire more land in the water protection zone near the town's water supply wells. We also began testing for the USEPA (Environmental Protection Agency) Copper and Lead Rule, Ground Water Surface Water Rule, and the Phase Two Rule multiple tests for Volatile, and Synthetic Organics.

During the past year, we again noticed that most of the water main breaks occurred in the Eastern section of town where the 100 year old mains, and hydrants are. We, along with the residents of those streets are aware that these mains and services must be replaced in the very near future. We are taking steps to assure that this is being taken care of.

Again, the Commissioners wish to commend the water takers of the town for their conservation efforts. The Commissioners also wish to thank the town boards, Water Superintendent, and the Water Department men for there good work during the past year.

Respectfully submitted,

Charles H. Linfield, *Chairman*

Walter L. Puckett, *Clerk*

Eugene F. Guilbault, *Associate*

# **REPORT OF THE SUPERINTENDENT OF THE WATER DEPARTMENT**

Gentlemen:

I hereby submit for your consideration the 103rd Annual Report for the year ending December 31, 1992.

During the past year, 1,250 l.f. of 8 inch ductile-iron watermain was installed on Lot 2 surrounding two buildings consisting of four units. The work included 2 connections to existing 12 inch D.I. water main in Stockwell Drive (2 locations), installation of five fire hydrants, four 1 inch service lines and an 8 inch fire service connection.

Last year there were many leaks and breaks that occurred all in the old parts of the water system where most of the mains are 102 years old or more. There was a water main break at the intersection of Pond Street and Harrison Boulevard that was an 8 inch cast iron type main.

What should be noted is that most all of the major leaks and repairs are occurring in these old pipes which are a good indication that the older part of the water system is failing. The repair costs are becoming more expensive as time goes on and with the budget cuts for the last 2 years have caused some difficulty in other maintenance programs.

Last year 51 new meters were installed including Commercial and Industrial larger type meters. As part of our system maintenance program, we continue to check, paint, lube and repair all hydrants as needed. During the winter months, hydrants are checked more frequently.

Scheduled maintenance to our #4 pumping station was done early last Spring. This consisted of surging, cleaning and a new pump installed with good results.

A Sanitary Survey was done by the State Department of Environmental Protection of all water department pumping stations and facilities were inspected with very good results.

The Water Department is complying with all the new regulations mandated by the U.S.E.P.A. Safe Drinking Water Act. (S.D.W.A.)

Last October all of the pumping stations large meters have been calibrated and are accurate.

## 1992 PUMPING STATISTICS

MONTH	GALLONS
January	13,978,910
February	12,882,170

## REPORT OF THE CONSERVATION OFFICER

To the Honorable Board of Selectmen:

The year 1992 was again very busy. The caseload was heavier than 1992. Examples of this caseload are (4) Notices of Intent public hearings, (5) determination public hearings and numerous meetings with town, state and neighboring town officials.

This does not include our regular twice a month meeting and various day to day routine investigations and site checks. It should be noted at this time that it now appears there will be some important projects early in 1993. One project, in particular, will be the former site of the Avon Drive-In.

A comment on our "Town of Avon Wetlands Protection Bylaw". By passing this bylaw, you, the citizens of Avon, has saved the Town thousands of tax dollars by passing the cost of engineering on to the developer.

The Conservation Commission and the Water Commission still share the joint cost of monthly water testing. This testing is very important.

I would request all Town residents be aware of illegal waste or fill, trash disposal and wetlands violations. Pollution, flooding and health hazards effect all of us. The protection of our water supply and wetlands are important to all.

I would like to thank all Town Departments and residents and last but not least, the members of the Conservation Commission for their cooperation and support in carrying out my duties as your Conservation Officer.

Respectfully submitted,

Eugene F. Guilbault  
*Conservation Officer*

# REPORT OF THE CONSERVATION COMMISSION

To the Honorable Board of Selectmen:

We, the members of the Conservation Commission, submit our Annual Report for the year ending 1992.

The years prior to 1992 have been very busy and productive for the commission but 1992 was the busiest and most productive year ever. We have been involved in many public hearings, determination public hearings, regular monthly meetings and on site inspections. These projects involved not only working with our own Town Officials but also with officials from neighboring towns. Now that we have a working "Avon Wetlands Protection Bylaw", the burden of paying for engineering expertise has been removed from, you, the taxpayer. The bylaw is saving the Town many thousands of dollars.

The Commission still feels the purchase of land to protect our public water supply is of paramount importance. A good example of your Commission backing its commitment to our public water supply was the purchase of a very sensitive parcel of land located on Argyle Avenue. We thank the residents of Avon for their support of this purchase.

Over the years, the Commission has made progress in investigating, assessing and clearing up potential hazardous sites before they could become detrimental to our Town. There is a site being tested now and it is well under control. We are working with the DEP, EPA and other Avon Town Boards on these projects and will continue to do so.

We would like to thank all Town departments and the residents of Avon for their continued support, interest and cooperation.

Respectfully,

E. Guilbault, *Chairman*

B. Lane, *Vice Chairman*

A. Cartullo

P. Bouchie

P. Guilbault, *Secretary/Treasurer*

# **REPORT OF THE HIGHWAY DEPARTMENT**

To the Honorable Board of Selectmen:

## **Highway Maintenance:**

All surfaced streets and sidewalks were cleaned and patched. The unsurfaced streets and shoulders were regradeled and regraded as needed.

Avon Square was cleaned weekly and litter containers were emptied bi-weekly.

Street and traffic sign posts were painted and straightened. Many street and traffic signs, also posts were renewed.

Stop Lines were painted at various intersections. School panels were painted on Pond Street, South Street and West Main Street. Traffic Center Lines were painted on Page Street, Pond Street, South Street and West Main Street.

Equipment was kept serviced, repaired and painted by the department.

Old Cemeteries on East Main Street and Page Street, in addition to Moses Curtis Park in Avon Center, were kept mowed and trimmed.

On the corner of West Main Street and Harrison Boulevard, flowers were planted, kept weeded and watered by the department.

Guard rails were repaired and painted.

Brush and grass was cut and trimmed along roadside edges, intersections and around street and traffic signs throughout the town.

Litter was removed from roadside areas at different intervals during the year as time allowed.

All catch basins and manholes were cleaned and inspected, also repaired and snaked as needed.

With lack of funds there were no major road repairs this year.

## **General Drainage:**

Drainage repair work was done on Gill Street. Brooks throughout the town were maintained as time and funds allowed.

## **Improvement of Town Roads:**

### **State Aid and Town Funds:**

The reconstruction of West Main Street from Pond Street to South Street was started and nearly completed with new granite sidewalk curbing and sidewalk surface. The roadway surface was removed and replaced. Also improved drainage work was completed. The remainder of work will be finished early spring such as berm, loaming and seeding also driveway entrances.

**Snow Removal:**

All streets, sidewalks, school areas, Police and Fire Station, Town Hall areas were kept plowed or sanded and salted as needed. Sand barrels were placed on various hills for the convenience of those who would need sand in an emergency situation. There is a Winter Parking Ban from November 15 through April 15 of the succeeding year. This By-Law helps to make snow removal quicker, less costly and more important, a safer task of clearing streets giving immediate accessibility to motorists.

Respectfully submitted,

James F. Meninno

*Highway Superintendent*

## REPORT OF THE INDUSTRIAL DEVELOPMENT COMMISSION

To the Honorable Board of Selectmen and Residents of Avon:

This past year, the IDC worked to increase the existing advertising of the Avon Industrial Parks, East and West. We are in the process of erecting two large signs, visible from Route 24, stating the Avon Welcomes Industry.

We are also in the early stages of gathering information for Industrial Census. All of these projects were accomplished with a very limited budget. We are trying to bring Industry back to the Industrial Park East, and we wish to thank the Realtors, and Industrial leaders for the assistance they gave us. We also wish to thank the town boards for all their help and patience.

Respectfully submitted,  
Walter L. Puckett, *Chairman*  
William Fahey, *Vice Chairman*  
Daniel Condon, *Clerk*  
Linda Murray, *Secretary*  
Aaron Enright, *Associate*

## **REPORT OF THE PARK AND RECREATION COMMISSION**

To the Honorable Board of Selectmen and Residents of Avon:

The Park and Recreation Commission began 1992 with five ski trips planned. It was however a poor year for skiing and we were forced to cancel two of the trips that had been planned due to a lack of snow. The adult ski trip this year was to Bolton Valley, Vermont. Everyone who attended this trip was in agreement that this was an ideal place for a ski trip with our particular group. We plan to repeat this trip next year. We sponsored two day trips to Pats Peak, in Henniker, N.H. A smaller group than in the past attended these trips. Each trip had approx. 50 Avon residents attending and provided a wonderful opportunity for the residents to try the sport of skiing, at an affordable price.

The Summer Program this year was again in the capable hands of Lori Matta, assisted by Paul Grenham. The staff this year consisted of returning staffers, Mike Small, Lisa Grenham, and Julie Barker. They were joined by two new staff members, Robin Wahl and Jason Boggs. This program was very well attended. On many days the staff had over 100 children at the playground. When the weather cooperated the program was held at the playground on Page St. When there was rain or the threat of rain the program was held at the Recreation Center at Buckley Center but limited to those in grades K-4. In addition to the games and other playground activities an arts and crafts class was held three days each week. There were also two to three field trips planned each week. Each of these trips were planned with a different age group in mind. We would like to take this opportunity to thank Lori and her excellent staff for providing a safe and entertaining program for the youth of Avon.

We were pleased to again be able to offer our Summer Theater Program. This year the program was in the capable hands of Connie Miller-Clinton. The production chosen for this year was Rodgers and Hammerstein's "Cinderella". The production had approx. 100 youths participating in one way or another. It was an enjoyable experience both for those involved in the production and those who supported the youth by attending their summers end performance on August 27 & 28. This program is one of the most popular with both the adults and youth of Avon. We hope to be able to continue to offer this opportunity on a yearly basis.

The Recreation Center continued to be open each Friday evening 7:00-9:00 p.m. for those in grades 7 & up. The Center is coordinated by Maureen Erickson with the help of volunteer chaperones. It offers those in this age group a much needed place to meet and socialize with their peers. Maureen is to be commended for her dedication and commitment to this program. Without her unfailing commitment the center would not be able to operate. A special thanks to Barbara Eisnor who this Fall has acted as a permanent chaperone along with Maureen making it unnecessary to have to enlist the help of volunteer chaperones each week. Several improvements were made at

the Center this year. A large screen T.V. was purchased and is used each Friday evening to show movies for the enjoyment of those in attendance. New and much needed shades were purchased and a wall that had divided one of the rooms was removed. We have many plans in the offering to further improve this facility and are looking forward to accomplishing much in 1993.

Bobby McCallum was again our Park Custodian. He is responsible for the maintenance and upkeep of Noonan Field and the Page St. playground and the Bartlett St. Tennis Courts. There are several repairs planned for the playground in the spring. The parts necessary to repair the merry-go-round have arrived and we hope to get this accomplished in the early spring. We have ordered and received two new animals to replace the two that were broken at the end of this summer. We are also looking into several other improvements both to the field and the playground.

We sponsored an adult volleyball program this Fall with Terry Saunders again acting as coordinator. This program was held each Thursday evening with as many as 20 residents participating. There is no fee to join this activity and any Avon resident is welcome to join the group for an informal game of volleyball.

We again sponsored the Avon Youth Baseball program by including funds in our budget to help with purchase of equipment and the hiring of umpires for the games. Although we have had to cut back on the amount of support we can provide we are glad that we are able to help to support this very worthwhile program.

We would like to thank our bookkeeper/secretary, Jean Kopke, for coordinating the ski trips and her many other efforts on behalf of the Commission.

The Commission appreciates the support it receives from the Community and is always open to constructive ideas that will help us provide the community with the programs they need and enjoy.

Respectfully submitted,  
Silvio Mercuri, *Chairman*  
Walter Klimas  
Carl Miller Jr.  
David Walsh  
Sandra Anderson

# **REPORT OF THE OLD COLONY PLANNING COUNCIL AREA AGENCY ON AGING**

As your representatives to the Old Colony Planning Council, Area Agency on Aging Advisory Committee, we are pleased to present this report of the Area Agency's activities for 1992.

The Old Colony Planning Council Area Agency on Aging is responsible for administering Title III funds under the Older Americans Act. This federal funding has enabled the Area Agency to address the growing needs of elders in twenty-three communities in southeastern Massachusetts. Working closely with local councils on aging and other community agencies, Title III funds are combined with other resources to develop and support a broad range of in-home and community-based elder services.

During FY 1992, an estimated 13,000 elders received assistance through more than twenty-five nutrition and social service programs. The following services were funded in FY 1992 by the Area Agency:

- Senior center and outreach programs
- Home health and respite services
- In-home mental health services
- Services for deaf, blind and physically disabled elders
- Transportation services
- Legal services
- Emergency services
- Congregate and home delivered meals
- Services to families and caregivers
- Nursing home ombudsman services

The Area Agency on Aging acknowledges with gratitude the generous support and cooperation of these communities in the planning and service area, especially the local citizens who serve on the Advisory Committee chaired by Dolores Kent of Easton. The Advisory Committee, consisting of representatives from each of the communities served, assists the Area Agency in assessing elder service needs, establishing funding priorities, and selecting subgrantees to provide the various Title III services.

The Council further notes with appreciation the work of local boards and commissions, public and private agencies, various institutions and individuals who have cooperated with or otherwise assisted the Council.

## REPORT OF THE COUNCIL ON AGING

To the Honorable Board of Selectmen and the residents of the town of Avon:

The Avon Council on Aging, consisting of seven Board members, meets at the Senior Center the first Tuesday of every month at 1:30 p.m. The Senior Center is located across the parking lot from Town Hall and is open Monday thru Friday 8:30 a.m. to 4:30 p.m. Our new van, which we received Christmas week, is in operation 10:00 a.m. to 4:00 p.m. and on Saturday for 4:00 p.m. Mass at St. Michael's and is available for Baptist Church services. Our phone number is 559-0060.

At present we neither have a representative to the Old Colony Planning Council nor to Old Colony Elderly Services.

Our Luncheon Program runs September thru June on Tuesdays and Thursdays at noon. Our sincere Thanks to our cook Virginia (Ginny) Dexter who will be retiring next year, but, daughter Joann Abril has been her apprentice. Blessing for our luncheons is given by Pastor Linda Bolton and Pastor Paul Curran.

### Volunteers

We have an excellent volunteer program.

Luncheon Volunteers: Dora Cahill, George & Nancy Cann, Polly Clinton, Lupe Cruikshank, Cam DeMayo, Elinor DiResta, Esther Duggan, Anna Friedmann, Millie Holland, Rita Hull, Bob Johnson, Elinor Leonard, Paul & Ruth McGillvray, Marie Moran and Rosemary Tiso.

Movie volunteers are Polly, Ginny and Lupe

From the Garden Club, we have Peg Meninno who does our centerpieces for the tables.

Crafts instructors are George Cann and Florence Wass.

Entertainers: organist Mary Mahers, Musicians Louis Pelaggi and Mike Lalli.

Newsletter: Charmaine Cruikshank and Rita Pomeroy help fold, staple and label the newsletters.

Blood Pressure Clinic: Betty Malloy, who is a nurse, assists Board of Health staff nurse on Blood Pressure Clinic Day.

And our Special All Around volunteers are Paul Heffernan and Richard Skerry. Our volunteers also help with the commodities Program. We THANK them all for giving of themselves to give joy to our Seniors, including our staff as listed above (for their volunteer hours over and above their normal working hours).

The National Honor Society under the direction of Christopher Morss came on Special Holidays and served the lunches. We had the privilege of having William Healey, Jr. and Cabaret Singers for the Christmas Luncheon, too.

We provide a referral service for all Avon Seniors if we cannot assist them.

The Senior Center hosts Self Help worker Carolyn Sheppard for the commodities program and Fuel Assistance.

The Senior Center is used for the Commodities Program in March, June, September and December. The Avon Board of Health sponsors a Blood Pressure Clinic on the second Monday of EVERY month 10 a.m.-1 p.m. at the Center. Peg Meninno is the staff nurse provided by the Board of Health. This clinic is for ALL AVON RESIDENTS, regardless of age. The Center hosts the Avon Garden Club meetings the last Monday of the month at 7:00 p.m.

We have obtained, for the second year, a small grant from Old Colony Planning Council Title III monies. This is used to help defray the cost of light housekeeping, raking and shoveling for seniors who are physically unable. The Executive Office of Elder Affairs gave us our usual nominal grant to help with the cost of postage for our newsletter and our luncheon program. The Avon Co-operative Bank gives us a donation towards the printing of our Newsletter. This past year was our first year to get Farmers Market Coupons and many Seniors took advantage of this new program.

For the second year, we had an arts and crafts workshop that is open to all Seniors. The class is held every Wednesday at 1:30 p.m. Our library still holds quite a few books, large and regular print, as well as jigsaw puzzles. Our movies (comedies or musicals only) continue every other Friday night at 7:00 p.m. with popcorn, coffee, et cetera and card playing follows immediately.

### **Trips**

On May 13th for a Mother's Day Celebration we went to Independence Harbor in Assonet

August 13th the Seniors went to see "Forever Plaid"

October 21st was the Foliage Trip to Salem Cross Inn in No. Brookfield

December 10th found the Seniors at Hawthorne Country Club for a Christmas party

Christmas Week we got our new bus. We obtained this bus through a state grant (through BAT bus). John DeMarco got Old Colony Planning Council to help us with all the paper work and application. We wish to Thank Mr. DeMarco and Bruce Hughes of OCPC for all their help. The bus seats 12 people and has a wheelchair lift. The Seniors waited for a long time for this new bus and we know they will appreciate it. There is no charge for transportation to all our functions at the Senior Center.

This year we purchased a new generator to use when we lose power. We also purchased a much needed copier.

We THANK you, the Community for your continued support and the loyal volunteers who help make our programs work. We would like to acknowledge the cooperation of the Board of Selectmen, the School, Water, and Highway Departments, the Board of Health, the Town Clerk/Treasurer and Town Accountant, the Town Hall Staff, Building Inspector and Building Superintendent.

Respectfully submitted,

*Council on Aging Members*

Pauline Clinton, *Chairman*

Virginia Dexter

Camilla DeMayo

Anna Friedmann

Paul Heffernan

Marie Moran

Lupe Cruikshank

# **REPORT OF THE AVON HOUSING AUTHORITY**

To the Honorable Board of Selectmen, Voters, and Taxpayers of Avon:

The Avon Housing Authority is pleased to submit its Twenty-first Report to the Town of Avon for the year ending December 31, 1992.

The Authority holds regular monthly meetings on the first Thursday of every month at 5:30 p.m. at the office which is located in the Community Building at Fellowship Circle. Office Hours are Monday through Friday, 10 a.m. to 2 p.m. Tel. (508) 588-1847. Staff Members of the Authority are:

Executive Director, Sylvia C. Gardner  
Secretary and Section 8 Administrator, Margaret J. Holmes  
Maintenance, Edmund L. Boggs.

There were no Housing Authority Commissioners up for Election in 1992. The prior Five Commissioners are still board members for the Housing Authority. At their Annual Reorganizational meeting in April, the following officers were elected for one-year terms:

Ernest W. Edwards, Chairman  
George McKechnie, Vice Chairman  
Gunnar A. J. Peterson, Treasurer(State Appointee)  
Marie E. Desrosier, Ass't. Treasurer  
M. Janet Jensen, Clerk

The Avon Housing Authority administers 70 units of State-Aided Housing for the Elderly under the Executive Office of Communities and Development. Included in these 70 units are six barrier-free apartments for handicapped persons. In 1992 there were seven vacancies. All of these apartments were refurbished and new tenants moved in. The Authority also administers 75 units under the Federally Funded Section 8 Certificate and Voucher Programs. The Housing Authority does not own these units, but holds a three-way lease between the tenant, the landlord and the Housing Authority. The monthly rent is subsidized by the Federal Government (HUD), through our office.

The Avon Tenants Association, most of whom live at the Elderly Complex at Fellowship Circle, meets on the second Thursday of every month at 7 p.m. in the Community Room. This group has an active social program which is enjoyed by all of its members.

Current officers of the Tenants' Association are:

Anna Friedmann, President	Ellie DiResta, Chaplain
Blanch Puffer, Vice President	Marie Donlan, Sunshine
Ellie Mahan, Secretary	Florence Pulsifer, Treasurer
Millie Rogers, State Representative	

Currently we have a Daisey Troop, two Brownie Troops and a Scout Troop meeting weekly in our Community Room.

Once again, we wish to express our sincere appreciation to the Board of Selectmen for their continued cooperation and to James Meninno of the Highway Department, to the Police Department and to the Fire Department for their continued services to Fellowship Circle. Their assistance has made it possible for the Avon Housing Authority to continue to provide safe, decent, and sanitary housing for our tenants.

Respectfully submitted,

Ernest W. Edwards, *Chairman*  
George McKechnie, *Vice Chairman*  
Gunnar A. J. Peterson, *Treasurer*  
Marie E. Desrosier, *Asst. Treasurer*  
M. Janet Jensen, *Clerk*  
Sylvia C. Gardner, *Executive Director*

## **REPORT OF THE LIBRARY TRUSTEES**

To the Honorable Board of Selectmen and Citizens of Avon:

The year 1992 was indeed a noteworthy one for the Avon Public Library. At town meeting in May, the citizens of Avon voted to approve an exchange of town land located at the Industrial Park for land owned by T.L. Edwards, behind and adjacent to the library. As the lowest bidder, T.L. Edwards, Inc., oversaw the construction and landscaping of the spacious new parking area that now graces the library. Many thanks to Mr. Edwards for enabling the library to provide safe, off-street parking for library patrons at minimal expense to the town.

In December, the library celebrated its Centennial Anniversary with an Open House for the citizens of Avon which included birthday cake and punch for the guests and a Resolution from the Board of Selectmen, presented by Chairman John DeMarco. The children of Avon were invited to participate in the anniversary celebration as well. Students at the Ralph D. Butler Elementary School made birthday cards for the library, while students in grades 5 through 7 wrote essays about their favorite book. Both the cards and essays were displayed in the children's section of the library. Students in grades 8 through 12 designed centennial bookmarks reflecting the many changes that have occurred over the 100 year history of the library. The Library Trustees selected the design by tenth grader David Logan, and bookmarks in his design were printed for the occasion. Library Director, Marilyn Greeley wrote a history of the library which remains on display there.

Another milestone for the library was reached in December when the changeover to automation was completed. All library functions are now computerized and Avon Patrons have access to books and materials of all twenty-one libraries in the Old Colony Library Network. Work toward that end began a decade ago with grants obtained from the federal and state governments. Each library entered records of information into a common database for every piece of material in its collection — books, book on tape, records, videos, audio-cassettes and so on. Computer hardware was purchased, wiring and phone lines were installed and ongoing staff training continued. Our journey toward the 21st century will be made with ease using such technology.

Library programs included:

Special Exhibits —

Antique Books on loan from Miss Mildred Foster;

Elementary school student photos from Mrs. Clara (Martinson) Murphy's 1927 to 1929 classes;

## Special Programs —

Summer Crafts Sessions — 46 participants;

Pajama Story Hours — 50 participants;

Reach For It! Summer Reading Program — 95 readers ages 3-11 read 1459 books!

“West of the Moon” Storyteller, Ellen Block enthralled 52 children and 23 adults with her folk tales and songs;

Karen Fischer of Rehoboth featuring “Karen’s Critters” — piglets, goats, bunnies, kittens, hens and a rooster, for young and old alike to hold and enjoy;

Annual Avon Library Holiday Party — 50 youngsters and 21 adults enjoyed crafts, goodies and even a visit from Santa.

## Library Statistics —

Patrons logged 236 hours of computer time on the Apple IIe computer;

Teacher Loans — 437 items

Books Added to Collection — 1099

Nursery School, Day Care and Avon Elementary School Visits — 364 children

Story Hour Attendance — 193 children

Materials Checked Out in 1992 — 27,754

Including: Periodicals — 1279

Videos — 900

Books on Tape — 391

Kits — 404

Museum of Science Passes — 52

Museum of Fine Arts Passes — 25

Interlibrary Loans — 327

Respectfully submitted,

*Avon Public Library Trustees*

### RESOLUTION OF THE BOARD OF SELECTMEN OF THE TOWN OF AVON CELEBRATING THE ONE HUNDRETH ANNIVERSARY OF THE AVON PUBLIC LIBRARY.

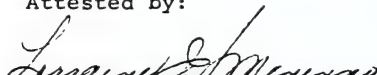

WHEREAS, the Town of Avon Public Library is celebrating its' One-Hundreth Anniversary in 1992, and

WHEREAS, the Town of Avon and its' citizens have been enriched by the Public Library over the years by having access to educational, reference and recreational materials, literature and works, and,

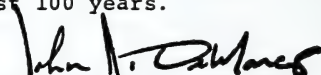

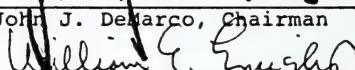

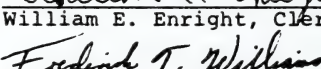

WHEREAS, the Town of Avon deeply appreciates all that the Avon Public Library and the Library Board of Trustees and Staff have done to satisfy the needs of its' citizens for information, culture, knowledge and reading enjoyment.

NOW THEREFORE BE IT RESOLVED that the Town of Avon Board of Selectmen celebrates the One-Hundreth Anniversary of the establishment of the Avon Public Library by proclaiming this day as "Library Day" and acknowledging the fine work and contribution that the Trustees and Staff of the library have made to the citizens of the Town over the past 100 years.

**SUPERINTENDENT**  
Lincoln D. Lynch, Ed.D.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

LINCOLN D. LYNCH, ED.D.

In accordance with Chapter 72, Section 4 of the Massachusetts General Laws, as Superintendent of the Avon Schools, I submit my fourth report on the condition of the schools.

We continue to improve the condition of our buildings and grounds. New roofs, costing almost \$600,000 from CHOICE monies, were installed on the Butler and Avon/Middle High Schools. All heating, ventilating and circulation equipment has had regular maintenance. These two maintenance items will save thousands of dollars in heating costs, conserve energy and make our buildings more comfortable. We would like to find the money to replace the rest of the windows on the Avon Middle/High School. We have also added additional parking space, access for the handicapped, and repaired our sidewalks.

Our student population continues to increase this year to a total of 759 pupils, a nine year high. Included in this total are 170 CHOICE students, up from 132 last year. These CHOICE students have adjusted beautifully, academically and socially. Our students have accepted the greater diversity and opportunities these students provide, and our academic family is quite cohesive.

Our ten-year academic evaluation by the New England Association of Secondary Schools and Colleges took place last March, and we were accorded continuing accreditation for the next ten years. The NEASC Study Committee had high praise for our School, staff and students. Congratulations to Principal Harry Levine, Vice Principal Richard Gifford and Paul Chapman, Dr. Christopher Morss, as Chair of the Academic Self-Study Committee, the Department Heads, teachers and students for a job well done.

We had ten students in the Project Contemporary Competitiveness (PCC) Summer Advanced Studies Program at Bridgewater State College this summer. Our students are enthusiastic about the Program, and participation continues to climb. PCC has also provided computer training and assistance to students and staff working with computers through our PCC 12-Town Cooperative Tech Center.

The DARE Drug Education Program, under the direction of Officer John Geary, continues its effect on the anti-drug education efforts. Our thanks also to Police Chief Robert Geary for the Community Awareness Group for providing educational and recreational opportunities for our students.

The Avon School Association continues its enthusiastic support of student activities, field trips and the recognition of teachers. We are most grateful to them for supporting our *Back to School Breakfast*.

The Boosters Club also continued its support of athletic and other student activity. It provided our year-end Awards Banquet, as well as awards and

jackets for our student athletes. A sincere thank you as another fine example of Avon's parental and Town support so necessary to operating our schools efficiently and effectively.

For an in-depth review of the activities of our School community, please read the attached reports of our administrative staff.

I wish to thank the Avon School Committee, the administrators, the professional and non-professional staff, the students, parents and townspeople, as well as the Town officials for their support and cooperation, and for making my job a distinct pleasure.

Finally, to Donna M. Dias, Director of Pupil Personnel Services, Cornelius Doherty, Director of Business Services, my secretary, Maureen B. Rose and our bookkeeper/secretaries Carolyn Walsh and Patricia Carter, each of whom has made my job easier. I say thanks for jobs well done.

Respectfully submitted,  
Lincoln D. Lynch, Ed.D.  
*Superintendent of Schools*

# **REPORT OF THE RALPH D. BUTLER ELEMENTARY SCHOOL PRINCIPAL**

**ROBERT E. ADAMS, JR.**

During the past year the students, staff, and parents at the Butler School were involved in a variety of projects, programs, and activities that contributed greatly to what was an exciting, rewarding, and successful year. This report will highlight some of the programs, events, and changes that took place at the Butler School during 1992 with a focus on areas such as staffing, the school's involvement in the state's "School Choice" program, curriculum improvements, staff development, special programs and activities, the important role of parental involvement, and efforts to maintain and improve the building and grounds.

A number of certified staff changes took place during the past year at the Butler School. Ms. Deborah MacDonald joined our staff as a new third grade teacher, while Miss Keri-Ann Williams assumed a second grade teaching position. Miss Karen Baroncelli became our new Library/Chapter I teacher and Mrs. Dianne Martin was appointed as a part-time music teacher replacing Mrs. Katherine Cullinane for the 1992-1993 school year. Miss Maureen Kelley took over the position of School Psychologist/Guidance Counselor from Mr. Kevin Longval, who has been assigned to Avon Middle/High School. Finally, Mrs. Ellen Berube assumed the position of Language-Based Special Needs Resource Teacher.

In addition to these new certified staff members, we also welcomed several individuals to non-certified positions at the Butler School during 1992. Mrs. Cheryl Cahill joined us as our new secretary. Mrs. Helen Persson was promoted to the position of Cafeteria Manager replacing Mrs. Rosemary Sherman, who retired at the end of the 1991-1992 school year. Mrs. Nancy Quinton took over Mrs. Persson's former position as a cook. Finally, Mr. Paul Grenham, Mrs. Joan Gershman, and Mrs. Elaine Flanigan were appointed as Special Education Assistants to work with children, who were previously attending CHARMSS Collaborative programs under Chapter 766 and who are currently integrated into classrooms and the newly created Language-Based Special Needs Resource Program at the Butler School.

The enrollment at the Butler School rose significantly from 270 students on October 1, 1991 to 308 students on October 1, 1992. This increase in student enrollment during the past year is due to a slight increase in students who have recently moved into the town, the return of several Avon students to the Butler School from CHARMSS programs, and the system's participation in the state's "School Choice" program. As of October 1, 1992, a total of 38 non-resident students were attending the Butler School, which was an increase from the 13 non-resident students, who attended the Butler School during the previous school year. I am pleased to report that, as of this date, School Choice

has worked very well at the Butler School and that the non-resident students, who are attending the Butler School, have been quickly and easily assimilated into the student population as members of our school "family."

During the 1991-1992 school year the staff at the Butler School successfully implemented the new Silver Burdett & Ginn World of Reading (1991 edition) program. The staff also devoted a significant amount of time to analyzing and improving the school's math program. Increased emphasis was placed on the use of math manipulatives, as well as the inclusion of math problems and critical thinking skills in the math curriculum. In order to facilitate these efforts, several In-Service sessions focused on math, an ongoing "Math Question of the Week" program was instituted for each grade level, and a "Math Fair," which was exceptionally well attended by many of our students' parents, was held at the conclusion of the 1991-1992 school year.

Butler School students participated in a wide range of ongoing programs and special activities during the past year, which served to reinforce and/or enrich the regular school program. During 1992 the staff at the Butler school recognized the efforts and accomplishments of students by selecting a "Citizen of the Month" and a "Student of the Month" from each classroom on a monthly basis. Butler School students also actively participated in the Olympic Read-A-Thon independent, pleasure, reading program. A very successful Afterschool Activities Program was again planned and conducted for Butler School students during 1992.

Many special activities and events were also held during the past year. Butler School students participated in field trips, Spelling Bees, Fall and Spring musicals, class plays, Thanksgiving Feasts, a Science Fair, Character Day, the Math Fair, Field Day, and a variety of Avon Schools Association (ASA) sponsored programs.

The efforts of the ASA in sponsoring several cultural/enrichment programs, field trips, our annual Book Fair, the Back to School Breakfast, Halloween parties for Butler School students, and Santa's Workshop are very much appreciated. The active involvement of many parents in a variety of volunteer capacities at the Butler School throughout the school year is also deserving of special commendation. The attendance and active participation of many parents and guardians with their children in activities such as the Back-to-School Breakfast, our annual Open House, Parent-Teacher Conferences, American Education Week Classroom-Visitations, the Kindergarten Orientation Meeting, Field Day and a number of other special events should also be recognized as being exceptionally important to the success of the Butler School and its students.

Finally, several projects were undertaken during the past year to improve the building and grounds at the Butler School. During the Summer of 1992 the roof at the Butler School, which was close to thirty years old, was replaced and the building's hot water system was upgraded. Additional parking spaces were added at the front and on the side of the Butler School. All of the wooden

structures on the Avon Centennial Playground, as well as all of the outside wooden ramps to the Butler School and the school's portable buildings, were water sealed to extend their functional life span at a minimal cost to the school due to the cooperative efforts of the Norfolk County Sheriff's Department's Community Program.

In closing, I would like to express my thanks and appreciation to the entire Butler School staff for their efforts on behalf of our students during 1992. I would also like to express my gratitude to the Superintendent, other administrators, the School Committee, parents, ASA members, students, and the community for their efforts, assistance, and support during the past year.

# **REPORT OF THE AVON MIDDLE-HIGH SCHOOL PRINCIPAL**

**HARRY J. LEVINE, PRINCIPAL**

The students and staff at the Avon Middle-High School have had an exceptional year. Students excelled in academics, athletics, and extracurricular activities. Most traditional activities continued, and some new traditions were created. Several experiences have enhanced the school climate and are worthy of note:

## **Accreditation:**

We were all most pleased to be notified in October that the Commission on Public Secondary Schools of the New England Association of Schools and Colleges had voted to award the Avon Middle-High School continued accreditation. This completes a two year process of self-evaluation and the validation of that evaluation by a visiting committee of the Commission.

In its report Dr. Pamela Gray-Bennett, Director of the Association, commended our school and community for its commitment to small class sizes for the individualization of instruction; the extensive opportunities afforded the community in the development of the school's philosophy and goals; the reinstatement of the department head positions; our involvement in the Lowell Scholarship/Harvard University Program and the Massachusetts LearnPike Satellite Network; the dedication of the faculty to the provision of a quality education for students; the cooperative rapport which exists between the faculty, administration, and media center personnel; and many other members and facets of our school community.

The report also recommended the completion of the roof project, the hiring of a guidance counselor for grades 5 through 8, improvement in the food service operation, and a variety of other suggestions designed to help us continue to improve our school.

Overall the report was extremely complimentary of the entire school, the superintendent, the school committee, and the community at large for supporting quality education in Avon. A copy of the final report of the visitation is available in the Avon Public Library. Thanks to every member of the faculty and staff, and the parents, students, and community members that worked so hard for the past two years during our accreditation process. Very special thanks go to Ms. Beth-Ann Shepley, Mrs. Marilyn Malcolmson, Mr. William Callahan, and Mrs. Geraldine Ryan for serving as a steering committee during this time. Super very special thanks go to Dr. Christopher Morss who chaired the steering committee and did such a wonderful job that he was invited by the New England Association of Schools and Colleges to conduct workshops for other steering committee chairpersons.

**Enrollment:**

The second year of the Choice program has further affected our enrollment along with another increase in the number of Avon students who are electing to stay in town for high school. In addition, several students have returned from one year at private school. As a result our enrollment has increased from 415 (116 non-resident) to 450 (131 non-resident) students.

These non-resident students continue to be a wonderful addition to our school. Not only do they allow us to maintain our programs, but they bring fresh experiences, ideas, and perspectives into our classrooms from which our resident students directly benefit. The average non-resident student is hardly distinguishable from the average Avon resident student. In fact, during a recent survey of teachers, many could not report how many of their students were non-resident without looking up their student records.

We anticipate the enrollment to continue to rise as we graduate the last two undersize classes this year and next, and continue to bring in full classes of sixty or more students.

**Building Changes:**

By far, the biggest news in building changes is the replacement of the roof over the entire middle-high school. We had been having great and increasing difficulties with the roof in the past several years. Leaks had ruined ceilings and floors and had occupied a considerable amount of custodial time. The replacement of the roof has given us, not only a waterproof place in which to work and learn, but extra insulation which will save money and make the building more comfortable in the winter and summer.

Several areas of the building were painted this year including some classrooms and hallways, the exterior foundation, and roof heating and ventilation units. The gymnasium was also painted a slightly lighter color. The panthers were saved and Jay Brown began work on a new panther.

The gymnasium floor was stripped and refinished this year. Because of the depressed economy we were able to get a bargain-basement price for the work which was of very high quality. Refinishing the floor provides more than just an aesthetically pleasing gym; it insures that we have a safe, non-slip floor for our students during their physical education and athletic activities.

The ceiling and the light fixtures in the ramp hallway were replaced in conjunction with the roof and drain work that was done during the summer.

Students in Mrs. Stephen Mills' Home Repair class completed a variety of repair projects in the general school and individual classrooms saving the school system hundreds of dollars.

**Curriculum:**

Mrs. Trudy Miller, chairman of the Mathematics and Business Education Department, and the mathematics teachers completed the process of selecting

textbooks and a curriculum plan for our honors students in grades 7 through 12. After reviewing several programs the teachers chose the University of Chicago mathematics project series. There have been considerable changes in the scope and sequence and methods of mathematics instruction in the last several years. With the adoption of this program, our mathematics instruction will be state-of-the-art. The books and other materials including computer software are expected to serve our students well for several years.

Student artwork was displayed in the Avon Public Library during the month of April. Mrs. Virginia Mahoney, who teaches art to students in grades 7 through 12, coordinated the project with the library personnel. The students' work received many positive comments from members of the community.

A record number of high school students took advantage of the opportunity to enroll in college courses at Harvard University through our Lowell Scholarship Program coordinated by Mr. Daniel Herlihy. Students took such courses as Art History, Human Genetics, Calculus, Law and Ethics, and African History. The Lowell Scholarship Program pays one half of the tuition, the Avon School Committee pays half of what is left, and the Avon Education Association pays half of what remains after that. Our students derive great benefit from the generosity of all these groups.

The D.A.R.E. (Drug Abuse Resistance Education) Program continues into its fourth year in our continuing efforts to maintain drug free schools. Co-sponsored by the Avon Public Schools and the Avon Police Department, the program features 17 weeks of instruction for students in 5th grade with varying degrees of contact for students in all other grades. The program is conducted by Officer John Geary.

Avon Middle-High School continues to provide outstanding learning opportunities through the use of the Massachusetts LearnPike, a satellite system linking about fifty schools throughout the state. Our students have participated in live field trips and our teachers have been involved in in-service training at considerable savings as a result of our having this valuable resource.

The teachers and department heads have completed their work developing standardized course syllabi for all of our learning areas. These, combined with our goal and objective documents for each course, have become the core documents of our curriculum.

Our honors program courses continue to present a much more rigorous course of study for students and better prepare them for the advanced sciences in the upper grades.

### **Student Achievements:**

Many of our students received awards for academic achievement this year, some from outside the system. Among them are the following:

David Mollon was invited to compete in the Art All-State competition. This is a very prestigious invitation and we are very proud of David.

Janine McCauley received the Tandy Technology Scholars Award and the Presidential Academic Fitness award.

Gayle Barker received the "Classmates Today—Neighbors Tomorrow" award sponsored by the Jewish War Veterans of the United States.

Seven high school students were inducted into the National Honor Society and eleven middle and high school students were inducted into the National Junior Honor Society in a traditional candle lighting ceremony this year. Each student was required to meet the rigorous standards for induction in the areas of scholarship, character, leadership, and service.

Rebecca Chapman received the Xerox Award in the Humanities/Social Sciences. Rebecca is eligible to apply for a special Xerox Scholar Program at the University of Rochester in Rochester, New York.

Meghan Johnson received the Boston University School of Education Book Award. This award is given to students who have an interest in the teaching profession, who participate in extra-curricular activities, and maintain a minimum grade-point average of 3.5 out of a possible 4.

Gayle Barker won the U.S. Army Reserve Scholar-Athlete Award and the Packard Fund Athletic Award for 1991.

The John Hancock Award for excellence in Business Education was earned by Cheryl Smith.

Eric Small was named the winner of the annual Bausch & Lomb Science Award. The handsome bronze medal is presented each year. As a winner, Eric is eligible to apply to become a University of Rochester Bausch & Lomb Scholar.

Average SAT scores for students in the class of 1992 who entered four year colleges were again above the state and national averages at 437 in Verbal and 512 in Math. Over 70% of that class was accepted to post secondary institutions including Brandeis University, Rensselaer, and the University of Massachusetts. Students in the class of 1992 were awarded over \$17,000 in scholarships on graduation day.

### **Teacher Landmarks:**

Dr. Christopher Morss and Ms. Beth-Ann Shepley were appointed steering chairpersons for the implementation of the NEASC recommendations.

Miss Joyce Vigor completed her twenty-fifth year of teaching in the Avon school system. She was honored at a ceremony on the final day of school by Dr. Lincoln Lynch.

Mrs. Rosalie Coit was given the Norfolk County Teachers Association Award for Service. Mrs. Coit, a dedicated public employee, has continually given freely of her own time to service the needs of the not-so-fortunate in the community. No amount of recognition would be too much.

Mr. Richard Gifford received the annual Award of the Bumble Bee for his unwavering dedication to the students of Avon Middle-High School at the Boosters Awards Banquet.

Mrs. Andrea Wintergrass left the system this year after teaching French and history at the middle-high and high schools for eight years. Mrs. Wintergrass is deeply loved and missed by her students and the entire faculty and staff.

Mrs. Donna Phillips was hired to replace Mrs. Wintergrass. She is an exceptional young woman who brings energy and dedication to her job.

Two teachers were hired to teach additional sections created because of an increase in enrollment. Mr. Donald Butler teaches English and reading classes and Mr. Scott Celli teaches mathematics and science classes. Both of these outstanding young men will compliment our school family.

Mr. Richard Gifford resigned his administrative position for personal reasons and returned to teaching full-time. Mr. Gifford did an outstanding job as assistant principal for three years. Both students and staff deeply appreciated his firm but fair and consistent treatment.

Following Mr. Gifford's resignation, the Avon School Committee approved an administrative reorganization plan for the middle-high school. When the dust settled Mr. Daniel Herlihy was appointed assistant principal for grades 8 through 12, Mr. Paul Chapman was appointed assistant principal for grades 5 through 7, and Mr. Scott Kellett was appointed athletic director.

Mr. Paul Chapman completed nine years as athletic director this year but did not continue as a result of the administrative reorganization. Mr. Chapman gave nine years of exemplary service to the school and the community during his tenure. The structure of our entire athletic and extracurricular program is his design and it is unlikely to change in the near future. We are deeply in debt to Mr. Chapman for his hard work and dedication. Mr. Chapman continues to be a valuable resource to the principal and the athletic director.

### **Extracurricular:**

COSTCO went all the way to support our students by sponsoring a fundraising cookout on four consecutive weekends. COSTCO provided the food and the grills and our students and their advisors cooked and sold hamburgers and hot dogs with all of the profits going to the classes. Our students were able to raise over \$2,000 for their class activities thanks to the generosity of COSTCO.

Mrs. Emily Geary and Big Jim's showed their support for our students by donating 1,000 free video passes with a total value of \$3,000.00 to be given to students who earn honor roll status. Positive reinforcement works.

The fourth annual "Cabaret" was presented for students and parents this year. The "Cabaret" has become institutionalized at the Avon Middle-High

School where, under the direction of Mr. William Healey, students from grades 5 through 12 present a "Christmas Cabaret" as well as a "Spring Cabaret" for the Community. Both shows continue to be outstanding and provide an exceptional opportunity for student expression.

Students in all grades participated in the launching of a new activity. Our new school newspaper published its first issue this year. The activity, advised by Mr. Scott Kellett and Mrs. Connie O'Brien, is one of the most difficult extracurricular activities to operate successfully.

Students in grades 5, 6, and 8 developed "Learning Fair" projects in their English and Social Studies classes, again as part of the regular curriculum, and presented their work to the students and parents who attended. The "Learning Fair" did not involve competition. Beginning next year the "Invention Convention" will be replaced with a science fair with true science projects.

Our varsity and junior varsity boys' and girls' teams had successful seasons and our varsity volleyball team, coached by Ms. Shelly Geary, earned the title of League Co-champions. Our junior varsity volleyball team, coached by Mr. Scott Celli, was undefeated in the small schools division. Interest in our girls' basketball program remains high and we are continuing to support the operation of three teams.

The National Junior Honor Society students and their advisor, Ms. Beth-Ann Shepley, continue to support recycling in the community by collecting high quality waste paper in the school for recycling.

The Annual Boosters Club Awards Night Banquet in June provided an entertaining and uplifting evening for many of our students and their parents. Held at the Randolph Elks, the banquet honored students who participated in athletics, band, modern dance, and other school activities.

Our Senior Prom this year was an outstanding success. Student couples and several faculty members and administrators attended the event at the Dedham Hilton.

Student leaders and National Honor Society members, as well as many students from the general population, again participated in the collection of gifts and donations for the Avon Christmas Fund. Mrs. Rosalie Coit and several seniors worked to collect gifts and donations as well, and also worked at the Town Hall distributing these gifts and food baskets to 45 low income families in Avon.

The fifth annual Magazine Drive to benefit students in grades 9 through 12 went very well this year. Students are able to earn money for their class activities just by getting friends and neighbors to renew magazine subscriptions through them, at rock bottom prices; it is not necessary for students to sell "new" subscriptions.

Avon Middle-High School's sixth annual Junior-Senior Semiformal Dance was another outstanding success this year. Special thanks go to several

parents who helped prepare and serve the meal as well as to Mr. Gifford, Mr. Mike Lane, Mr. Scott Celli, Mr. John Lyons, and Mrs. Trudy Miller, the class advisors.

The intramural athletic program for students in grades 5 through 8 continued and many of our students enjoyed the opportunity to develop skills in soccer, volleyball, basketball, and softball. A CPR course for students was also conducted after school.

### **Enrichment:**

The Avon Schools Association has continued to support the students of the Avon Middle-High School through a series of enrichment assemblies and by providing fiscal assistance for field trips. The students and staff of the Avon Middle-High School deeply appreciate the support they receive from the ASA. The ASA also coordinates such programs as the Sudbury Farm tapes, Stop and Shop tapes, and The Campbells Label Drive to provide our schools with free educational materials. Among other things, we were treated to a program on "Birds of Prey," a mime and musical production by Scot Cannon, and a visit from Ben Franklin.

The Navy Band played for us in November this year. Their appearance provides not only musical entertainment but musical education as well.

Ten students, up from two each of the two previous years, attended the PCC Advanced Studies summer program at Bridgewater State College this year. This program is packed with fun and learning and we anticipate that interest will continue to grow.

Mr. Chapman and Mrs. Conrad conducted still another highly successful trip to Washington D.C. for students in grades 7 and 8. Students were required to earn their right to go on the trip with good behavior and good grades. In addition, students were provided with the opportunity to earn enough money to pay for their entire trip by selling raffle tickets. The prizes in the raffle, which included Celtics tickets, were donated by citizens who support our students and our school.

Students in all of our grades 5 through 12 participated in a wide variety of field trips this year to such places as the Museum of Fine Art, the New England Aquarium, Cardinal Cushing Hospital, the Science Museum, the Computer Museum, the Gardner Museum, a Whale Watch, Hammond Castle, Nickerson Theater, and a College Fair. These field trips, and others, are carefully planned to coordinate with the curriculum or to provide students with information which will help them choose a career or a higher institution of learning.

### **Other Activities:**

We enjoyed the company of three exchange students this year. Vicky Vidal from Uruguay and Oke Stielow from Germany stayed with the McKechnie family and David Poulsen from Denmark stayed with the Jensens.

All three of these wonderful young people have contributed to our students understanding of global issues.

Students in the 8th grade enjoyed a catered banquet at the VFW Post in June. The event was funded by a grant from the ASA and other monies generated by a student fundraiser. Students, parents, and staff had a wonderful time. This provided an excellent ending activity for their last year in middle school.

Avon High School's annual 8th grade dinner and parents night was an exciting event. Mr. Richard Gifford and members of the National Honor Society and chemistry classes prepared lasagna and salad for all members of the class and their parents. All then proceeded to the gymnasium for a review of the AHS video, followed by a tour of the building conducted by National Honor Society members. Parents met AHS teachers at various locations throughout the building, who explained the various academic and enrichment programs and opportunities available to our students. The last stop on the tour was a social gathering in the Library where refreshments, made in home economics classes, were served by the students who prepared them and their Home Economics teacher Mrs. Geraldine Ryan.

The National Honor Society held its annual, and highly successful, Bloodmobile in March. The society's bloodmobiles are always well attended and provide more than sixty pints of blood for the Red Cross.

The Avon Middle-High School Drama Club presented "*The Importance of Being Earnest*" and a "Starburst Revue" of songs from a variety of musical plays in the Spring. This Fall the students, under the direction of Ms. Janet Howes, produced "*A Christmas Carol*". Both shows were exceptional.

Our "Back to School Night" in September was a great success. Parents had the opportunity to follow their child's schedule for the day and meet the teachers. We also had two parent conference nights this year which were well attended.

Mr. Richard Gifford, Mr. Bruce Julien, Mr. John Lyons, Mrs. Virginia Mahoney, and Mrs. Geraldine Ryan with the assistance of our cafeteria staff and several senior students prepared the sixth annual holiday feast for all the students at Avon Middle-High School on the day before the December recess. Chef Gifford prepared roast beef, lasagna, cold cuts, and salads, which were served to students by students. The cafeteria was decorated for the event by Mrs. Virginia Mahoney's art classes, art club, and arts and crafts club. Students in grades 5 through 12 participated in a "Puttin' On The Hits" assembly, featuring conductor Mr. William Healey, Santa Claus played by Dr. Lynch, Scrooge played by Dr. Morss, and a sing-along.

In the weeks before Christmas our students made special efforts to be of service to our senior citizens. Members of the National Honor Society, under the direction of advisor Dr. Christopher Morss, helped to serve a dinner to senior citizens at Buckley Plaza, an effort that has become a regular part of the

Honor Society's annual activities. This year the Honor Society "adopted" a family for Christmas, collected donations, and provided Christmas gifts for each member of the family.

Our last day of school cookout was successful again this year. Hot dogs and hamburgers were cooked and served to students along with ice cream donated by the Avon Schools Association. Students played field-day games and danced to a DJ to celebrate the beginning of their summer vacation.

# **REPORT OF THE DIRECTOR OF PUPIL PERSONNEL SERVICES**

**Donna M. Dias**

Within the Pupil Personnel Services area, the Avon Public Schools offer a variety of student support services whose primary goal is to provide equitable educational opportunities for all students in all grades. The opportunity for student learning is enhanced through the efforts of certified Pupil Personnel Services staff in the areas of Special Education, Guidance Counseling/School Psychology, Chapter I Instruction, Health Services, Standardized Testing, and various grant programs.

During the 1992 school year, the general educational effort was supplemented with various entitlement and allocation grants used to support student learning and development. The Chapter I grant program continued to offer supplemental instructional services to grades K-8 eligible students. At the end of this school year, two additional Program Improvement Grants were approved for providing additional funds for educational staff and parent planning to improve the Chapter I program and the general school program at each building. In addition, the opportunity for training and planning for program improvement was also offered to the Pupil Personnel Services Director through participation in the Chapter I Leadership Program funded under the auspices of the Department of Education.

Special education entitlement grants under P.L. 94-142 and P.L. 89-313 continued to be used for providing 766 students with needed therapies in speech/language, vision, and occupational and physical therapy. With the recent legislative changes in Chapter 766 which place greater emphasis on student integration, inclusion, and free and appropriate public education (FAPE) for all students within the least restrictive environment (LRE), the development of a new grant was offered to all school districts within Massachusetts.

The \$4,500 Strengthening Pre-referral and Integration Grant (SPRIG) was awarded to Avon as entitlement monies to increase and further develop programs and models which the Avon schools use to integrate Chapter 766 students into the regular educational program. Administration engaged the services of a private consultant, Paul Antonellis of Octagon Associates, to coordinate the staff training in educational modifications in curriculum and instruction which is the focus of this systemwide grant.

Chapter 2 grant monies were used to augment the system's educational technology with the purchase of additional computer materials. Early Childhood entitlement grant funds were again used for increasing developmentally appropriate supplies and materials for young children and their teachers and parents.

Avon also applied for the Early Childhood Community Partnerships Grant which focused on increasing and improving programming and

placements for preschool children determined to be in need of early intervention. Although unsuccessful in being selected for funding, Avon collaborated with the Headstart Program and the towns of Holbrook and Abington in applying for this grant, and will expectedly submit a new application during the next school year.

In the fall of 1992, the P.P.S. area of Guidance/School Psychology was re-organized with the addition of a middle school adjustment counselor/school psychologist at the grade 5-8 level. Mr. Kevin Longval transferred from the elementary level to the new middle school position where he began to develop a much needed developmental and remedial guidance program with direct input from parents, staff and students. Ms. Maureen Kelley replaced Mr. Longval at the elementary level to fill the developmental guidance and school psychology role with the younger students, while Mrs. Malcolmson continued to meet students' personal, academic, college and future work related needs at the senior high school level grades 9-12. All three P.P.S. staff in their combined counselor/school psychology roles offer a range of developmental and psychological services to all Avon students in regular and special education.

Reflective of the legislative mandate for least restrictive, integrative programming for special needs learners, five students formerly in need of 502.4 collaborative placements were placed in the Butler Elementary School Language-based Resource Room newly developed in September 1992. Within this program, which is staffed by Mrs. Ellen Berube, Avon students are able to attend school within their own town, and with maximum opportunity for integration within the regular classroom instructional format. These students receive a combination of in-class and resource room instruction as their needs require. Speech and language services have also been re-organized with the hiring of an additional part-time therapist who separately services the Avon Middle/High School students, while another part-time therapist, Mrs. Holly Francer, services the preschool and elementary students. Mrs. Lee Coleman-Shea, a former employee, returned to Avon this year to provide speech/language therapy to the grade 5-12 students.

The latter part of the 1992 school year was focused on the development of Special Education policies and procedures which were newly required by all school districts. The Program Plan for Special Education was also revised, along with Eligibility guidelines for participation in Chapter 766 services. Mrs. Rosalyn Kaufmann, administrative intern for the Special Education Administrator role, offered invaluable assistance in writing policy revision and development, as well as refining Special Education procedures for coordinating the IEP and Team evaluation process.

The Special Education Parent Advisory Council (P.A.C.) continued to meet throughout the year, while providing support to parents and opportunity for discussion about relevant issues and changes in 766 legislation. Membership is open to any parent or community member, particularly those

parents whose children have special needs. Parents may contact the P.P.S. Director for information about P.A.C. activities.

Any individual, determined to be eligible and between the ages of 3 and 21, is able to receive special education instruction. Parents of 2 1/2 through 4-year-olds may request a pre-school screening at any time during the school year if they believe that their child has a reasonable likelihood of needing special education.

Discussion and planning for the completion of a high school education may be requested by young people between the ages of 16 and 22 who have dropped out of school. Contact may be made with the Director of Pupil Personnel Services or the high school guidance office for information.

As of December 1, 1992, the following number of students were provided with special education services under the various program prototypes:

Prototype		Number of Students
502.1	Regular Education with Modification	10
502.2	Up to 25% of time in Special Education	56
502.3	Up to 60% of time in Special Education	12
502.4	Self-Contained Class	14
502.4i	Self-Contained Class (Separate Facility)	2
502.5	Private Day School	2
502.6	Residential Placement	2
502.7	Home/Hospital Program	0
502.8	3 and 4-year-olds	6
		<hr/>
		Total: 104

Pupil Personnel Services will continue its commitment to provide each student with equitable and quality educational support services. For all those parents, community members and school staff who have assisted and shared in this commitment, sincere thanks and appreciation are extended.

# REPORT OF THE MIDDLE-HIGH SCHOOL ATHLETIC DIRECTOR

Mr. Paul Chapman

The year 1992 continued in the tradition establish within the Avon athletic department. Development of life skills coupled with self-esteem and confidence remain primary focal points. The smallest school in the Mayflower League impressed the opponents throughout 1992 with organization, motivation and attitude. While the win-loss record did not mirror previous years, the graduates and fellow participatnts of our athletic teams gained the same intrinsic values that others before them gained.

Basketball opened '92 with the addition of a Junior Varsity 2 team for the Girls' Program. Coach Richard Gifford led the girls' basketball program with the assistance of Steve Blomberg (junior varsity) and Paul Anderson (junior varsity 2). The varsity team, which had only two seniors, compiled a 5-13 record. Assistant coach Steve Blomberg did an excellent job with the junior varsity girls' in leading them to a 8-9 record. Coach Paul Anderson worked with the seventh and eighth grade girls on fundamentals and managed to defeat rival Holbrook. The second annual Girls' Tip Off Tournament was held in December and once again proved to be very successful.

Coach Dan Herlihy again was at the helm of the boys' program and with the able assistance of junior varsity coach Peter Gill and junior varsity-2 coach Michael Baxter guided all three boys' teams to productive seasons. In what turned out to be his final season of coaching, Dan Herlihy led the boys to the Mayflower League Small School Championship and a seed in the third round of the state tournament. Senior Lamont Bullock continued to display his ability in earning "Player of the Week" status in the *Boston Herald*, *Boston Globe*, and the *Brockton Enterprise*. Lamont added *Brockton Enterprise* All-Scholastic, *Boston Globe* All-Scholastic, *Boston Herald* All-Scholastic, Mayflower League All-Star, and Mayflower League M.V.P. to his long list of honors.

Mrs. Patricia Trudell-Haugh's cheerleaders were once again a well-organized enthusiastic group of young women. The girls helped cheer the boys' basketball team to the league championship before turning their attentions to the soccer team in the fall.

Spring of '92 proved to be very successful for the baseball team. Under the direction of coach Rich Gifford the varsity baseball team compiled an impressive 13-7 record and a berth in the state tournament. Coach John Lyons returned as junior varsity baseball coach and led his team to a 9-6 record. The varsity softball team, under the direction of head coach Mike Baxter, showed enthusiasm and determination as they compiled a misleading 5-15 record. Assistant Dan Herlihy, concluding his coaching career that lasted over twenty-five years, stressed fundamentals with his young junior varsity squad.

In June the Avon Boosters Association hosted the annual awards banquet at the Randolph Elks Club. The banquet is held to recognize students at Avon Middle/High School for their participation in extracurricular activities. The girls' and boys' team received championship trophies from the Mayflower League as well as both banners and jackets for the Avon School Committee and the Avon Boosters Association.

At the end of June, Mr. Paul Chapman concluded his nine year tenure as Athletic Director of Avon Middle-High School. Mr. Chapman did an outstanding job during this period as our athletic program not only met success on the field, it helped students realize the importance of hard work and dedication. I would like to extend my personal thanks to Paul for his support and help in making the transition to athletic director very smooth. Without Paul's help my job would be much more difficult.

This fall, John Lyons began his third year as cross country coach. With assistant Rich Gifford they kept spirits high throughout the season which was highlighted by a strong second place finish by the girls' team at the Mayflower League Championship Race. Soccer continued to struggle for numbers but managed a solid 6-6-2 record. Rounding out the fall was volleyball. Under the direction of head coach Michelle Geary and first year assistant Scott Celli, both the varsity and junior varsity teams had tremendous seasons. The varsity girls' finished with a 12-5 record and a share of the Mayflower League Small School Division Championship as well as a berth in the state tournament. The junior varsity team finished with an equally impressive 12-3 record.

There were 235 interscholastic contests during 1992, an increase of four over 1991. The over-all record was 108 wins, 125 losses, and 2 ties. The varsity record was 64-68-2, while the sub-varsity teams compiled a 44-57-0 record for the year.

Extra/curricular participants continue to demonstrate improved grades, better attendance and discipline over their non-participant fellow students. The sacrifices made by these young people continue to pay dividends to them and society, this year and long into the future.

The support and encouragement of the Avon School Committee, Superintendent Lincoln Lynch, Principal Harry Levine, the parents, students, and the Avon Boosters Association provide the drive and motivation for the staff to continue providing our young people with a superior opportunity to grow and develop into productive citizens.

The Avon Boosters Association particularly strives to provide for our students many things which they otherwise may not have. Over 200 students, friends, parents and coaches attended the annual Boosters Awards Night at the Randolph Elk's Hall. Certificates and letters were awarded to all students completing athletic seasons as well as Cabaret, Drama, and Tutoring. The prestigious Packard Student-Athlete Award and Scholarship were presented to senior Gayle Barker (Framingham State College).

The dedication of the coaches and the commitment of the student/athletes bring great pride to Avon Middle-High School and the community as a whole. All residents are encouraged to attend games and support these young people. Schedule information is available from the school office at 583-4822.

# **REPORT OF THE SCHOOL NURSE**

Mrs. Rosalie Coit, RN

The health department of the Avon Public Schools continues to provide a number of screenings and services for all students.

This includes vision and hearing screening for all students in grades K-12, blood pressure screening in grades 4, 7, and 10, postural screening in grades 5-9 inclusive, and interval health histories in grades 4, 7, and 10.

Parents are notified of any suspected problems and are encouraged to contract their private pediatricians or the school nurse if they have concerns or questions.

Physical examinations are required for entrance into kindergarten, in grade 7, and yearly for students who participate in interscholastic athletics. Because of your pediatrician's comprehensive knowledge of your child's health and history, we encourage private examinations. We offer physical examinations by the school pediatrician, Joseph R. Asiaf, MD and Frank Hile, RN, PNP.

An immunization record review is done each year and parents are notified of the need of booster immunizations. TD (Tetanus and Diphtheria) and Polio boosters are available in school with parental permission. A second dose of Measles, Mumps, Rubella Vaccine is required for entrance into seventh grade.

Mrs. Dorothy Phillips, School Health Aide, is a certified trainer in the area of pre-school amblyopic (lazy eye) screening and has trained high school students to screen incoming kindergarten students. Mrs. Phillips is also an instructor certified by the Red Cross in BAT (Basic Aid Training) and Babysitting.

A food bank was established at the middle-high school during the past year. Any Avon resident who is in need of an emergency supply of food may call the school. This program is supported by the Avon Schools Association and the Avon Middle High School.

The schools continue to be active in the Avon Community Christmas Program which provides food and gifts to low income families in the town. This year we serviced 45 families. This program is a cooperative effort on the part of several businesses, the churches and many generous members of the community. This year the students at Avon Middle-High School adopted a family and provided gifts for every member of that family. The students at the Butler School contributed food items to be added to the baskets. Several high school students helped to distribute the food and gifts to these families.

I want to take this opportunity to thank all parents and staff for their cooperation during the year.

## **LETTER TO PARENTS REGARDING SCHOOL CLOSINGS**

With the advent of severe winter weather, parents are reminded of the following procedures concerning the cancellation of School sessions.

First, and most important, parents must decide as to the advisability of sending their children to school in inclement weather, even though school sessions have not been cancelled. Schools will be closed only when transportation by bus is judged unsafe, but it is up to parents as to whether or not their children should remain at home.

There will be no late openings or early closings. Once your children are here, we will keep them until School dismissal unless you pick them up. No School announcements will be made over WBZ, WEEI and WHDH Radio and Channels 5 and 7.

We will check on road conditions before making a "no school" decision, but parents should make the final decision as to whether or not to send their children, as conditions vary from one part of town to another.

Your cooperation is appreciated.

Sincerely,  
Lincoln D. Lynch, Ed.  
Superintendent of Schools

# **REPORT OF THE BLUE HILLS REGIONAL TECHNICAL SCHOOL**

To: The Honorable Board of Selectmen

The Blue Hills Regional District School Committee is pleased to submit its 26th Annual Report to the residents of the Town of Avon.

The 1991-92 school year was one of continued excellence in the delivery of academic and technical education to area students as evidenced by several awards and recognitions.

The Braintree Electric Light Department delivered a 1992 Saturn to Blue Hills for conversion to a state-of-the-art electric car. Students in three vocational areas began working on the project which will be completed during the 1992-93 school year.

Ronald Galliher, Structural Wood Department Head, was one of thirty-six teachers from across the country to receive an "American Teacher Award" from the Walt Disney Company. This prestigious award was presented to Ron in ceremonies broadcast nationally on the Disney Channel.

The William A. Dwyer Chapter of the National Honor Society received an Outstanding Chapter Award, one of five awards given across in the state. The award was presented to Blue Hills for exemplifying the true spirit of National Honor Society Ideals through the demonstration of outstanding scholarship, leadership, character and service.

President Bush's Secretary of Education, Alexander Lamar, sent an envoy to Blue Hills to honor the Electronics Department as one of the most outstanding programs in the country.

A Blue Hills student from Braintree, Lou Fondanova, received the gold medal in Graphic Communications at the Vocational Industrial Clubs of America state competition held in April. Lou went on to place twelfth in the national competition held in Louisville, Kentucky in June.

The Blue Hills School offers interscholastic sports in 12 areas. Our athletes attained league championships in Cross Country and Spring Track during the 1991-92 school year.

Secondary school enrollment at Blue Hills was 806, 44 of whom were from Avon. Out of 156 students who graduated in June 1992, 11 were Avon residents.

Enrollment continues to increase in the Continuing Education Program. During the fall 1991 semester, 594 adults attended 43 courses; 49 courses were conducted for 692 students in the spring 1992 semester. We are happy to report that this program continues to be self-supporting.

The general public from the nine town district continues to be well-served by Blue Hills Regional. Throughout the past year, over two thousand residents

participated in the pool programs, received affordable salon services provided by cosmetology students, and enjoyed bakery products and meals offered at the school restaurant, the Chateau de Bleu.

The school continues to save the taxpayers money by completing special projects for the municipalities, residents and civic organizations. This past year, for example, municipal vehicles have been painted and refurbished, equipment has been built, and printing projects have been completed. In addition, three major construction projects were undertaken for area residents. We estimate savings to the nine towns of \$209,409. during fiscal 1992.

We are proud to say that Blue Hills has aggressively pursued grants to supplement the budget. During 1991-92, \$772,000 was received which enabled the District School Committee to take the pressure off local town budgets while continuing to provide a high quality education.

The District School Committee meets on the first and third Tuesday of each month at 7:30 p.m. in the District Board Room at the school at 800 Randolph Street, Canton. The public is invited to attend.

The following are the School Committee members who represented the District during the past year:

Avon . . . . .	Philip E. Doherty
Braintree . . . . .	James E. Sullivan
Canton . . . . .	Benson Diamond, Esq.
Dedham . . . . .	John J. Lyons
Holbrook . . . . .	William T. Buckley
Milton . . . . .	Philip L. Kliman
Norwood . . . . .	John T. Driscoll
Randolph . . . . .	Ronald DiGuilio
Westwood . . . . .	Joseph F. Carter, Jr.

The District School committee wishes to thank the citizens of Avon for continuing to support its efforts to provide quality vocational-technical education.

Respectfully submitted,  
Philip E. Doherty  
*Chairman and Avon Representative*  
*District School Committee*

# **REPORT OF SELF-HELP, INCORPORATED**

To the Honorable Board of Selectmen:

Self Help, Inc. is greater Brockton's and Attleboro's anti-poverty agency dedicated to improving the quality of life of limited-income individuals and families, and making all segments of the community responsive to the needs of the limited-income, disadvantaged and minority.

During the program year ending September 30, 1992, Self Help received a total funding of approximately \$9.4M and provided direct services to 42,641 limited-income households in the area.

781 Avon households received direct services totaling \$113,492 during the program year 1992.

The total funding of \$9,387,675 does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional \$2,549,611 of other community resources, such as contributions from the towns and volunteers. The gross value of Self Help during the past program year was \$11,937,286.

Self Help currently employs 200 individuals, many of whom are of limited income and minorities.

We feel that the year 10/1/91 through 9/30/92 was a successful one for use and very helpful to our limited-income population. We thank the many volunteers, Boards of Selectmen and their representative to our Board of Directors, Louis Modestino, Jr. for helping to make our year a success.

Respectfully submitted,  
Ulysses G. Shelton, Jr.  
*Executive Director*

## REPORT OF THE AVON RECYCLING COMMITTEE

The Avon Recycling Committee has been providing the town of Avon the opportunity to recycle for the past three years. This year we collected and processed close to 100 tons of newspapers, 25 tons of glass, 5 tons of metals and 3 tons of plastic. The processing of these recyclables is very time consuming and labor intensive and is made possible by a group of very dedicated volunteers. We have circulated information regarding the dos and don'ts of recycling so our materials don't get contaminated. Due to this effort, we have received many compliments on the cleanliness of our drop-off area and the quality of the materials we send to the markets. We continue to encourage the people of Avon to participate in recycling and to be sure they are delivering clean and appropriate materials.

The compost site we operate on Wales Avenue has been a very busy place. We found it necessary to extend our hours this year, 9 a.m.-4 p.m. on both Saturday and Sunday, to accommodate the needs of the town. Many people took advantage of our "home-grown" compost and spent hours at the site screening and bagging the material for their own gardens. It is difficult to estimate the tonnage we collected but it is easy to say it was substantial. We again encourage all residents to become familiar with the facility.

This year marks the first time we requested funding under a line item on the town budget. We work closely with the Board of Health on many recycling waste disposal projects and our funding reflects that.

We are planning to investigate the feasibility of curb-side recycling for Avon. The participation over the past three years tell us that many people are committed to improving our environment by making the effort to recycle. We would like to include more people in this process and consider curb-side pick-up to be more convenient and efficient. We hope to have your support in this matter as we approach the town in the future for its approval.

We would like to thank Steve Rose and from T.L. Edwards for the work they have done at the compost site and Barry Perkins for his assistance in coordinating the pick-up of our materials.

Respectfully submitted,

Sandy Blanchette, *Chairman*  
Bruce Lane, *Vice Chairman*  
Marcia Boiros, *Public Relations*  
Gerald Picardi  
Paul Bouchie  
Janet Johnson  
Ed Doran

## **REPORT OF THE AVON CELEBRATION COMMITTEE**

To the Honorable Board of Selectmen and Citizens of the Town of Avon:

The Avon Town Centennial Committee, just after completing its main function in 1988, reorganized into what is known today as the Celebration Committee whose purpose remains to foster civic pride and awareness through social and educational community programs.

As an extension of this original goal the newly formed Avon Civic Association in conjunction with The Celebration Committee have been successful at soliciting the cooperation and support of the community including many town organizations and area businesses.

During the summer of 1992, The Celebration Committee and the Avon Civic Association in cooperation with some of these organizations initiated a concert series held at the town gazebo which was funded in part by the Avon Cultural Council and the donations from several businesses.

The "Christmas in the Square" program was expanded this year through the cooperative efforts of several town organizations and The Celebration Committee working together. A Bell Choir concert and a Living Nativity were presented at the Baptist Church and decorations were added to the Avon Co-operative Bank property, and of course Santa made his annual visit to the Gazebo. This year a major snowstorm caused some of the events to be postponed and was responsible for damage to much of the lighting in the square. Despite the efforts of "Old Man Winter" Christmas came to Avon and all the lights in the square were on by Christmas eve.

The Celebration Committee would like to thank all those who have helped to enrich the community thru their personal endeavors.

Respectfully submitted,

Bruce Lane, *Chairman*  
Vern Cannon, *Vice Chairman*  
Bettyann Klimas, *Secretary*  
Gerry Cannon  
Frank Hegarty  
Shirley Lundgren  
Mary Pat Maguire  
Charlie Stetson

## **REPORT OF THE CABLE ADVISORY COMMITTEE**

During the year 1992, the Cable Industry has gone through alot of changes. In October, the Congress passed legislation which will effect your cable service in the upcoming year. At the present time, it is too early to say exactly what changes will occur, and when, but as soon as the FCC comes out with its final rules, cable companies will have to alter or improve their services accordingly. In Avon, we are lucky that we have very few complaints or problems with our cable provider Continental Cablevision. The cable legislation is geared more for those cable companies which have been notorious for continued bad service levels. Continental does not fit into that category.

As far as changes in cable service, you may see possible changes in your channel lineup, new tier levels of service, and adjustments up or down of your cable bill, depending on the various services you choose. The new rate structure have not been released as yet. As a cable advisory committee, we will continue to monitor the rate situation to ensure that Avon residents are getting the best service at the best cost. It is still unknown how much control if any that the local towns will have over rate increases. If you have any questions about your rates, please contact the committee or Continental Cable directly.

During the past year Continental has upgraded its customer service and telephone services to serve the subscribers better. Continental's customer service hours are Monday-Friday 8:00 a.m. to 8:00 p.m., Saturday 9:00 a.m. to 8:00 p.m., and Sundays from 12:00 noon to 5:00 p.m. If anyone has any problems or questions regarding their services/billings, please contact Continental at 508-230-3701.

Continental is continuing to provide local programming of meetings, local events, and the local weekly Avon produced show "AROUND THE CRACKERBARREL." This show provides discussions on various subject and activities of interest to Avon Residents. If you would like to get involved in local programming, contact Continental.

A problem which contiues to grow is that of Cable Theft. Continental Cable is taking a strong stance against anyone found with illegal "Black Boxes", and if required will take legal action against those caught. Action could include fines. Continental is part of a growing group of Cable Companies who have hired investigators to look for illegal hookups. The Cable Advisory Committee asks your help in combating cable theft.

As we indicated in the start of our report, 1993 will be a year of continued change in the Cable Industry. As the Cable Advisory Committee, we will try to monitor these changes as they happen, and work with the Cable Company to ensure that residents of Avon continue to receive top quality television and service demanded. If at any time you have any complaints about your reception or customer service, we would like to know about it. Please forward your complaints to the Cable Committee care of the town hall.

Respectfully submitted,

Gary Erickson, *Chairman*  
Martin Melamed  
Chris Markunas  
David Crane

# REPORT OF THE BOARD OF ASSESSORS

To the Board of Selectmen and Taxpayers of Avon:

The Board of Assessors submit for your information the following:

1. Tax Rate Recapitulation
2. Listing of all properties with:
  - A. Name
  - B. Address
  - C. Valuations
  - D. Fiscal 1993 Taxes
3. Summary of Events for the Year 1992

Leo J. Issa was elected to the Board of Assessors for a three year term in April. The Board reorganized with James J. Donovan as Chairman, Leo J. Issa as Clerk, and Louis F. Malzone as Associate.

The state mandated Triennial Reassessment of Real and Personal Property for fiscal 1993 was completed on schedule by Appraisal Consultants of New England. The values set by them were reviewed by the Department of Revenue and subsequently certified. As required by law, the new values were made available for viewing by the taxpayers at the town hall the week of August 24, 1992.

The Total Taxable Valuation of Town is	\$410,105,400.00
Residential and Open Space	210,996,000.00
Commercial and Industrial	191,582,700.00
Personal Property	7,526,700.00
Exempt	25,688,900.00

The Total Valuation is	\$435,794,300.00
------------------------	------------------

The Tax Rate was set by the Board of Selectmen using a Residential Factor of .73.

The Tax Rates for the Year are:

Residential and Open Space	10.22
Commercial, Industrial and Personal Property	18.01

The increase in the Tax Levy of \$259,845.00 had to be taken into consideration when setting the rate.

As a result of having an imbalanced budget, it was necessary for the Assessors to request authorization from the Commissioner of Revenue to issue preliminary tax bills, an action which provided the necessary cash flow in order that costly short term borrowing would not be required. Subsequently, a Special Town Meeting was held and the budget was balanced. Shortly thereafter the Selectmen held a hearing and set the tax rate thereby enabling us to finalize the Recapitulation Sheet.

The Board of Assessors wish to acknowledge the efforts of Pam Pacheco and all those who assisted us during the past year.

Respectfully submitted,

James J. Donovan, *Chairman*

Leo J. Issa, *Clerk*

Louis F. Malzone, *Associate*

# ANNUAL TOWN REPORT FOR THE YEAR ENDING 1993

**ONE HUNDRED AND SIXTH  
ANNUAL REPORT  
of the  
OFFICERS AND COMMITTEES  
TOWN OF AVON**

**For the Year Ending  
December 31, 1993**

# Memoriam

**HAROLD E. BELCHER**

January 10, 1916 – July 1, 1993

On July 1, 1993, Harold "Buddy" Belcher died at the age of 77 after a lengthy illness.

Born in Avon, he devoted a quarter of a century serving as an appointed and elected official. Before his death, the Selectmen reappointed him as an ex-officio member of the Historical Commission, a board on which he served since its inception in 1974.

As an elected official, he served on the Board of Assessors from 1971–1982. He further served as an elected member of the Avon Republican Committee from 1972 to 1984.

He was appointed to the Council on Aging from 1974–1975 and Industrial Development Commission from 1971–1972. He was a call fireman from 1968 to 1980 and a special police officer from 1971 to 1984.

Buddy was also a musician and was the leader of the dance band known as the Buddy Belcher Orchestra.

In addition to his wife Peg, he is survived by his daughter Pamela Pacheco and granddaughter Sara, both of Avon.

# Memoriam

THOMAS J. CALTER, Jr.  
August 28, 1927 – January 2, 1993

Thomas J. Calter, Jr. died on January 2, 1993 after a long illness.

Tom served on the Board of Assessors from 1972–1977, Redevelopment Authority from 1965 to 1978 and on the Democratic Town Committee since 1976.

He was appointed as a special police officer from 1963 to 1977 and was a member of the 75th Anniversary Committee. He was a life member and past commander of the Frank M. Noyes V.F.W. Post, a past president of the Avon Lions Club and a member of the Avon Knights of Columbus.

On August 1, 1993, the Board of Selectmen dedicated the intersection of Pond and Page Streets as the Thomas J. Calter, Jr. Memorial Square.

Tom is survived by his wife Kay and six children – Julie and Nancy of Avon, Jay and Joanne of Brockton, Tom III of Kingston and Janet of Minnesota.

# *Memoriam*

**WILLIAM J. MURPHY**

November 28, 1924 – November 7, 1993

William J. Murphy died at age 69.

He served as Tax Collector for the town from November, 1962 to March of 1968 and was an active member of the Democratic Town Committee.

Bill was a member of the Lions Club and he also served on a number of ad hoc town committees which advised town officials.

He is survived by his wife Lorraine and four children, Maureen, Peter, Paul and Jane.

# REPORT OF THE BOARD OF SELECTMEN

To the Inhabitants of the Town:

The following is a report of the state of the town during the calendar year 1993.

Annual town elections held in April resulted in the re-election of William E. Enright to a three year term. The Board of Selectmen subsequently organized as follows:

John J. DeMarco, *Chairman*  
William E. Enright, *Clerk*  
Frederick T. Williams, *Associate Member*

On two separate occasions this year, we have honored individuals for their great contribution to the community. We have given homage to the memory of Mary T. McDermott by dedicating the Mary T. McDermott Meeting Room at the Avon Town Hall, and we honored the memory of Thomas Calter, Jr. by designating the intersection of Page Street, Pond Street and Malley Avenue as the Calter Memorial Square.

The aesthetics of the town has improved with the new library parking lot and the foot path connecting it with the municipal parking lot by way of an attractive covered bridge. The covered bridge, constructed by Blue Hills Regional Technical School, is the product of the generosity of T.L. Edwards.

In addition, a topiary displaying the letters of the word AVON in shrubs, located at the intersection of West Main Street and Harrison Boulevard has evoked great pride in our community.

At the Annual Town Meeting in May, the voters appropriated a total of \$7,578,258.00 for Fiscal Year '94 of which \$2,770,000.00 was for the operation of the Avon School System.

In September, the Department of Revenue certified the amount of available funds or "free cash" as of July 1, 1993 for the Town of Avon is \$440,585.00.

A Special Town Meeting was convened in October to fund a number of outstanding charges and to transfer available funds for infra-structure improvements. The total amount of funds transferred was \$400,259.00 of which \$95,125.00 went to the Avon School System.

The Board of Selectmen, with the Board of Assessors, held a Public Hearing on the classification of taxes which resulted in the following tax rates:

\$10.21 for Residential and Open Space

\$17.98 for Commercial, Industrial and Personal Property

In the process of getting the tax rates certified by the Department of Revenue, we were informed that certification would be withheld until we complied with the provisions of the newly passed Educational Reform Legislation. This law required funding the School System an additional

\$297,070.00. As a result, the town held a second Special Town Meeting in December and voted to rescind a number of actions that were taken at the October Special Town Meeting in order to divert \$297,070.00 to the Avon Public School Expense Account.

Until certification of the tax rate was granted, the town was given permission to send out preliminary tax bills.

Clearly, our biggest financial challenge during the year was dealing with the Educational Reform Legislation. It has impacted every community in the Commonwealth with major funding problems, since it represented the largest unfunded mandate ever passed since Proposition 2½ became law. Unless this legislation is modified, it will continue to strain municipalities to the extent that essential services will face an uncertain future.

Avon's local government quietly and competently does its job every day, every week and every year. It is hard at work keeping our streets safe, preventing fires, providing safe drinking water, operating good schools, running libraries, recreation programs and senior citizens activities, repairing our roads and disposing our trash. Through the years, town government has delivered these and other key services ensuring a higher quality of life for the inhabitants of the town. Yet because these municipal services have been so reliable, we tend to take them for granted.

We will continue to provide the most cost effective and efficient town government possible, thereby keeping the fiscal burden of the taxpayer at a minimum.

Growth continued in a controlled manner in Avon. Baldini's Restaurant and Home Depot opened in Merchants Park during October and Wal-Mart started construction on the former Avon Drive-In site in November.

We are constantly monitoring the approach to the limits of growth, for while growth brings benefits it also imposes severe impacts upon the ability to provide services. Moreover, we are vigil in assuring that while this growth occurs, it does not negatively alter the residential areas of the town.

We extend appreciation to all elected and appointed officials of the town, and we acknowledge that it has been a privilege to serve you as your Board of Selectmen.

John J. DeMarco, *Chairman*

William E. Enright, *Clerk*

Frederick T. Williams, *Associate Member*

SELECTMEN OF AVON

# REPORT OF THE TOWN CLERK

To the Honorable Citizens of the Town of Avon:

The annual report of the Town Clerk is herewith submitted as of December 31, 1993. This report will include the following:

**A. TOWN MEETINGS:**

Annual Town Meeting – May 4, 1993  
Adjourned session – May 5, 1993  
Special Town Meeting – May 4, 1993  
Special Town Meeting – October 26, 1993  
Special Town Meeting – December 14, 1993

**B. ELECTIONS:**

Town Election – April 12, 1993

**C. VITAL STATISTICS:**

Birth, death and marriage statistics  
1992 and 1993

**D. APPOINTMENTS, RESIGNATIONS AND TERMINATIONS**

**E. LICENSES:**

County dog licenses  
State fishing, hunting and sporting licenses, etc.

The 1993 Town Clerk's report will include vital statistics omitted from the 1992 report. In an effort to inhibit the availability of records for unsavory purposes, the Massachusetts Town Clerks' have petitioned the Legislature to amend the General Laws of the Commonwealth to limit the publishing of information regarding persons under the age of seventeen. Until that is accomplished or until such time or when the Town General By-Laws are changed, there will be listing of all vital statistics in future town reports. I apologize to anyone inconvenienced by the deletion of those records from the 1992 report.

The annual census was conducted as well as the statistics for the School Department Census. In 1993 there was only one election. This year is the house-keeping year for the Town Clerk's office. Due to the changes in prsonnel it was difficult to accomplish any extra tasks.

I take this opportunity to thank the Board of Registrars, Lionel Berig, Chairman; Angie Worcester and Anne B. Morrissey. During each registration period these registrars conduct required sessions when the town offices are closed for regular business.

I wish to extend my appreciation to Niki Rumbos, who is assigned to the clerical tasks, and Renee Clark who retired from the reception and licensing desk in the Town Hall, to the citizens of Avon and the members of all boards and committees for their continued support and cooperation during the past year.

Respectfully submitted,

Lorraine E. Meninno, CMC

*Town Clerk & Town Treasurer*

*Town Clerk & Town Treasurer*

# ANNUAL TOWN MEETING

## TUESDAY, MAY 4, 1993

The meeting was called to order at 7:30 p.m. by the moderator, Frank Staffier. He called for a recess until a quorum was reached. The meeting reconvened at 8:05 p.m. It was announced that 222 voters had checked into the hall.

Moderator Staffier called for a moment of silence in memory of Agnes Chapman and Victor Tucker who had passed away earlier in the year.

The moderator then recessed to the Special Town Meeting, held within the Annual Town Meeting. Moderator Staffier then recognized State Senator Michael Morrissey who was present at the meeting.

The annual town meeting reconvened at 8:54 p.m. Moderator Staffier read the notice of posting.

April 26, 1993

Town Clerk  
Lorraine E. Meninno  
Avon Town Offices

This is to certify that I have posted twenty (20) copies of the Warrant for the Annual Town Meeting on May 4, 1993, in accordance with Article II, Section II of the Town of Avon By-Laws, and directed in said Warrant in seven (7) public places. The seven (7) public places are as follows:

Avon Post Office	Avon Town Hall	Avon Pharmacy
Avon Cleaners	Geary's Liquors, Inc.	April's Markets, Inc.
	Avon Fire & Police Station	

Robert R. Geary

April 6, 1993

Moderator Staffier recessed the meeting to convene the Special town meeting scheduled for 8:00 p.m.

At 8:55 p.m. Moderator Staffier reconvened the annual town meeting and called for Article 1.

### ARTICLE 1:

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to waive the reading of the reports and minutes of the previous session(s), and to hear and act on the annual reports of the Town Officers and several Town Departments for the year ending December 31, 1992, and to hear the reports of any committees.

## **ARTICLE 2:**

To see what sums of money the Town will vote to raise and appropriate for and to fix the salaries of the elected Town Officers for the Fiscal Year 1993-1994, or take any other action in relation thereto.

## **ARTICLE 3:**

To see if the Town will vote to raise and appropriate or transfer from available funds such sums of money as may be necessary to defray the Town charges for the ensuing Fiscal Year 1993-1994, including the salaries of the several elected officers of the Town and make appropriations for the same, or take any other action in relation thereto.

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to consider articles 2 & 3 together.

A motion was made and seconded and it was voted in the affirmative by the majority to take School Department line item 6000 out of order, after much discussion Line item #6000 was voted in the amount of \$2,770,000.

The meeting was recessed to May 5, 1993 at 7:30 p.m.

#### **ARTICLE 4:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to authorize the Board of Selectmen to enter into an agreement with other towns for sharing equipment and services.

#### **ARTICLE 5:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to accept the provisions of Section 22D of Chapter 32 of the Massachusetts General Laws as amended by Chapter 399 of the Acts of 1992, which provide for the establishment of a retirement system funding schedule to reduce the unfunded actuarial liability of the system.

#### **ARTICLE 6:**

To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Three Thousand, Five Hundred Dollars (\$3,500.) for Avon's' share of the Self-Help Out-Reach program to help support the continuance of Out-Reach service in Avon, or take any other action in relation thereto.

#### **ARTICLE 6:**

**THIS ARTICLE WAS WITHDRAWN.**

#### **ARTICLE 7:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to raise and appropriate the sum of Three Thousand, Four Hundred and Twenty-Nine (\$3,429.) for the construction and/or improvement of town roads as requested by the Board of Selectmen, and to be reimbursed from the Commonwealth of Massachusetts.

#### **ARTICLE 8:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to authorize the Board of Selectmen to accept and enter into a contract for the expenditure of any funds allotted or to be allotted by the Commonwealth of Massachusetts and or County for the construction, reconstruction and improvement of Town roads, or take any other action in relation thereto.

#### **ARTICLE 9:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to raise and appropriate the sum of Five thousand dollars (\$5,000.) for General Drainage.

**ARTICLE 10:**

To see if the Town will raise and appropriate or transfer from available funds the sum of Five Thousand Dollars (\$5,000.) for General Engineering, or take any other action in relation thereto.

**ARTICLE 10:**

**THIS ARTICLE WAS WITHDRAWN.**

**ARTICLE 11:**

To see if the Town will raise and appropriate or transfer from available funds the sum of Five Thousand Dollars (\$5,000.) to hire a consultant to review existing computer system with a view of interfacing with all departments, or take any other action in relation thereto.

**ARTICLE 11:**

**THIS ARTICLE WAS WITHDRAWN.**

**ARTICLE 12:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to authorize the Treasurer, with the approval of the Selectmen, to borrow in anticipation of the revenue for the period beginning July 1, 1993 to June 30, 1994 in accordance with the General Laws, Chapter 44, Section 4, Acts in amendment thereof, Chapter 849 of the Acts of 1969, as amended, and to renew any note or notes as may be given for a period of less than one (1) year, in accordance with the General Laws, Chapter 44, Section 17.

**ARTICLE 12:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to authorize the Treasurer, with the approval of the Selectmen, to borrow in anticipation of the revenue for the period beginning July 1, 1993 to June 30, 1994 in accordance with the General Laws, Chapter 44, Section 4, Acts in amendment thereof, Chapter 849 of the Acts of 1969, as amended, and to renew any note or notes as may be given for a period of less than one (1) year, in accordance with the General Laws, Chapter 44, Section 17.

**ARTICLE 13:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to authorize the Treasurer and/or Tax Collector, with the approval of the Selectmen, to enter into written agreements with banking institutions for a period not to exceed one (1) year, in accordance with Chapter 740 of the Acts of 1985.

**ARTICLE 14:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to raise and appropriate the sum of Three Thousand, Five Hundred Dollars (\$3,500.) for auditors to prepare Schedule A, required by the Department of Revenue, Commonwealth of Massachusetts.

**ARTICLE 15:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to raise and appropriate the sum of Twelve Thousand Dollars (\$12,000.) the second of five annual installments totaling \$60,000. to pay for the construction of the Avon Library Parking lot.

**ARTICLE 16:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to amend Chapter VII–Police Regulations by striking Section 2 of the General By-Laws of the Town of Avon and inserting a new Section 2–Soliciting as follows:

**A. Purpose:**

This By-Law, adopted pursuant to G.L. c.43b.s.13 and Article 89 of the Amendments to the Constitution of the Commonwealth of Massachusetts, establishes registration requirements and specific operation requirements of all persons intending to engage in door-to-door canvassing or solicitation in the Town of Avon in order to (1) protect its citizenry from disruption of the peaceful enjoyment of the residences and from the perpetration of fraud of other crimes; and (2) to allow for reasonable access to residents in their home by persons or organizations who wish to communicate either commercial or non-commercial messages.

**B. Definitions:**

1. “Soliciting” shall mean and include any one or more of the following door-to-door activities:
  - a. selling or seeking to obtain orders for the purchase of goods or services for any kind of consideration whatever;
  - b. selling or seeking to obtain prospective customers for application or purchase of insurance of any kind;
  - c. seeking to obtain subscriptions to books, magazines, periodicals, newspapers or any other type of publication.
  - d. seeking to obtain gifts or contributions of money, clothing, or any other valuable thing for the support or benefits or any association organization or corporation or project;
  - e. seeking to obtain information on the background, occupation, economic status, political or religious affiliation, attitudes,

viewpoints or the like of the occupants of a residence for the purpose of selling or using such data, wholly or in part, for commercial purposes.

2. "Canvassing" shall mean and include any one or more of the following door-to-door activities.
  - a. person-to-person distribution of literature, periodicals or other printed materials, but shall not include placing or dropping off printed materials on the premises;
  - b. circulation of petitions;
  - c. seeking to enlist membership in any organization;
  - d. seeking to present, in person, organizational information or doctrine.

### **C. Registration:**

Every person or organization intending to engage in soliciting or canvassing door-to-door in the Town of Avon must register with the Police Department at least 3 days in advance by filing a registration application form with the Chief of Police.

1. Organization application forms shall include the following information:
  - a. The name and address of the organization applying for registration, and the names and addresses of the organization applying for registration, and the names and addresses of the organization's principal of officers.
  - b. The name, title and telephone number, IRS or social security number of the person filing the application form.
  - c. The names and address of the person(s), if any, who will be directly supervising the solicitation or canvassing operation in the Town of Avon.
  - d. A list of the names, addresses, dates of birth, and social security numbers of all individuals who will be employed in solicitation or canvassing by the applicant.
  - e. Period of time for which certificates of registration is needed. (note: no certificate may be granted for longer than 90-day period).
  - f. Names of the last three communities (if any) in which the organization has conducted a solicitation or canvassing operation.
2. Individual registration forms shall be required for all individuals, including those who are affiliated with an organization registered under C. (1). Individual registration forms shall contain the following information:

- a. Name and address of the present place of residence and length of residence at that address; if less than three years residence at present address, the address of residence(s) during the past three years.
- b. Date of birth.
- c. Name and address and telephone number of the person or organization whom the applicant represents and the length of time the applicant has been associated with or employed by that person or organization.
- d. Name and address of employer during past three years if other than listed in (c).
- e. Period of time for which certificate of registration is needed (note; no certificate may be granted for longer than a 90-day period).
- f. Names of the last three communicates (if any) in which the applicant has solicited or canvassed door-to-door.
- g. Social Security number.
- h. Recent passport-sized photograph of the applicant to be affixed to registration card.
- i. Make, model and registration number of any vehicle to be used by the applicant while soliciting or canvassing.

#### **D. Registration Fee:**

Each applicant for registration or re-registration shall pay a fee of \$5.00 to the Town.

#### **E. Registration Cards:**

1. The Police Chief shall furnish each person engaged in solicitation or canvassing with a registration card which shall contain the following information:
  - a. The name of the person.
  - b. A recent photograph of the person.
  - c. The name of the organization (if any) which the person represents.
  - d. A statement that the individual has been registered with the Town of Avon Police Department but that registration is not an endorsement of any individual or organization.
2. Persons engaged in solicitation or canvassing must carry the registration card at all times and present the card to any person solicited or upon request of any police officer.
3. Registration cards are valid only for the specific dates or time period specified thereon and in no case for longer than 90 days.

4. The Police Chief shall refuse to register an organization or individual whose registration has been revoked for violation of this by-law within the previous two-year period, or who has been convicted of any crime affecting personal safety.

**F. Exceptions:**

1. Registration shall not be required for officers of employees of the town, county, state or federal governments when on official business and candidates for public office.
2. Individual registration shall not be required for minors under the age of 18 except in connection with canvassing or soliciting on behalf of a profit organization.

**G. Duties of Solicitors:**

1. It shall be the duty of every solicitor or canvasser upon going onto any residential premises in the Town of Avon, to first examine any notice which may be posted prohibiting solicitation. If such a notice is posted, the solicitor or canvasser shall immediately and peacefully depart from the premises.
2. Any solicitor or canvasser who has gained entrance to any residence, whether invited or not, shall immediately and peacefully depart from the premises when requested to do so by the occupant.
3. Immediately upon gaining entrance to any residence, each solicitor or canvasser must do the following:
  - a. Present his registration card for inspection by the occupant.
  - b. Request that the occupant read the registration card.
  - c. Inform the occupant in clear language, of the nature and purpose of his business and, if he is representing an organization, the name and nature of that organization.
4. It shall be the duty of every organization employing solicitors or canvassers to notify the Police Department daily as to what area(s) of the Town they will be operating in.

**H. Restrictions on Methods of Solicitation:**

It shall be unlawful for a solicitor or canvasser to do any of the following:

1. Falsely represent, directly or by implication, that the solicitation or canvassing is being done on behalf of a governmental organization.
2. Solicit or canvass at any residence where there is a posted sign prohibiting solicitation, without express prior permission of an account.

3. Solicit or canvass at any residence without express prior permission of an occupant, before 9:00 a.m. or after 8:00 p.m. where there is no sign posted otherwise limiting solicitation or the hours of solicitation.

#### **I. Penalty:**

1. Any person or organization violating any of the provisions of this by-law shall be subject to a fine of \$100.00 for each offense.
2. Any person or organization who for himself, itself, or through its agents, servants or employees violates any provision of paragraphs G or H of this by-law, or who knowingly provides false information on the registration application, or who is found after investigations by a police officer, to have conducted himself or itself in a threatening, abusive or illegal fashion, shall have his, her, or its registration revoked by the Chief of Police by written notice delivered to the holder of the registration in person, or sent to the holder by certified mail at the address set forth in the application.

#### **J. Appeals:**

Any person or organization who is denied registration or whose registration has been revoked may appeal by filing a written notice of appeal with the Board of Selectmen. Such appeal must be filed within 5 days after receipt of the notice of denial or revocation. The Board of Selectmen shall hear the appeal at its next scheduled meeting after the filing of the written notice of appeal, provided, however, that if the board of Selectmen fails to make a determination within 30 days after the filing of the appeal, the registration shall be deemed granted or reinstated as the case may be.

#### **K. Severability:**

Invalidity of any individual provision of this by-law shall not affect the validity of the by-law as a whole.

#### **ARTICLE 17:**

To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Two Thousand Dollars (\$2,000.) to update the printing of the Town of Avon By-Laws, or take any other action in relation thereto.

#### **ARTICLE 17:**

**THIS ARTICLE WAS WITHDRAWN.**

#### **ARTICLE 18:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to raise and appropriate the sum of Twenty-Two Thousand Dollars (\$22,000.) to purchase and equip a new 4 x 4 Utility Vehicle to be used by the Fire Department.

**ARTICLE 19:**

To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Seventeen Thousand Dollars (\$17,000.) to purchase and equip a new Chiefs' car to be used by the Fire Chief, or take any other action in relation thereto.

**ARTICLE 19:**

**THIS ARTICLE WAS WITHDRAWN.**

**ARTICLE 20:**

To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.) to update the telephone system in the Town Hall, or take any other action in relation thereto.

**ARTICLE 20:**

**THIS ARTICLE WAS WITHDRAWN.**

**ARTICLE 21:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000.) to replace the present radio communications system currently used by the Police Department.

**ARTICLE 22:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to raise and appropriate the sum of Eighteen Thousand Dollars (\$18,000.) and in addition transfer the remaining unexpended balance of Two Hundred and Twenty-six Dollars and Five Cents (\$226.05) from Article 19 S.T.M. 1990, to enable the Water Commissioners to maintain the town water supply wells.

**ARTICLE 23:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to raise and appropriate the sum of Thirty-Five Thousand, Six Hundred Dollars (\$35,600.) to install 510 feet of 12 inch water main on Hendricks Street from East Spring Street to Crowley School.

**ARTICLE 24:**

To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Seven Thousand Four Hundred and Ninety-Four Dollars (\$7,494.) to remove and replace the existing tar and gravel roof on the Avon Water Department Garage, or take any other action in relation thereto.

**ARTICLE 24:**

**THIS ARTICLE WAS WITHDRAWN.**

## **ARTICLE 25:**

To see if the Town will vote to accept the provisions of Massachusetts General Law, Chapter 44 Section 53E and create a Revolving Account to deposit all monies received by the Avon Water Department as inspection fees in compliance with the Massachusetts Safe Drinking Water Act/Cross Connection Control Regulations, (310 CMR 22.22). Such monies shall be used for expenses incurred in providing inspections and the maintaining of records and payments, or take any other action in relation thereto.

## **ARTICLE 25:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to accept the provisions of Massachusetts General Law, Chapter 44 sec. 53E and create a Special Account to deposit all monies received by the Avon Water Department as inspection fees in compliance with the Massachusetts Safe Drinking Water Act/Cross Connection Control Regulations, (310 CMR 22.22). Such monies shall be used for expenses incurred in providing inspections and maintaining records and payments for Cross Control Program.

## **ARTICLE 26:**

A motion was made and seconded and it was **VOTED IN THE AFFIRMATIVE BY THE MAJORITY** to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.) to install the backflow devices in compliance with Massachusetts Cross Connection Regulations, Safe Drinking Water Act 310 CMR, 22.22, in the Town Hall and the Council on Aging Building.

## **ARTICLE 27:**

To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Forty-Seven Thousand, Five Hundred Dollars (\$47,500.) to install an emergency power generator and the appurtenant work for the Porter Well pumping station and the town garage at Avon Place, or take any other action in relation thereto.

## **ARTICLE 27:**

**THIS ARTICLE WAS WITHDRAWN.**

Adjourned at 10:42 p.m.

Respectfully submitted,

Lorraine E. Meninno, CMC  
*Town Clerk & Town Treasurer*

# REPORT OF THE TOWN TREASURER

To the Honorable Citizens of the Town of Avon:

The following report of the Town Treasurer is herewith submitted as of December 31, 1993. This report will include statistics compiled on a fiscal year basis as well as calendar year information.

## CASH MANAGEMENT REPORT FISCAL YEAR ENDING JUNE 30, 1993

Book balance at end of quarter	Non-Interest checking	Interest Bearing	Money Markets	Totals
Balance June 30, 1992				\$1,695,555.
Quarter ending				
September 30, 1992	\$1,156.	\$737,653.	\$343,861.	\$1,082,671.
December 31, 1992	1,156.	442,592.	499,457.	943,205.
March 31, 1993	1,156.	721,969.	354,487.	1,077,612.
June 30, 1993	1,156.	532,280.	932,794.	1,466,230.
Totals:	4,624.	2,434,494.	2,130,599.	4,569,718.
Average Balance:	1,156.	608,624.	532,650.	1,142,430.
% of Bank and Investment Interest on above accounts				03%.
Interest earned on above accounts				\$26,670.
Interest earned on Trust Funds				\$15,639.
<b>Total Interest earned FY 92-93</b>				<b>\$42,309.</b>

The effects of the Education reform act for FY 95 coupled with level-funding of the State Aid will prevent the use of Free Cash to accomplish certain necessary projects for the benefit of the entire town. During this current budget the final payment will be made on the first Water Bond which was issued in 1984. This bond issue was exempt from the constraints of Prop. 2½ and does not impact the levy limit. The current interest rates are at the lowest level in recent memory. This would be an excellent opportunity to borrow for such capital improvement plans.

I would like to thank all elected and appointed department heads who help the Town Treasurer keep the cash of the town liquid by notifying me in advance of large pending expenditures. This allows the treasurer to provide the funds necessary to pay the bills and payrolls of all departments.

I would like to extend a special thank you to Virginia Fontana, who served as Town Accountant from March 1990 until July of 1993. I wish her much success and happiness in her new endeavors. I wish also to thank Jean Kopke of the cler-

ical pool who is assigned to the clerical tasks in the treasurer's office and to welcome Louis Malzone who is currently serving as Town Accountant.

Respectfully submitted,

Lorraine E. Meninno, CMC

## REPORT OF THE TOWN ACCOUNTANT

To the Honorable Board of Selectmen:

I hereby submit the following reports for the Town of Avon for the Fiscal year 1993/1994: Trial Balance and Summary of Accounts.

In addition, I would like to thank the former Town Accountant Virginia Fontana for her invaluable help and assistance during my first few months.

Also, I would like to thank the Town Clerk & Treasurer Lorraine E. Meninno and all the members of the Town Hall staff who have been extremely cooperative and have greatly assisted me during the transition period.

Respectfully submitted,

Louis F. Malzone  
*Town Accountant*

# Town of Avon Massachusetts

## Board of Selectmen

John J. DeMarco  
Chairman

William E. Enright  
Fred T. Williams

Town Offices  
Buckley Center 02322  
(508) 588-0414  
Fax (508) 559-0209

Ms. Mariellen Murphy, Director of Accounts  
Commonwealth of Massachusetts  
Division of Local Services  
P.O. Box 9655  
Boston, MA 02114-9655

Dear Ms. Murphy,

Enclosed is a balance sheet of all accounts of the Town of Avon, Massachusetts as of June 30, 1993.

The balance sheet has been compiled by Malone & Company of Brewster, MA. You may direct any questions to George Malone if you so choose. His telephone number is (508) 240-1511.

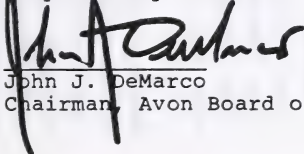

A compilation is limited to presenting in the form of a financial statement (in this case, a balance sheet), information that is the representation of Management of the Town of Avon. Malone & Company did not audit or review the accompanying balance sheet and accordingly, does not express an opinion or any other form of assurance on it.

There were no free cash appropriations at our Annual Town Meeting for Fiscal 1994. All appropriations through June 30, 1993 affecting free cash have been posted in arriving at the accompanying balance sheet at June 30, 1993.

Encumbered teachers' salaries, at June 30, 1993, were paid during the summer of 1993.

Snow and ice deficit was approved by the Board of Selectmen and Finance Committee in accordance with Chapter 44, Section 31D of the General Laws of Massachusetts.

Respectfully submitted,

John J. DeMarco  
Chairman, Avon Board of Selectmen

## REPORT OF THE FINANCE COMMITTEE

To the Citizens of Avon:

The Finance Committee has continued to publish its Informational Report and see that it is mailed to every household in Avon. The report provides information on financial affairs, budget items, and other related aspects of town government. Reports were sent in May (2), November, and December.

In Fiscal Year 1993, the Finance Committee approved twenty-nine transfer requests for funds from its Reserve Account. The total of funds transferred for the year was \$72,850.21; the remaining \$2,149.79 was returned to general revenue. The Finance Committee ran out of funds in the Reserve Account to cover all transfer requests for FY 1993.

The Finance Committee experienced two changes in personnel over the past year. Chuck Clinton stepped down on the expiration of his third term on the Committee; we appreciate his nine years of faithful service and we miss him. He has been replaced by William McCarriston who is an experienced FinCom member. V. Paul Salinger has also resigned because of relocation out of Avon and has been replaced by Sandra O'Toole. The Finance Committee welcomes both new members and we look forward to working together in the coming years.

We would like to thank our secretary, Barbara Littlefield, for her efforts throughout the year and especially for her help in preparing the Finance Committee Report for the Annual Town Meeting.

Respectfully submitted,

Roland Blanchette, *Chair*

Charles Comeau, *Vice-Chair*

William McCarriston

Joseph Hogan

Edward Mekjian

Richard Young

Sandra O'Toole

## REPORT OF THE TOWN MODERATOR

I would like to report that the Town of Avon has a very active seven person Finance Committee and five person Personnel Board. The Town's Finance Committee has won an award for its Town Meeting Warrant and on behalf of the Town I commend them. The Finance Committee Chairman is Roland Blanchette, the Personnel Board Chairperson is Ms. Grace O'Meara. Two new members appointed this year are on the Finance Committee, Ms. Sandra O'Toole, and on the Personnel Board, Ms. Sandra Blanchette. I would like to thank Mr. Paul Young for his years of dedication to the Town of Avon and its Personnel Board and I would like to thank Mr. Paul Sallinger for his work, on behalf of the Town, on the Finance Committee.

Respectfully submitted,

Frank Staffier  
*Town Moderator*

# REPORT OF THE TAX COLLECTOR

Ust Removal Permits .....	22
<b>FEES AND REIMBURSEMENTS COLLECTED .....</b>	<b>\$8,217.50</b>
<b>AMBULANCE RECEIPTS .....</b>	<b>\$40,133.30</b>

The Avon Fire Department currently has 27 members, 2 are full time firefighters, 25 are call members, with 25 certified as E.M.T.'S at various levels.

The Fire Department responded to 628 runs last year of which 121 were for investigations and public assistance, the balance of 507 runs were for various emergency runs that box alarms were struck for.

The Fire and Police complex is too small for everyday operations. The need for more room was validated many years ago but has been in a holding pattern for several years. This has to be dealt with some time in the near future. For the time being, I am requesting two mini storage trailers to help with the overcrowding, which will serve as a temporary short term solution.

There has been some growth in new construction. Major buildings such as Home Depot, Staples Plaza and Wal-Mart have increased the need for plan review, inspections, permits and fire prevention. It is becoming difficult to keep up with this workload with our current staffing levels. A need for increased staffing may be in the near future.

This has been a very busy year for removal of underground storage tanks, 22 permits were issued to remove that many tanks, some of which were leaking. An incident did occur in town on May 23, 1993 at the state D.P.W. yard on Pond St., where the department stood by at a spill of over 1500 gallons of gasoline. The Fire Department is committed to insure the safety of the town's public water supply.

The Fire Departments E.M.S. services have been continually upgraded and improved as time goes on. We currently have three E.M.T.-I's and one pending paramedic certification. E.M.T.-I's have been certified in Endotracheal Intubation, an advanced airway management skill used for the resuscitation of the unconscious patient.

The state has finally approved the use of Epinephrine injections to help the patient suffering from an allergic reaction to a bee sting or shellfish.

Advanced life support runs have continued to increase and now make up over 11% of our medical emergencies.

The ambulance, which was put into service in October of '92 has been very reliable, and has worked out well in the advancement of emergency care services in town. Both its size and design has allowed the department to carry equipment that is vital to our operation.

Awareness in infection control has been heightened by the use of in-service training. Biohazard control through the use of various contamination control procedures and equipment have been instituted. Hepatitis shots and T.B. testing have been offered to all members.

The Town's Fire Alarm System continues to be routinely maintained. However, the present fire alarm truck chassis is of 1974 vintage and has continually been unreliable and may be somewhat unsafe and continues to be a problem vehicle as far as maintenance is concerned the vehicle should be replaced this year with a new cab and chassis unit.

Firefighter training in areas such as search and rescue, ladders, high angle rescue and E.M.S. continues to be extensive on Monday Night drills. Firefighters have also attended the Mass. Firefighting Academy and the Meadowood Drill Yard for more advanced training.

I would like to thank all the town boards, in particular the Board of Selectmen, the Building Inspector, and Water Department for their cooperation this year.

Respectfully submitted,

Jackson G. Macomber  
*Fire Chief*

# REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen:

Our new computers are in operation and they are being kept busy as we logged 9,454 items during the year.

We now have a better statistics report and if we keep the hardware updated the program should last for years to come.

E-911 is being developed and may be in operation in the next year. this will enable persons not familiar with the area to have their emergency calls routed with accuracy to the station. It will also enable us to determine the address of the caller.

On the down side, the equipment will take up a lot of space and space is already at a premium in the Dispatch Office. More space will be needed to meet their requirements.

The cruisers are recording high mileage and it is desirable to replace more than one cruiser per year.

We had one officer transfer from the department and during the year another permanent full time officer was appointed and will be going to the training academy in October.

In order to give the best and safest coverage, I feel that each shift should have a minimum of three officers assigned. Many times we do not have this.

The training of our personnel continues to be a priority and will continually be going on as much as our budget allows. Training and equipment must be updated regularly.

Our Detective did an excellent job during the year. He took prints and photos of many crime scenes and because of this suspects were charged with the crimes, including a bank robbery of which a suspect is awaiting trial.

The new radio system is near completion and our signal will be going to a repeater located on the Page Street water tower, enabling us to transmit and receive our portables and car radios to all areas of the Town.

Our D.A.R.E. and Juvenile Officers are working within the school system on a regular basis with gratifying results.

We invite all our citizens to call the station at any time when something of a suspicious nature is seen. These calls are very helpful.

I wish to thank our police officers, dispatchers, and all out Town Boards and Departments for assisting us during the year, and we look forward to assisting you in the years to come.

Respectfully submitted,

Robert R. Geary  
Chief of Police

# REPORT OF THE BUILDING DEPARTMENT

To the Honorable Board of Selectmen:

The following is the report of the Building Inspector for the period from January, 1993 through December, 1993.

There were 138 permits issued in 1993. They included the following:

<i>Permits</i>	<i>Purpose</i>	<i>Valuation</i>
7	New Indus./Comm. Structures	\$5,269,608.00
3	Residential Structures	260,500.00
34	Residential Alterations	257,400.00
23	Indus./Comm. Alterations	439,960.00
3	Garages	48,955.00
4	Sheds	3,898.00
7	Decks/Swimming Pools	11,320.00
57	Various Permits: Stoves, Signs, Vinyl Siding, Fences, Occupancy Permits & Re-issues	<u>76,900.00</u> \$6,378,991.00

The sum of \$63,246.00 was collected for all types of permits and certificate of inspections and turned over to the Town Treasurer.

I wish to thank the Alternate Building Inspector, Paul Tolson, the Wire Inspector, the Fire Chief and all the Town Office Personnel for their cooperation.

Respectfully submitted,

Robert Mottau  
*Building Inspector*

# REPORT OF THE WIRE INSPECTOR

To the Honorable Board of Selectmen:

The following is my report for electrical permits issued from January to December, 1993:

Permits issued .....	116
Total Fees Collected.....	\$7,465.00

I wish to thank the Alternate Wire Inspector, Dennis Collum, the Town Clerk's Office, Fire Chief Jackson Macomber, and the Building Inspector, Robert Mottau for their cooperation this past year.

Respectfully submitted,

John J. Lee  
*Wire Inspector*

## REPORT OF THE GAS INSPECTOR

To the honorable Board of Selectmen:

The following is my report for electrical permits issued from January to December, 1993:

Permits issued .....92

Total Fees Collected.....\$1,733.00

I wish to thank the Alternate Gas Inspector, Joseph Donovan, the Town Clerk's Office, the Fire Chief, Jackson Macomber and the Building Department for their cooperation and help.

Respectfully submitted,

Alexander Campbell  
*Gas Inspector*

## REPORT OF THE PLUMBING INSPECTOR

To the Honorable Board of Selectmen:

The following is my report for plumbing permits issued from January through December, 1993:

Permits issued .....106

Total Fees Collected.....\$2,698.00

I would like to thank the Alternate Plumbing Inspector, Joseph Donovan, the Town Clerk's Office, the Building Department and the Fire Chief for their cooperation and help.

Respectfully submitted,

Alexander Campbell  
*Plumbing Inspector*

## REPORT OF THE LOCAL EMERGENCY PLANNING COMMITTEE

The fire department's hazardous materials trailer has again this year been monitored and upgraded by the LEPC.

On an ongoing basis, the committee, in conjunction with the civil defense and the fire department, has upgraded information regarding capacities and facilities in the school and public buildings in case the town is involved with an evacuation on an area.

Members of the committee have continued to organize information regarding hazardous materials in town and have provided input relating to our town's needs if a major hazardous materials event occurs. Their time and efforts are appreciated.

Respectfully submitted,

L.E.P.C. Members

Justin G. Cronin, *Chairman*

Selectman William Enright

Selectman John Demarco

Selectman Fredrick T. Williams

Fire Chief Jackson Macomber

Police Chief Robert Geary

Gerald Picardi, Board of Health

Patricia Vallon, Police & Fire Dispatcher

Scott Sweet, full-time Firefighter

Barbara Beck Ramsay, Newspaper Correspondent

Edward Williams, Member at Large

## REPORT OF AVON CIVIL DEFENSE

The civil defense is now commonly being referred to as the town's emergency management agency because of the broader responsibilities it has before, during, and after large scale emergencies.

The emergency operations center, located at the town hall, contains two large wall maps used to identify watershed areas, schools, well fields, and transportation routes so that emergencies in the town can be coordinated effectively.

Avon Emergency Management Agency has updated its radio communication system and is currently on an outside repeaterized system with plans to improve to a self contained system in the future.

Fortunately, Avon Emergency Management Agency was in a position to assist the Police Department with communications on a couple of occasions. During a failure of the police department's radio system, a transmitter from civil defense was loaned to the police department dispatch center. Again, when a delay on frequency assignment posed a problem to the police department, the civil defense was able to assign a civil defense radio frequency on an emergency basis to facilitate the using their new radio system.

Radiological gear has been tested and is located on responding fire department apparatus, and the town's comprehensive emergency management plan has been updated.

Through the work of the Avon Emergency Management Agency over the last few years the town has received reimbursements totaling over thirty thousand dollars for storm related damages from the state and federal government.

The Avon Emergency Management Agency has seen a growth in membership (including a certified emergency radio operator) and is pleased that citizen involvement has improved.

Respectfully submitted,

Justin Cronin  
*Civil Defense Director*  
Carl Fischer  
*Deputy Director*

# REPORT OF THE BOARD OF HEALTH

The Avon Board of Health is pleased to submit its report for the Calendar Year 1993.

The Solid Waste bans imposed by the state have greatly reduced the amount of trash being dumped in the landfill. The cooperation of Avon residents in recycling is greatly appreciated. The town now has a compost site for leaves and brush and Bi-weekly curbside recycling of newspapers, can and bottles. We have contracted for curbside pick up of metals and white good four times a year. The contract with the BFI East Bridgewater landfill requires them to hold a hazardous waste drop off twice a year. The cost for disposal of recyclable and waste material was \$165,500 in FY 1990 and is now \$132,000.00 for FY 1993.

There were new construction residential sanitary disposal permits issued in 1993 - 22 permits for repairs and 2 permits for commercial construction issued.

The Board of Health has continued to sponsor the monthly Blood Pressure Clinic at the Council on Aging and has started a Mammography Testing. Mobile Diagnostics sets up their van at the Town Offices twice a year to detect breast cancer in the early stages, while it is 100% curable.

The Health Agent, with the help of the Brockton Visiting Nurse Association, is in continuous surveillance of all reportable Communicable Diseases. The Board is utilizing Tobacco Control Funds to hire Judy Witkowsky as Coordinator.

Continuous monitoring of surface and ground water has resulted in a marked improvement of water conditions at the Town well field of Brockton Reservoir, while still allowing controlled expansion of the Commercial tax base. The public water supply is also protected by a regulation prohibiting the use of harmful chemicals in septic systems.

The Board would like to acknowledge the Building Inspector, Water Superintendent, Fire Chief and Police Chief for their assistance during the year, and the cooperation of all town employees and their respective departments.

Respectfully submitted,

Gerald E. Picardi, *Chairman*

Richard J. Mercuri, *Clerk*

Thomas J. Grenham, *Associate Member*

# REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch to sustain larval growth.

**Source Reduction Work:** Our primary efforts are concentrated on the drainage of shallow, standing, stagnant water, and the maintenance of existing low systems which contribute to mosquito breeding sources.

Drainage Ditches Cleaned	789 feet
--------------------------	----------

**Larviciding:** Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Larvicide by backpack/Briquettes/mistblowers	40 acres
--	----------

**Adulticiding:** The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying or threatening to residents.

Adulticide U.L.V. from trucks	1,011 acres
-------------------------------	-------------

Surveys, inspections and monitoring in support of our program include locating and mapping breeding areas, larval and adult collections and field work evaluations leading to better drainage.

The Project received 35 calls from residents for information and assistance.

Respectfully submitted,

John J. Smith, *Superintendent*

## REPORT OF THE PLANNING BOARD

To the Honorable Board of Selectmen:

The following is the Annual Report of the Avon Planning Board.

The Board would like to welcome its newest member Dolores Daigle and extend our thanks to retiring member Paul Whittall for 10 years of service to the Town of Avon.

We have continued working with a local surveyor on the zoning map in order to reflect new zoning changes and provide the most accurate detailing as possible.

We continue the process of revising the Zoning By-Law book to include new by-laws and to allow for the ease of future changes.

Site Plan hearings were held and information reviewed for the following new projects in Town:

1. Home Depot
2. Wal-Mart
3. Baldini's
4. Sammy K's and
5. Mack Truck Service Center.

Subsequently all sites were approved with revisions and modifications by the Board.

Subdivision, excepting Avon Merchants Park, have remained inactive this year.

Townsend Estates subdivision was rescinded due to lack of surety posting and inactivity.

The Board has remained in contact with Old Colony Planning Council, as we continue the tedious process of revising the master plan.

The Board would again like to urge all residents to become familiar with zoning by-laws in order to expedite any requested building permits.

We would like to thank the other Town Boards for their continued cooperation.

In conclusion, the Avon Planning Board will continue to carefully review all information presented to us by maintaining standards of the law and placing as a priority the quality of life enjoyed by the residents of Avon.

Respectfully submitted,

Robert Pillarella, *Chairman*

Matthew Curley, *Vice Chairman*

Daniel Condon, *Clerk*

Steve Rose, *Associate*

Dolores Daigle, *Associate*

# REPORT OF THE OLD COLONY PLANNING COUNCIL

To the Honorable Board of Selectmen and Citizens of the Town of Avon:

As your representatives to the Old Colony Planning Council, we are pleased to present this report on behalf of the Council for 1993.

The Old Colony Planning Council is established by state statute as the Regional Planning Agency for fifteen communities in the greater Brockton-Plymouth areas and is authorized to prepare plans for the physical, social and economic development of the District. As the designated Regional Planning Agency, the Council serves as a clearinghouse for federal and state grant program applications, a data and information center, a component in the environmental review process, and reviews applications for state financial assistance loan programs. In addition, the Council is the Metropolitan Planning Organization for transportation planning; is designated as an Economic Development District by the U.S. Department of Commerce, Economic Development Administration; and, is the Area Agency for Aging for the planning and administration of Elder Services for a twenty-three community area of Southeastern Massachusetts.

Each municipality is represented on the Council by one delegate and one alternate delegate member. The Council members establish policy, develop the work program, employ the professional staff and determine the activities of the Council to be carried out by the staff. The Council meets on the last Wednesday of each month at 8:00 p.m. in the Council offices located at 70 School Street, Brockton, MA.

In 1993 the Old Colony Planning Council completed a series of forums on the topic of Regionalism which were presented in response to an increased interest in intermunicipal cooperation by local officials and driven by the difficult financial conditions at the local community level. The Council was supported in this effort by the Martin Institute of Stonehill College and other state, regional, and county organizations. There is a high level of interest in the ways that local governmental services might be delivered more efficiently and less costly through various means and these are being and will be continued to be pursued through the Council's efforts.

In 1993 the Council elected James A. Kassos the Delegate from Brockton as the Council President; John G. Mather of Halifax as Council Secretary; and Eldon F. Moreira of West Bridgewater as Council Treasurer. During the year, the Council's Executive Director Daniel M. Crane, was voted the Outstanding Executive Director of a Regional council in New England by the New England Association of Regional Councils and presented with an award.

The Council gratefully acknowledges the generous support and cooperation of its member communities, the participation and involvement of the members of the Joint Transportation Committee chaired by Mr. Stephen Baker; the Overall Economic Development Committee chaired by Mr. Joseph Joseph; and, the Area

Agency on Aging Advisory Committee chaired by Ms. Dolores Kent. The Council also recognizes the work of local boards and commissions and the governments agencies, public and private institutions and individuals who assisted the Council.

Respectfully submitted,

John J. DeMarco

*Delegate*

Robert Pillarella

*Alternate*

## REPORT OF THE WATER COMMISSION

Again, this past year the Commission was pleased to institute more safeguards, and improvements in the quantity, and quality of Avon's water. We have had a large increase in the testing, mandated by the Federal Government, and State Department of Environmental Protection, at great expense to our budget. We owe a great debt to the Finance Committee for helping us to maintain our present budget through their efforts at the Regular Town Meeting.

The Achievements this year were many, starting with the Hendricks Street main replacement, and total completion of the Back Flow Program, hopefully by the end of the year. We are still looking into a Bond for the 100 year old water mains on the East side of town, and there is still the water treatment that the State DEP says we must have in place by 1994.

Again the Commissioner's wish is to commend the water takers of the town, for their conservation efforts. We also wish to thank the Water Superintendent, and Department employees for their good work throughout the year.

Respectfully submitted,

Charles H. Linfield, *Chairman*

Walter L. Puckett, *Clerk*

Eugene F. Guilbault, *Associate*

# REPORT OF THE SUPERINTENDENT OF THE WATER DEPARTMENT

Gentlemen:

I submit for your consideration the 104th Annual Report for the year ending December 31, 1993.

This past year has been a busy and productive one. Approximately 2,270 feet of new water mains were added to our system.

1.) 1500 feet of 12 inch ductile-iron water main was installed at the Home Depot job-site on Stockwell Drive. Also, 6 hydrants and a 2 inch domestic water service.

2.) 550 feet of 12 inch ductile-iron water main was installed on Hendricks Street replacing a week 6 inch AC main. Twelve services were renewed from the main to curbstop valve. A new hydrant was added.

3.) 220 feet of 8 inch ductile-iron water main was installed off Stockwell Drive for Baldini's Restaurant, a 2 inch domestic service and one hydrant.

Last year, four hydrants were damaged by cars, a six inch water main break on Milbord Street and 34 other breaks and leaks, all requiring excavation. Most of which occurred in the older parts of the system.

Well pumping station #3 was cleaned and a new pumping unit installed.

A new pump was installed in the Troutbrook Wellfield station with good results.

A new roof was installed at the Water Department garage.

The master meters at our well pumping station were calibrated and found to be accurate. Fifty-four new water meters were installed including some larger commercial meters.

The Water Department, in compliance with the U.S.E.P.A. SDWA Safe Drinking Water Act has conducted extensive and expensive tests with good results.

As part of the (S.D.W.A.) Cross-connection control 310 CMR 22.22, 96% of all Commercial, Industrial services and fire sprinklers have been equipped with backflow preventers which is another big step in assuring the health and safety of the town.

## 1993 PUMPING STATISTICS

MONTH	GALLONS
JANUARY	13,858,100.
FEBRUARY	14,484,400.

RECEIPTS FROM SCRAP METAL SOLD: 267.12

# AVON CONSERVATION OFFICER'S REPORT

To the Honorable Board of Selectmen

The year 1993 was again very busy. The caseload was heavier than 1992. Examples of these caseloads are (3) notices of intent public hearings, (3) determinations public meetings and numerous meetings with town, state and neighboring town officials.

This does not include our regular twice a month meetings and various day to day routine investigations and site checks.

A comment on our "Town of Avon Wetlands Protections Bylaw".

By passing this bylaw, you, the citizens of Avon, have saved the Town thousands of tax dollars by passing the cost of engineering on to the developer.

The Conservation Commission and the Water Commission still share the joint cost of monthly water testing. This testing is very important.

I would request all town residents to be aware of illegal waste or fill, trash disposal and wetlands violations. Pollution, flooding and health hazards affect all of us. The protection of our water supply and wetlands are important to all.

I would like to thank all town departments, residents and last but not least, the members of the conservation commission for their cooperation and support in carrying out my duties as your conservation officer.

Respectfully submitted,

Eugene F. Guilbault  
*Conservation Officer*

# AVON CONSERVATION COMMISSION REPORT

To the Honorable Board of Selectmen:

We, the members of the conservation commission, submit our annual report for the year ending 1993.

The years prior to 1993 have been very busy and productive for the Commission, but 1993 was again a busy and productive year. We have been involved in many public hearings, regular monthly meetings and on site inspections. These projects involved not only working with our own town officials but also with officials from neighboring towns. Now that we have a working "Avon Wetlands Protection Bylaw", the burden of paying for engineering expertise has been removed from you, the taxpayer. The Bylaw is still saving the Town many thousands of dollars.

The Commission still feels the purchase of land to protect our public water supply is of paramount importance. A good example or maybe a bad example in the ongoing program to protect our public water supply showed up this year by the quick response and locating of a gasoline spill by our Fire and Police Dept. It appears a person or persons unknown to officials turned on a gasoline pump at the MA State Yard on Pond St. Approx. 2000 gallons of gas covered a wide area. Due to the efforts of many people the area has been completely cleaned up.

Over the years, the Commission has made progress in investigating, assessing and cleaning up potential hazardous sites before they could become detrimental to our Town. There is a site being tested now and it is well under control. We are working with the DEP, EPA and other Avon Town Boards on these projects and will continue to do so.

We would like to thank all Town Departments and the residents of Avon for their continued support, interest and cooperation.

Respectfully submitted

E. Guilbault, *Chairman*

B. Lane, *Vice Chairman*

A. Cartullo

P. Bouchie

P. Guilbault, *Secretary/Treasurer*

# REPORT OF THE HIGHWAY DEPARTMENT

To the Honorable Board of Selectmen"

## Highway Maintenance

All surfaced streets and sidewalks were cleaned and patched. The unsurfaced streets and shoulders were regravelled and regraded as needed.

Street and traffic signs were painted and straightened. Many street and traffic signs, also post were renewed.

Stop lines were painted at various intersections. School panels were painted on Pond Street, South Street and West Main Street. Traffic Center Lines were painted on Page Street, Pond Street, South Street and West Main Street.

Avon Square was cleaned weekly and litter containers were emptied biweekly.

Old Cemeteries on East Main Street and Page Street, in addition to Moses Curtis Park in Avon Center, were kept mowed and trimmed.

Brush and grass was kept cut and trimmed along roadside edges, intersections and around street and traffic signs throughout the town.

After the holidays Christmas trees were picked up throughout the town by the department.

Guard rails were kept repaired and painted.

Litter was removed from roadside areas at different intervals during the year as time allowed.

All catch basins and manholes were cleaned and inspected, also repaired and snaked as needed.

A portion of West Main Street was resurfaced from South Street to Nichols Avenue.

## General Drainage:

Additional drainage was installed on Pratt Street. Brooks throughout the town were maintained as time and funds allowed.

## Improvement of Town Roads:

### State Aid and Town Funds:

West Main Street was reconstructed from Pond Street to Avon Center also a new granite curb and sidewalk surface was installed on the easterly side of that section.

## Snow Removal:

All streets, sidewalks, school areas, police and fire station, town hall areas were kept plowed or sanded and salted as needed. Sand barrels were placed on various hills for the convenience of those who would need sand in an emergency

situation. There is a Winter Parking Ban from November 15 through April 15 of the Succeeding year. This Bylaw helps to make snow removal quicker, less costly and more important, a safer task of clearing streets giving immediate accessibility to motorists.

Respectfully submitted,

James F Meninno

*Highway Superintendent*

## REPORT OF THE INDUSTRIAL DEVELOPMENT COMMISSION

To the Honorable Board of Selectmen and Avon Residents:

The IDC has had a productive year with the accomplishment of two major projects. The first of which was increased advertising of the Industrial Parks, East and West by erecting a large sign, visible from Route 24 in front of Jordan's Furniture, stating that "Avon Welcomes Industry". We are in the process of locating a site for a second sign. We would like to thank Jordan's Furniture for allowing the IDC to use this location for advertisement.

We also updated, printed and distributed the Business Census. We are currently working on ways to develop a more accurate Business Census. Due to a large turnover in industry, particularly in the Industrial Park East, we feel it would be beneficial to update the Census annually, since the IDC is the only board to provide business information to such departments as the Police, Fire etc.

We wish to thank Industrial leaders for their cooperation with the Census. We would also like to thank the town boards for their assistance and patience.

The IDC would welcome anyone interested in becoming a member.

Respectfully submitted,

Susan Marino, *Chairman/Secretary*

Daniel Condon, *Vice Chairman*

Walter Puckett, *Clerk*

William Fahey, *Associate*

Ted Parker, *Associate*

## REPORT OF THE PARK AND RECREATION COMMISSION

To the Honorable Board of Selectmen and the Residents of Avon:

Avon Park and Recreation Commission began 1993 by sponsoring four ski trips. Three trips were planned to Pats Peak in Henniker, N.H. We were forced to cancel one of these trips due to a lack of snow on the beginner trails. We tried a new trip this year which proved to be enjoyable to all who attended. We left Avon at 10:00 a.m. instead of the usual 6:00 a.m. We skied for the afternoon into the evening and left the slopes at about 8:00 p.m. There was a bon-fire and hayrides available for those who wished to participate. This trip attracted many first time skiers due to the later departure time. Everyone who signed up for this trip seemed to enjoy it and we hope to repeat it in 1994. A family ski trip to Bolton, VT was held the weekend prior to school vacation. Approximately 43 residents took advantage of this trip. It is the opinion of the Commission that by sponsoring these trips we provide the opportunity to sample a sport that many youngsters would not otherwise be able to try.

In April the Town Elections were held. David Walsh, whose term was up, was unable to run for re-election due to the fact that he now resides in Stoughton. Judith Laniewski was elected to fill this position and has proven to be an excellent addition to the Commission. We would like to thank David on behalf of the town for his many years of dedication and service. He will certainly be missed by us all.

In June an end of the year roller-skating party was held at Skatetown U.S.A. in Whitman, Ma. It was open to Avon residents of all ages.

The summer program this year was again in the capable hands of Lori Matta, assisted by Paul Grenham. Returning staff consisted of Kristina Nilsen and Mike Small. We hired four new staff members this year Craig Staffier, Becky Chapman, Eric Small, and Suzanne Salter. A very successful six week program was held. The playground at Noonan field was open Monday through Friday from 8:00 a.m. to 1:00 p.m. In addition to the playground there are arts and crafts, games and special events offered. May days saw well over 100 Avon youngsters show up to take part in this excellent program. When it rained or there was a threat of rain the program was held at the Recreation Center for those in grades K-5. We also sponsored many field trips, each one planned especially for a certain age group. We tried to include trips which all the ages would enjoy. Our staff also assisted with the Avon Youth Baseball field day. We would like to take this opportunity to thank Lori, Paul, and their talented staff for providing a safe and enjoyable program for the youth of Avon.

We were pleased to offer our Summer Theater Program again this year. This is a program which the youth of Avon seem to particularly enjoy. This years production was "Bye-Bye Birdie" and was directed by Connie Miller-Clinton. This production was enjoyed not only by the many youth who took part in the production but also by many residents who were fortunate enough to attend the show. It is hoped that many more residents will attend any future productions to see just how wonderful the youth of Avon can be.

In August the Commission sponsored a trip to the South Shore Music Circus, to see Kenny Rogers. The Commission hosted a light reception with sandwiches, coffee, and sweets prior to our bus trip to Cohasset. In addition to providing the bus we were able to offer tickets at a group rate. It was an event enjoyed by all who attended.

The Recreation Center remained open each Friday evening for those in grades seven, eight, and nine, under the direction of Maureen Erickson. The Commission would like to take this opportunity to thank Maureen for her dedication and hard work in trying to make the Center a fun and safe place for the youth of the Summer months. We closed in the Fall in order to make some very necessary renovations and to also reorganize. We replaced the rug and painted the walls and woodwork. The Center looks great. A special thank you is due Judy Laniewski who donated many hours to the cleaning and painting of the center. There were a few volunteers who showed up to help out but not as many as we would have liked. We hope to open the Center on Friday nights after the first of the year, for the youth in grades six, seven, and eight. We have established new rules and regulations for the Center and hope that the program works out well.

In the Fall an Adult Volleyball program was held at the AMHS. Wayne Phillips was our coordinator this year. This program is always enjoyed by those who attend. It is open to any adult resident and there is no cost. Just attend and play.

Bob McCallum continued as our Park Custodian. He is responsible for the care and upkeep of both the playground and field at Noonan Field as well as the Bartlett St. Tennis Courts. In addition to the usual upkeep we repaired the merry-go-round, and replaced the springs on the animals at the playground. We also had several fence repairs we had to make. We finally were able to have a source of water installed at the playground. This is not only a good feature for maintenance purposes, but is also greatly appreciated by our Summer program staff.

At the special town meeting held in October, we submitted an article to have the outside basketball court repaired. This article was approved and we are looking forward to having this work completed in the Spring.

A special thanks to our secretary, Jean Kopke, for all the work she does in behalf of the Commission.

As you can see by this report, it is our intent to try to provide programs and opportunities for residents of all ages. As always we encourage residents to contact us with any ideas for new events or ways in which we can improve those already in place. We look forward to your input in the coming year.

Respectfully submitted,

Silvio Mercuri, *Chairman*

Carl Miller, Jr., *Vice Chairman*

Walter Klimas, *Member*

Sandra Anderson, *Member*

Judy Laniewski, *Member*

# REPORT OF THE OLD COLONY PLANNING COUNCIL AREA AGENCY ON AGING

As your representatives to the Old Colony Planning Council, Area Agency on Aging Advisory Committee, we are pleased to present this report of the Area Agency's Activities for 1993.

The Old Colony Planning Council Area Agency on Aging is responsible for administering Title III funds under the Older Americans Act. This federal funding enables the Area Agency to address the growing needs of elders in twenty-three communities in southeastern Massachusetts. Working closely with local councils on aging and other community agencies, Title III funds are combined with other resources to develop and support a broad range of in-home and community-based elder services.

During FY 1993, an estimated 12,000 elders received assistance through more than twenty local and regional social support services and twenty-five Title III supported nutrition sites. The following services were funded in FY 1993 by the Area Agency.

- Senior center and outreach programs
- Home health and respite services
- In-home mental health services
- Services for deaf, blind and physically disabled elders
- Transportation services
- Legal services
- Emergency services
- Congregate and home delivered meals
- Services to families and caregivers
- Nursing home ombudsman services
- Elder abuse prevention and education services

Also during Fiscal Year 1993, the Area Agency participated in a statewide elder needs assessment effort coordinated by the Executive Office of Elder Affairs. With the assistance of the twenty-three councils on aging in the region, over 400 elders were selected to participate in a needs survey.

The Area Agency on Aging acknowledges with gratitude the generous support and cooperation of the communities in the planning and service area, especially the local citizens who serve on the Advisory Committee chaired by Dolores Kent of Easton. The Advisory Committee, consisting of representatives from each of the communities served, assists the Area Agency in assessing elder service needs, establishing funding priorities and selecting subgrantees to provide the various Title III services.

The Council further notes with appreciation the work of local boards and commissions, public and private agencies, various institutions and individuals who have cooperated with or otherwise assisted the Council.

## REPORT OF THE COUNCIL ON AGING

To the Honorable Board of Selectmen and the residents of the Town of Avon:

The seven member Avon Council on Aging Board meets at the Senior Center on the first Tuesday of every month at 1:30 P.M. Our Senior Center is located across the parking lot from Town Hall and is open every Monday through Friday (except holidays) 8:30 a.m. to 4:30 p.m. Our van is in operation 10:00 to 4:00 p.m. during the week and on Saturday for 4:00 p.m. Mass at St. Michael's (also the eve of Holy Days). It is also available for Baptist Church services. There is no charge for van transportation to church or the Senior Center. Our staff consists of drivers Paul Heffernan and Richard Skerry and secretary Lupe Cruikshank. Our phone number is 559-0060, plus we have an answering machine on which people may leave a message. The machine comes in handy if a Senior forgets to call the day before for an appointment or on a weekend.

Mary Pelaggi was appointed by the Board of Selectmen as our representative to the Old Colony Planning Council in September of 1993. Currently we have no representation on Old Colony Elderly Services Board.

Our Luncheon Program runs September through June on Tuesdays and Thursdays at noon. Many thanks to our cooks Virginia (Ginny) Dexter and Joann Abril. Ginny Dexter was head cook through June with Joann Abril as her apprentice. In September of 1993 Joann Abril became the chief cook and Ginny Dexter was her assistant through December 1993.

### VOLUNTEERS

Luncheon Volunteers: Helen Bradford, Dora Cahill, George & Nancy Cann, Polly Clinton, Lupe Cruikshank, Camilla DeMayo, Ginny Dexter, Elinor DiResta, Esther Duggan, Anna Friedmann, Millie Holland, Rita Hull, Elinor Leonard, Paul McGillvray, Marie Moran and Rosemary Tiso.

Joan Buccella and Richard Skerry deliver the meals for shut ins.

Movie Volunteers are Polly, Ginny and Lupe.

Peg Meninno from the Garden Club does our centerpieces for the tables.

Crafts instructors are George Cann and Florence Wass.

Entertainers: organist Mary Maher; Musicians Louis Pelaggi and Michael Lalli; and Louis Pelaggi, Bob and Dolly Fruzzetti provide entertainment on different occasions for special lunch days.

Newsletter: Charmaine Cruikshank, Joe LaFleur and Rita Pomeroy help fold staple and label the 750 newsletters that are mailed. Blood Pressure Clinic: Elizabeth "Betty" Malloy until her death was our nurse volunteer. Cam DeMayo has helped our nurse since the summer. Our loyal volunteers also help with the Commodities Program.

For our intergenerational program Dr. Christopher Morss brought the National Honor Society to a couple of luncheons. They served lunch and mingled

with the Seniors. Everyone enjoys themselves. This year we saw the fantastic love and affinity the terrific young people of the Town have with our Seniors, as they also helped the infirm by shoveling or raking for them. We hope for a continued intergenerational joining. We cannot thank them enough.

The Senior Center hosts Self Help, Inc. workers for the commodities program and Fuel Assistance. The commodities program is in March, June, September and December and is sponsored by Self Help. The Avon Board of Health provides us with nurse Peg Meninno for the Blood Pressure Clinic the second Monday of EVERY month from 10 a.m. 1 p.m. This service is for every Avon resident regardless of age. We also provide the center for the Garden Club on the last Monday of the month at 7 p.m. for their meetings. The Garden Club is for all ages.

The grant moneys from Old Colony Planning Council ended in September. This was used to help defray the cost of light housekeeping and yard work for physically unable Seniors. The Executive Office of Elder Affairs gave us a small grant which helped with the luncheon program and mailing our newsletters. This year we applied to the Arts Council for a grant to provide entertainment for three luncheons. For the second year we gave Farmers Market Coupons and many Seniors took part in this phase of our programs.

Arts and crafts are provided on Wednesdays at 1:30 p.m. The recreation room has a multitude of jigsaw puzzles, magazines and books which are in regular and large print. Every other Friday night we have movies at 7 p.m. with collation and card games.

Our office provides a referral service for all Avon Seniors if we cannot assist them.

Trips: Again we ventured to Independence Harbor in Assonet on May 5th for a Mother's Day Celebration.

June 16th we were driven to Warren, R.I. to board the Vista Jubilee for a luncheon and cruise.

October 6th we journeyed to Giordano's Dinner Theater in Georgetown as part of our Foliage Trip.

December 8th, the Ramada Inn in Portsmouth, R.I. was the scene for our Christmas Party.

On September 15th Virginia Dexter resigned as Council on Aging Board member and the Board of Selectmen appointed Mary McCoy to fill the vacancy. We wish to publicly thank Ginny Dexter for all her years of devotion as a board member and as cook for the luncheon program.

We THANK YOU, the community for your continued support and the loyal volunteers who help make our programs work as well as they do. It is appreciated by the Seniors who count around one thousand. We would like to acknowledge the cooperation of the Board of Selectmen, the School, Water, and

Highway Departments, the Board of Health, the Town Clerk/Treasurer and  
Town Accountant, the Town Hall Staff, Building Superintendent.

Respectfully submitted,

Council on Aging Members

Pauline Clinton, *Chairperson*

Camilla DeMayo

Anna Friedmann

Paul Heffernan

Mary McCoy

Marie Moran

Lupe Cruikshank

# REPORT OF THE AVON HOUSING AUTHORITY

To the Honorable Board of Selectmen, Voters and Taxpayers;

The Avon Housing Authority is pleased to submit its Twenty-Second Annual Report to the Town of Avon for the year ending December 31, 1993

The Authority holds regular monthly meetings on the first Thursday of every month at 5:30 p.m. at the office which is located in the Community Building at Fellowship Circle. Office Hours are Monday through Friday, 10 a.m. to 2 p.m. Tel. (508) 588-1847. Staff members of the Authority are:

Executive Director, Sylvia C. Gardner  
Secretary and Section 8 Administrator, Margaret J. Holmes  
Maintenance, Edmund L. Boggs

Commissioner Marie Desrosier was re-elected in the Town Election in April to a five-year Term.

At their Annual Reorganization meeting in May, the following officers were elected for a one-year term.

George P. McKechnie, Chairman  
Gunnar A. J. Peterson, Vice Chairman  
Ernest W. Edwards, Treasurer  
M. Janet Jensen, Ass't Treasurer  
Marie E. Desrosier, Clerk

The Avon Housing Authority administers 70 units of State-Aided Housing for the Elderly under the Executive Office of Communities and Development. Included in these seventy units are six barrier-free apartments for handicapped persons. IN 1993 there were eight vacancies. All of these apartments were refurbished and new tenants were moved in. The Authority also administers 75 units under the Federally Funded Section 8 Certificate and Voucher Programs. The Housing Authority does not own these units, but holds a three-way lease between the tenant, the landlord and the Housing Authority. The monthly rent is subsidized by the Federal Government (HUD), through our office.

The Avon Tenants Association meets monthly on the Second Thursday of the month at 7 p.m. in the Community Room at Fellowship Circle. This group has an active social program, including weekly Bingo, shopping trips, bowling, luncheons, etc.

Current officers of the Tenant Association are:

Mrs. Virginia Dexter, President  
Mrs. Esther Duggan, Vice President  
Mrs. Florence Pulsifer, Treasurer  
Mr. Larry Bradford, Secretary  
Mrs. Ellie Diresta, Chaplin  
Mrs. Blanch Puffer, State Representative  
Mrs. Marie Donlan, Sunshine Committee

Girl Scout Troops, Brownie Troops and a Daisy Troop currently meet regularly in our Community Room.

Once again, we wish to express our sincere appreciation to the Board of Selectmen for their continued cooperation, to James Meninno of the Highway Department, and to the Police Department and Fire Department for their continued services to Fellowship Circle. Their assistance has made it possible for the Avon Housing Authority to continue to provide safe, decent, and sanitary housing for our tenants.

Respectfully submitted,

George P. McKechnie, *Chairman*

Gunnar A J. Peterson, *Vice Chairman*

Ernest W. Edwards, *Treasurer*

M. Janet Jensen, *Ass't Treasurer*

Marie E. Desrosier, *Clerk*

Sylvia C. Gardner, *Executive Director*

# REPORT OF THE LIBRARY TRUSTEES

To the Honorable Board of Selectmen and Citizens of Avon:

The year 1993 was unique for the Avon Public Library in that it was the first year since its establishment in 1892 that all library functions were done via computer through automation and membership in the Old Colony Library Network (OCLN). OCLN combines the resources of libraries in twenty-four local communities. Possession of a library card from any one of these communities allows patrons full privileges at all OCLN libraries and branches. Patrons needing materials that their town library does not own, may request them from other OCLN libraries, and even have them sent to their home town library, thereby eliminating the necessity of travel to other towns. Often, requested materials arrive at the requesting library by the next day thanks to the courier service which travels daily to each library in the network.

Patrons may search the holdings owned by all libraries in the network on the library's Patron Access Computer (PAC) and know immediately which of the 24 member libraries owns the material they seek and whether or not it is currently checked in and on the shelf at that library. Once the desired material is located, patrons can ask a staff member to "place a hold" on the material, or can reserve it themselves using the PAC, and the materials will be sent to the Avon Library for the requesting patron. Network membership allows libraries to be more selective about which materials are purchased because of this convenient "reciprocal borrowing" process. In the very near future, patrons with a computer and modem at home will be able to perform these functions themselves, from their homes.

Full network privileges enjoyed by the patrons of Avon are paid for in an annual fee assessed to each member library. Avon's portion of network membership is the lowest assessment of all twenty-four members and amounts to just 2.34% of the total operating cost of the Network.

The library parking lot, added last year, has provided safe, off-street parking for patrons as well as convenient additional parking for such special events as town meeting and election days when other town parking lots cannot accommodate all participants.

In December, a covered footbridge was added at the rear of the parking lot enabling pedestrians to travel between East and West Main Streets to the Town Offices or the Library quickly, safely and conveniently. Students at the Blue Hills Regional Technical School built the bridge, and the services required for crane-loading it, paving the walks leading to and from it, were generously donated to the town, thereby minimizing the total cost of the footbridge to the cost of materials only.

A long range plan was completed this year and is on file at the library for interested patrons. The result of numerous surveys and considerable research, the plan assesses the degree to which the library meets the needs of the community and identifies areas in need of improvement. It is based on the premise that all

libraries, regardless of size, are able to achieve excellence in service. Required by state law, the forty-four page plan was developed by the Director and Trustees with direction from the Eastern Massachusetts Regional Library System. It contains goals and objectives, both long and short-term, and will be updated annually.

In 1993 the library met or exceeded all basic standards set by the Massachusetts Board of Library Commissioners and thereby qualified for and received nearly \$8,000 in state funding, including a reimbursement for services to non-resident patrons. An Arts Lottery Grant was obtained for funding for an especially well-received Native American program which included a full-sized "tipi" erected in the Reading Room.

The Friends of the Avon Public Library held several successful fund-raisers including the annual book sale, and used the proceeds to pay for museum passes and special programming that is no longer affordable due to budget constraints.

The library provides and makes easily available, popular materials including books, audio and video recordings, and other media, to users from preschool age to senior citizens. Further, it supports the independent learning and formal education needs of all patrons. The Trustees wish to thank the citizens of Avon for their continued support of and appreciation for the library and the many services it offers. Special thanks go to the members of the Friends of the Library for their interest in providing library funding that is no longer affordable in the library budget and to those who donate new and used materials to the library for its collection.

Finally, we wish to express our thanks to the Library Director, Marilyn Greeley, and all staff members and volunteers, for their continued efforts to provide optimum service to the citizens of Avon. The library remains open 42 hours a week, including evenings and Saturdays, with a staff whose "full time equivalent" is 4.72 employees. Our sincere thanks for their hard work

### **1993 HIGHLIGHTS - Special Monthly Activities**

- |          |  |
|----------|--|
| JANUARY  | <ul style="list-style-type: none"><li>- "Irresistible Cookbooks Exhibit"</li><li>- Tickets on Sale for Family Day at Fenway Park</li><li>- Story hour sessions begin</li></ul>   |

- APRIL
- Annual Friends of the Avon Public Library Book Sale and Membership Drive
  - Annual Avon Middle/High School Student Art Exhibit and Reception
  - Annual Butler School Student visits for National Library Month
- MAY
- Combined Works Art Exhibit by Janet DeLonga and Tony Andrea
  - CD-ROM Workstation Demonstration Project begins
- JUNE
- Art Exhibit - Designs by Avon Middle/High School students for the Board of Health Recycling Logo Contest were on display throughout the month
  - Summer Reading Program begins
- JULY
- Book Exhibit - School Reading List Titles
  - Pajama Story Hour Sessions begin
  - Summer Story Hour Sessions begin
- AUGUST
- Art Exhibit - artist J. Marshall Dyke exhibits his newest works for the 10th consecutive year
  - Crafts sessions begin
  - Back to School Book Exhibit
  - School Vacation Program - "Inspector Magic" took 50 youngsters on a Search for Pirate's Treasure
  - Magic Workshop "Inspector Magic" shows children the secrets to doing 6 magic tricks
  - Awards Ceremony - Summer Reading Program
- SEPTEMBER
- Banned Books Week observed
  - Book Exhibit - books challenged or banned on display along with information on censorship
- OCTOBER
- Annual Avon Nursery School visits
  - Story hour sessions begin
  - CD-ROM Demonstration project concludes
- NOVEMBER
- Adult Program - "Senior Citizens - accessing the health and human services network" with Judith Teplow of the Old Colony Planning Council and National Endowment for the Arts
- DECEMBER
- Friends of the Library Holiday Fund-raiser
  - Annual Holiday Party for the children of Avon - music, songs, crafts and a visit from Santa
  - School vacation program - Merry Melodies Musical program with Cathy Weidhaas
  - Parking Lot Footbridge erected

## LIBRARY STATISTICS

CIRCULATION - 33,266 items checked out (up 20% from 1992)  
including: Videos - 2147  
Magazines - 1449  
Books on Tape - 719  
Teacher Loans - 606  
Out of Network Items - 474

Materials placed on reserve - 1033

Overdue items - First Notice - 1023

Overdue items - Final Notice - 277

New Patron Registrations - 965

Apple IIe Computer for Patron Use - 270 hours logged

New Materials Added (figures include donations)

Books - 1375

Books on Tape - 70

Videos - 47

Reference Questions Answered - 1054

Meeting Room Use - 43 patrons

### SPECIAL PROGRAM ATTENDANCE

Summer Reading Program - 1025 total books read  
51 participants

Reading Program Awards Ceremony - 51 children

Summer Crafts Sessions - 37 children

Story Hour Attendance - 93 children

Annual Holiday Party - 50 children, 25 adults

Annual Nursery School Visits - 76 children, 12 adults

Annual Butler School Visits - 252 children, 15 adults

Day Care Center Visits - 104 children, 30 adults

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

Lincoln D. Lynch, Ed.D.

In accordance with Chapter 72, Section 4 of the Massachusetts General Laws, as Superintendent of the Avon Schools, I submit my fifth report on the condition of the Schools.

We continue to improve the condition of our buildings and grounds. At the Butler Elementary School, we installed new roofs on the relocatables, and a handicapped ramp. We retiled Avon Middle/High School floors and purchased new furniture from CHOICE moneys. Water backflow preventers were installed at the Butler and Avon/Middle High Schools. All heating, ventilating and circulation equipment has had regular maintenance. These maintenance expenditures will save thousands of dollars in heating costs by conserving energy, and will make our buildings more comfortable. Due to cuts in the School appropriation, we have supplemented the School budget with \$1,033,265.52 of CHOICE funds. This money purchased textbooks, teaching materials and supplies, and paid salaries. We would like to find the money to relace the remainder of the windows on the Avon Middle/High School, and continue interior painting. We also plan to purchase an improved sound system for use in the gymnasium.

Our student population continues to increase this year to a total of 771 pupils, a ten year high. Included in this total are 189 CHOICE students, up from 170 last year. These CHOICE students have adjusted beautifully, academically and socially. Our students have accepted the greater diversity and opportunities these students provide, and our academic family is quite cohesive.

The ten-year academic accreditation by the New England Association of Secondary Schools and Colleges continues to be our focus for curricular and procedural change at Avon Middle/High School. At the Butler the new reading series and social studies curricular have been implemented to our students' benefit. We are pleased to have handwriting specialist, Herbert Moran, once more teaching penmanship to our students in Grades 1-6.

We had ten students in the Project Contemporary Competitiveness (PCC) Summer Advanced Studies Program at Bridgewater State College this summer. Our students are enthusiastic about the Program, and participation continues to climb. PCC has also provided computer training and assistance to students and staff working with computers through our PCC 12-Town Cooperative Tech Center.

The DARE Drug Education Program, under the direction of Officer David Martineau, continues to provide anti-drug education for our students. Our thanks also to Police Chief Robert Geary for the Community Awareness Group for providing educational and recreational opportunities for our students.

The Avon School Association continues its enthusiastic support of student activities, field trips, and the recognition of teachers. We are most grateful to it for supporting our student and staff activities.

The Boosters Club also continued its support of athletic and other student activity. It provided one-half the cost of our year-end Athletic Recognition Banquet, awards and jackets for our student athletes. A sincere thank you to another fine example of Avon's parental and organizational support so necessary to operating our Schools efficiently and effectively. The Boosters, the Avon School Association and the Teachers Association jointly, have provided a replacement "Panther" costume for our athletic events.

For an in-depth review of the activities of our School community, please read the attached reports of our administrative staff.

I wish to thank the Avon School Committee, the Administrators, the professional and non-professional staff, the students, parents and townspeople, as well as the Town officials for their support and cooperation, and for making my job a distinct pleasure.

I also thank Emily Geary of Big Jim's for contributing thousands of dollars worth of video rental vouchers to our students, who improve their grades from one term to another; a very successful motivational tool.

Finally, to Donna M. Dias, Director of Pupil Personnel Services, Cornelius Doherty, Director of Business Services, my secretary, Maureen B. Rose and our bookkeeper/secretaries Carolyn Walsh and Patricia Carter, each of whom has made my job easier, I say thanks for jobs well done.

Respectfully submitted,

Lincoln D. Lynch, Ed.D.  
*Superintendent of Schools*

Program coordinated by Mr. Daniel Herlihy. Students took such courses as Art History, Human Genetics, Calculus, Law and Ethics, and African History. The Lowell Scholarship Program pays one half of the tuition, the Avon School Committee pays half of what is left, and the Avon Education Association pays half of what remains after that. Our students derive great benefit from the generosity of all these groups.

Art students in grades 8 through 12 exhibited their work at the Avon Public Library during the month of April, 1993. This tenth annual exhibition included photography by David Mollon, who now attends Mass. College of Art, and drawings by Greg Hampton, who now attends the Art Institute of Boston. Paintings by Eric Small, Allison Lauretto, drawings by Marybeth Handricken and Erin Greeley, cover designs by Jay Brown, as well as ceramic works by Sean Kasper and other art works by a total of twenty-three students were included. This well-rounded exhibition received excellent comments from those who viewed it.

The D.A.R.E. (Drug Abuse Resistance Education) Program continues into its fifth year in our constant efforts to maintain drug free schools. Officer David Martineau was appointed by Chief Geary to conduct the program this year. Co-sponsored by the Avon Police Department, the program features 17 weeks of instruction for students in 5th grade with varying degrees of contact for students in all other grades.

Avon Middle-High School continues to provide outstanding learning opportunities through the use of the Massachusetts LearnPike, a satellite system linking about fifty schools throughout the state. Our students have participated in live field trips and our teachers have been involved in in-service training at considerable savings as a result of our have this valuable resource.

### **Student Achievements:**

Many of our students received awards for academic achievement this year, some from outside the system. Among them are the following:

Jay Brown received an Honorable Mention in the prestigious Boston Globe Scholastic Art Competition. This is a very prestigious award and we are very proud of Jay.

Tina Millam received the Tandy Technology Scholars Award.

Rebecca Chapman received the "Classmates Today-Neighbors Tomorrow" award sponsored by the Jewish War Veterans of the United States.

Tina Millam received the Xerox Award in the Humanities/Social Sciences. Tina is eligible to apply for a special Xerox Scholar Program at the University of Rochester in Rochester, New York.

Rebecca Chapman and Damask Hansen won the U.S Army Reserve Scholar-Athlete Award and the Packard Fund Athletic Award for 1993.

The John Hancock Award for excellence in Business Education was earned by Kimberly LeMasa.

Tina Millam was named the winner of the annual Bausch & Lomb Science Award. The handsome bronze medal is presented each year. As a winner, Tina is eligible to apply to become a Rochester Bausch & Lomb Scholar.

Chris DePesa and Chris McDermott took third place in the Boston Computer Society's Computer Contest sponsored by Lotus and Wang. Their winning entry was an animation program using Logo and Graphics.

Average SAT scores for students in the class of 1993 who entered four year colleges were 426 in Verbal and 444 in Math. 89.8% of that class was accepted to post secondary institutions including College of the Holy Cross, George Washington University, Brandeis, Boston University, and University of New England. Students in the class of 1993 were awarded over \$24,000 in scholarships on graduation day.

Twenty-one high school students were inducted into the National Honor Society and eleven middle and high school students were inducted into the National Junior Honor Society in a traditional candle lighting ceremony this year. Each student was required to meet the rigorous standards for induction in the areas of scholarship, character, leadership, and service.

#### **Staff Notes:**

Mrs. Pat Howard, grade 6 teacher, was one 30 nationally selected participants in a National Endowment of the Humanities Institute during the Summer. The five week program was held at Northeastern University and studied "African-American Literature: From Phyllis Wheatley to Toni Morrison.

Miss Beth-Ann Shepley, Biology teacher and Science Department Head, participated in an institute sponsored by the Massachusetts Corporation for Educational Telecommunications held this Summer at Tufts University. Twenty educators using the MCET's video course "The Human Genome Project" in their 1993-94 Biology courses were introduced to the technology that makes these live, interactive broadcasts possible. The participants also engaged in conferences and discussions with scientists and administrators concerning the social, ethical, legal, and scientific aspects of the \$3 billion Human Genome Project.

Miss Risa Solow resigned her part-time Chapter 1 teaching position for full time teaching position in another town. Miss Solow had developed an excellent rapport with our 5th and 6th grade students. She will be missed.

Miss Lori Matta is now Mrs. Lori Fischer. Mrs. Fischer, who taught Chapter 1 subjects for 7th and 8th grade until June of 1993, began the 1993-94 school year teaching Chapter 1 subjects to students in 5th and 6th grade. The 7th and 8th grade program was dropped for lack of state and federal funding.

Mr. Richard Gifford, who coached our Varsity Boys' Basketball and Baseball teams to League Championships, was voted the Spring Coach of the Year by the rest of the coaches in the League.

Several members of our coaching staff were certified in CPR in the Fall in a course taught by Brian Berry and Ed Klimas. The instructors have committed to offer additional CPR courses to other staff members and to students in the future.

#### **Extracurricular:**

The Avon Middle-High School Drama Club presented "*Back to the 50's*" in the Spring. This Fall the students, under the direction of Miss Janet Howes, produced "*Lady Dracula*". Both shows were exceptional.

The fifth annual "Cabaret" was presented for students and parents this year. The "Cabaret" has become institutionalized at the Avon Middle-High School where, under the direction of Mr. William Healey, students from grades 9 through 12 present a "Christmas Cabaret" as well as a "Spring Cabaret" for the Community. Both shows continue to be outstanding and provide an exceptional opportunity for student expression.

Mrs. Emily Geary has continued to support our positive incentives concept by donating free video passes to students who do well academically. Her generosity is much appreciated.

Mrs. Connie O'Brien has continued in her capacity as Newspaper advisor and the newspaper activity is providing an opportunity for students to express themselves to their peers in writing.

Students in grade 8 had their first true "Science Fair" this year which replaced the "Invention Convention" of the past. Students in grades 5,6, and 8 developed "Learning Fair" projects in their English and Social Studies classes again as part of the regular curriculum, and presented their work to the students and parents who attended. The "Learning Fair" did not involve competition.

COSTCO continues to support our students by sponsoring a fundraising cookout on four consecutive weekends. COSTCO provided the food and the grills and our students and their advisors cooked and sold hamburgers and hot dogs with all of the profits going to the classes. Our students were able to raise over \$1,500 for their class activities thanks to the generosity of COSTCO.

Our varsity and junior varsity boys' and girls' teams had successful seasons and our varsity volleyball team, coached by Ms. Shelly Geary, earned the title of League Champions. The Varsity Boys' Basketball team was the League Champion as was the Varsity Boys' Baseball team.

The National Junior Honor Society students and their new advisor, Mr. David Ruggles, participated in WBZ's "Operation Overcoat" and collected fifty six winter coats for distribution to the poor and needy at Christmastime. Several NJHS students worked on weekends raking leaves for several residents who were unable to do so for themselves. The National Junior Honor Society members also donated their time to sort toys for the Salvation Army.

The Annual Boosters Club Awards Night Banquet in June provided an entertaining and uplifting evening for many of our students and their parents.

Held at the Randolph Elks, the banquet honored students who participated in athletics, band, modern dance, and other school activities.

Our Senior Prom this year was an outstanding success. Student couples and several faculty members and administrators attended the event at Lombardo's.

Student leaders and National Honor Society members, as well as many students from the general population, again participated in the collection of gifts and donations for the Avon Christmas Fund. Mrs. Rosalie Coit and several seniors worked to collect gifts and donations as well, and also worked at the Town Hall distributing these gifts and food baskets to over 50 low income families in Avon. The National Honor Society members generated over \$200 in donations for the adopt-a-family program.

The sixth annual Magazine Drive was sponsored by the freshman class and went very well this year. Students are able to earn money for their class activities just by getting friends and neighbors to renew magazine subscriptions through them, at rock bottom prices; it is not necessary for students to sell "new" subscriptions.

Avon Middle-High School's seventh annual Junior-Senior Semiformal Dance was another outstanding success this year. This year, for the first time, we held a Freshman-Sophomore Semiformal Dance which was equally successful. Special thanks go to several parents who helped prepare and serve the meals as well as to Mr. Mike Lane, Mr. Scott Celli, Mr. Scott Kellett, Mr. Bruce Julien, Mrs. Patricia McGrath and Mrs. Trudy Miller. In addition to our semi-formal dances the ASA and the CAG sponsored several dances for students in grades 7 and 8 and high school students had a St. Patrick's Day Dance and a Halloween Dance.

The intramural athletic program for students in grades 5 through 8 continued and many of our students enjoyed the opportunity to develop skills in soccer, volleyball, basketball, and softball. A CPR course for students was also conducted after school by Mrs. Donna Conrad and the Avon Fire Department.

### **Enrichment**

The Navy Band played for us in November this year. Their appearance provides not only musical entertainment but musical education as well.

Eleven students, up from ten the previous year, attended the PCC Advanced Studies summer program at Bridgewater State College this year. This program is packed with fun and learning and we anticipate that interest will continue to grow.

The Avon Schools Association has continued to support the students of the Avon Middle-High School through a series of enrichment assemblies and by providing fiscal assistance for field trips. The students and staff of the Avon Middle-High School deeply appreciate the support they receive from the ASA. The ASA also coordinates such programs as the Sudbury Farm tapes, Stop and Shop tapes, and The Campbell's Label Drive to provide our schools with free educational materials.

Mr. Chapman and Mrs. Conrad conducted still another highly successful trip to New York City, a first for that location, for students in grades 7 and 8. Students were required to earn their right to go on the trip by selling raffle tickets. The prizes in the raffle, which included Celtics tickets, were donated by citizens who support our students and our school.

Students in all of our grades 5 through 12 participated in a wide variety of field trips this year to such places as the Museum of Fine Art, a Whale Watch, Norfolk County Prison, Gardner Museum, the Boston Globe, Harvard Museum, the Wang Center, Strand Theater, Berkley Performing Arts Center, the Science Museum, North Shore Music Theater, Brandeis University, and a College Fair. These field trips, and others, are carefully planned to coordinate with the curriculum or to provide students with information which will help them choose a career or a higher institution of learning.

### **Other Activities:**

Mrs. Geraldine Ryan, Mr. Robert Henderson, Mrs. Virginia Mahoney, and Mr. William Healey with the assistance of our cafeteria staff and several senior students prepared the seventh annual holiday feast for all the students at Avon Middle-High School on the day before the December recess. The cafeteria staff, assisted by Kristen Souza, Jaime Doherty, Michelle Keaveney, and Janice Kuzborski prepared a traditional Christmas turkey dinner which was served by Jay Brown, Joe Grant, Chris Markunas, Rhonda Robinson, Danielle Hansen, Pedro Fontes, Sean Kasper, Allison Laurretto, Daniel Puckett, and Pam Sullivan. The cafeteria was decorated for the event by Mrs. Virginia Mahoney's art classes, and Art/Photography Club. Students in grades 5 through 12 participated in a "Puttin' On The Hits" assembly, featuring conductor Mr. William Healey, Santa Claus played by Dr. Lynch, Scrooge played by Dr. Morss, and a sing-along.

In the weeks before Christmas our students made special efforts to be of service to our senior citizens. Members of the National Honor Society, under the direction of advisor Dr. Christopher Morss, helped to serve a dinner to senior citizens at Burkley Plaza, an effort that has become a regular part of the Honor Society's annual activities.

Students in the 8th grade enjoyed a catered banquet at the VFW Post in June. The event was funded by a grant from the ASA and other moneys generated by a student fundraiser. Students, parents, and staff had a wonderful time. This provided an excellent ending activity for their last year in middle school.

Avon High School's annual 8th grade dinner and parents night was an exciting event. Mr. and Mrs. Joe Brooks, their son Jarrod, and several senior students prepared ziti and salad for all members of the class and their parents. All then proceeded to a tour of the building conducted by National Honor Society members. Parents met AHS teachers at various locations throughout the building, who explained the various academic and enrichment programs and opportunities available to our students. The last stop on the tour was a social gathering in the Library where refreshments, made in Home Economics classes, were

served by the students who prepared them and their Home Economics teacher Mrs. Geraldine Ryan.

The National Honor Society held its annual, and highly successful, Blood Drive in March. The society's blood drives are always well attended and provide more than sixty pints of blood for the Red Cross.

Our "Back-To-School Night" in September was a great success. Parents had the opportunity to follow their child's schedule for the day and meet the teachers. We also had two parent conference nights this year which were well attended.

Our last day of school cookout was successful again this year. Hot dogs and hamburgers were cooked and served to students and staff. We seem to be getting pretty good at this; we served over 500 people in less than 40 minutes. Students played field-day games and danced to a DJ to celebrate the beginning of their summer vacation.

The Avon Boosters received the annual Award of the Bumble Bee for their unwavering dedication to the students of Avon Middle-High School at the Boosters Awards Banquet. The Boosters not only support athletics but do so for other extracurricular activities and the Harvard University/Lowell Scholarship Program.

# **REPORT OF THE RALPH D. BUTLER ELEMENTARY SCHOOL PRINCIPAL**

Robert E. Adams, Jr.

The past year was a very interesting, challenging, and productive year for the students and staff at the Butler School that featured the continuation and/or revision of many successful academic and enrichment programs, as well as the implementation of several new programs. Additionally, the year was highlighted by the active involvement of the staff at the Butler School in a wide range of professional development activities, the valuable contribution of many parents in a number of volunteer capacities, and the school's initial efforts to comply with the provisions of the new Educational Reform Act that was passed by the state legislature in June of 1993.

During the past year Butler School staff members worked on a comprehensive review and revision of the Social Studies curriculum and program. These efforts resulted in the adoption of a new Social Studies curriculum that was approved by the Avon School Committee in June of 1993 and the implementation of the new Social Studies curriculum and program materials during the 1993-1994 school year.

In order to facilitate the inclusion and instruction of students with special needs within the regular classroom setting for Social Studies, a teacher's guide, which contains a variety of instructional modifications and strategies, was developed to accompany the Social Studies curriculum. Although this guide was designed specifically for use with the Social Studies curriculum, the suggested modifications and instructional strategies may easily be adapted or applied to any subject area. The funding for the development of this guide was provided through the school system's Strengthening Prereferral and Integration Grant (SPRIG).

Butler School staff members also closely examined the school's math program during 1993. As a result of these efforts, the daily time allotment for math has been increased to one hour and additional emphasis has been placed on addressing the National Council of Teachers of Mathematics (NCTM) standards, which emphasize the utilization of concrete, manipulative math activities.

As a result of the Butler School's involvement in a Chapter I funded Program Improvement Planning (PIP) grant, many teachers and several Chapter I Assistants participated in a Chapter I PIP Summer/Fall math course, which addressed many of the practical questions dealing with our efforts to improve the Chapter I math program, provide a more "hands on" approach within the regular classroom math program, and implement the one hour of daily math instruction.

SPRIG Grant funds were used to support the staff's efforts to revise the pre-referral process, which is supposed to precede the referral of a student for a

TEAM evaluation under Chapter 766. Several staff members were actively involved in the development of a Student/Teacher Assistance Team (STAT) prereferral process during the second half of the 1992-1993 school year. As a follow-up to these efforts, STAT training sessions were held for Butler School staff members at the beginning of the current school year and the process of implementing the new STAT prereferral procedures was initiated during the first half of the 1993-1994 school year.

A new Language-Based Resource Room program was implemented at the Butler School during 1993. This program, which primarily services children with special needs who had most often previously attended CHARMSS Collaborative programs in other towns, has resulted in better services to these Avon students, who can now attend school within their own town, and cost savings to the town of Avon.

During the past year, the evaluation key of the Kindergarten Progress Report and the timeline for reporting the progress of kindergarten student progress to parents, also resulted in the development of a new, more detailed Kindergarten Mid-Term Progress Report that replaces the Kindergarten Conference Report form that was used in previous years.

As part of our continuing efforts to promote professional growth and staff development, Butler School staff members participated actively in a wide range of conferences, workshops, courses, and In-Service presentations during the past year. A number of teachers also served as Cooperating Teachers for aspiring teachers from Bridgewater State College and Stonehill College, who completed their student teaching practicum experiences at the Butler School.

The students and staff at the Butler School continued to participate in a wide range of programs and special activities during 1993, which served to reinforce and/or enrich the regular school program and curriculum. During the past year, our students participated in Spelling Bees, Fall and Spring musicals, class plays, field trips, Thanksgiving Feasts, Character Day, Field Day, and a variety of Avon School Association (ASA) sponsored enrichment programs. A schoolwide, multicultural Social Studies Fair, which revolved around the theme of "A World of Diversity and Understanding," was very well attended by parents in May. Butler School students also actively participated in the school's "Passport to Reading" independent, pleasure reading program. The Butler School's Afterschool Activity Program continued to be very popular with Butler School students during the past year.

During 1993 Butler School staff continued to positively recognize the efforts and accomplishments of our students through the school's "Student of the Month" and Citizen of the Month" program. The "Math Question of the Week" program encouraged our students to think critically and apply math skills to solve problems that were presented to the students at each grade level on a weekly basis.

The continuing, cooperative efforts of the ASA in sponsoring several enrichment programs, field trips, our annual Book Fair, the Back-to-School Breakfast, Halloween Parties, and Santa's Workshop are again very much appreciated. The ongoing, active involvement of many parents in a variety of volunteer activities (e.g. library assistance, computer assistance, classroom helpers, etc.) should be recognized. The attendance and active participation of many parents in special activities such as the Back-to-School Breakfast, our annual Open House, Parent-Teacher Conferences, American Education Week activities, the Kindergarten and First Grade Parent Orientation Meetings, Field Day, and a host of other special events, which were designed to promote parental involvement and home-school communication, were also very important.

Several new individuals were welcomed to certified and/or non-certified staff positions at the Butler School at or towards the beginning of the 1993-1994 school year. Ms. Lisa Ferreira was appointed to a combined Library/Special Education Assistant position. Ms. Susan Lamborghini and Ms. Sharon Campbell were appointed to part-time Chapter I Assistant positions. Ms. Holly Sawyer joined our staff as a Special Education Assistant. All of these new staff members have replaced former staff members, who left their positions and are no longer on the staff of the Butler School.

Finally, the Butler School has undertaken efforts during the first half of the 1993-1994 school year to comply with the provisions of the newly enacted Educational Reform Law of 1993. The Butler School's Parent/Student Handbook was revised prior to the start of the current school year. The Butler School has also continued its participation in the state's School Choice program, which is authorized by the new reform legislation. The Butler School Council, which is comprised of the principal, two teachers, three parents, and a community representative, was formed during the Fall to address the mandates of the Education Reform Act. During the months and years ahead, considerable time and energy will undoubtedly be devoted to implementing additional reform provisions that are currently being developed by the State Department of Education.

In closing, I would like to express my sincere thanks and appreciation to all of the staff members at the Butler School for their efforts on behalf of our students during the past year. I would also like to express my thanks and gratitude to the Superintendent, other administrators, School Committee, parents, ASA members, and the community for their active involvement, assistance, and support during 1993.

# REPORT OF THE DIRECTOR OF PUPIL PERSONNEL SERVICES

Donna M. Dias

Pupil Personnel Services comprise a number of supportive school programs which primarily aim to provide all students with appropriate educational experiences to maximize learning and equalize educational opportunity. Among these supportive educational programs, staffed by highly trained, certified and licensed, professionals are Special Education, Guidance Counseling/School Psychology, Chapter I Instruction, Health Services, Assessment and Evaluation, and various grant programs.

During the 1993 school year the Special Education staff at both schools continued to further develop and expand instructional services which offered more opportunities for student integration and inclusion within the least restrictive environments of the regular classroom. At the Butler Elementary and the Avon Middle/High Schools, students formerly placed in 502.4 substantially separate programs were provided more inclusive instruction through placement in regular education classrooms with additional supportive services offered either within their regular homerooms or within the resource room as their needs required.

Both special and regular education staff worked collaboratively to promote the fullest development of each student's potential. At the Butler School, both Mrs. Ellen Berube and Mrs. Rosalyn Kaufmann worked closely with teachers in grades Kindergarten through four as they coordinated the integrated service delivery of their special needs students. At the Middle School level, special education services were offered within a fifth grade class room through a collaborative teaching approach between the regular and special education teachers. In addition, both middle and high school resource room teachers, Ms. O'Donnell and Mrs. Clough, continued to provide a reading/literature course within an integrated class of both regular and special needs students at grades 7 and 8.

Within the Guidance Departments at both the elementary and middle/high school levels, the counselor/school psychologists (Maureen Kelley, Kevin Longval, Marilyn Malcolmson), in concert with administration, revised the pre-referral student needs assessment process by creating a Building Based Support Team which provides assistance to students through the development of alternatives or modified teaching and learning strategies. With these regular education initiatives, unnecessary referrals for special education are reduced. The building based teams also provide ongoing support and assistance to the staff as they work toward meeting the more challenging needs of our students.

The Peer Leadership Program was also initiated this year by the middle and high school counselors as an additional preventive program for promoting "students helping students".

Peer leaders, who are selected by their classmates, extend the preventive role of the counselors by being available and supportive sources of referral and assistance for their fellow students who may be in need.

Motivational vehicles for encouraging greater student productivity and self-esteem were also developed by the middle/high school counselors through the use of positive student incentives, which were partially funded by local businesses, and through public acknowledgment of strong student achievement. Both Mr. Longval and Mrs. Malcolmson spearheaded the "Student of the Term" achievement awards which are given to students whose teachers nominate them for recognition of noteworthy academic achievement, effort or improvement.

Several state and federal grants were effectively used in supporting and supplementing the general educational effort during the 1993 school year. The aforementioned Building Based Support Teams, Peer Leadership Training, and the K-4 Social Studies Modified Curriculum for special needs learners were funded in part or whole through the Strengthening Pre-Referral and Integration Grant. The SPRIG grant provides moneys for training in development and improvement of programs, services and practices which promote students' education in the least restrictive environment, without unnecessary special education "pull out" instruction. As part of this focus, Avon teams of regular and special educators attended a full day's training to review the process for determination of student eligibility for special education under the revised September 1992 766 regulations. As a result, all educators involved in evaluating students for possible special needs must not only consider whether the youngster has a disability, but must also determine whether the disability results in the student's inability to progress effectively in regular education.

Several of the smaller grant allocations were used collectively to fund programs and services within both the elementary and middle/high schools. For example, the Drug Free Schools grant was also used to provide training for students and staff within the Peer Leadership Program. The Chapter 2 grant moneys were used to supplement the upgrading of computer equipment to be used for reinforcing and enriching curriculum. The Early Childhood grant allocation was used to purchase developmental materials for early childhood and to provide funding for staff and parent training and consultation. Local education funds were supplemented by the state and federal special education grants 94-142 and 89-313 which were used to provide vision, occupational, physical, and speech/language therapies for 766 students.

Chapter I, the largest grant program, continued to provide compensatory reading and/or math instruction to students in grades K-8 through June of 1993 school year. However, due to substantial cutbacks in state funding, the Chapter I program was re-focused on grades K-6 starting in September 1993. With the projected Reauthorization of ESEA, under which Chapter I is funded, during the next fiscal year further changes in funding and program design may be expected. During 1993, Chapter I and regular education staff worked to develop and implement Program Improvement Plans at both building levels. Program

Improvement Grant funds were awarded to help the combined staffs plan more effective ways to coordinate instruction, to increase daily Chapter I math and/or reading instruction time at the K-6 level, to increase the use of NCTM math standards within daily instruction and to generally improve student achievement in both regular and Chapter I programs.

In June 1993, the Comprehensive Health Education and Human Services/Health Protection Grant program was newly offered and funded through the Massachusetts tobacco tax. Avon applied for this grant and was awarded funding to develop a more comprehensive Health Education Program through the hiring of a part-time health grant coordinator/consultant who would assist school staff and administration in health curriculum and policy revision and expansion, particularly, in the most current health need areas; development of training programs which promote healthy living and decision making; and expansion of service coordination with outside agencies.

During the 1993 school year, the Special Education Parent Advisory Council (PAC) developed by-laws and successfully applied for a Commonwealth Inservice grant to provide parents with information, training, and materials regarding 766 evaluations, procedures, and regulations. In addition, the PAC arranged for evening training and lectures by outside professional consultants on topics related to 766 special needs issues. Membership in the PAC is open to any parent or community member, particularly those parents whose children have special needs.

Any individual, determined to be eligible and between the ages of 3 and 21, is able to receive special education instruction. Parents of 2 1/2 through 4 year olds may request a preschool screening at any time during the school year if they believe that their child has a reasonable likelihood of needing special education.

Discussion and planning for the completion of a high school education may be requested by young people between the ages of 16 and 22 who have dropped out of school. Contact may be made guidance office for information.

As of December 1, 1993, the following number of students were with the Director of Pupil Personnel Services or the high school provided with special education services under the various program prototypes:

Prototype		Number of Students
502.1	Regular Education with Modification	5
502.2	Up to 25% of time in Special Education	56
502.3	Up to 60% of time in Special Education	13
502.4	Self-Contained Class	9
502.41	Self-Contained Class (Separate Facility)	3
502.5	Private Day School	1
502.6	Residential Placement	2
502.7	Home/Hospital Program	0
502.8	3 and 4-year olds	8
		Total 97

(In addition, 12 Choice students are also receiving Special Education services as of 12/1/93.)

Appreciation and sincere thanks are extended to Superintendent Dr. Lynch, all staff, administration and parents who have assisted Pupil Personnel Services to carry out its commitment for equitable and quality support services for all students.

# REPORT OF THE MIDDLE-HIGH SCHOOL ATHLETIC DIRECTOR

Mr. Scott J. Kellett

The year 1993 continued in the tradition established within the Avon athletic department. Development of life skills coupled with self-esteem and confidence remain primary focal points. The smallest school in the Mayflower League impressed the opponents throughout 1993 with their organization, motivation and attitude. While the win-loss record did not mirror previous years the graduates and fellow participants of our athletic teams gained the same intrinsic values that others before them had gained.

Basketball opened '93 with Coach Mike Baxter taking over the girls' basketball program with the assistance of Steve Blomberg and first year jv-2 Coach Scott Celli. Although the girls' records were not overly impressive they continued to work on the fundamentals and developing their skills and look to compete for the League Title in 1994.

Coach Rich Gifford assumed the helm of the boys' program from the legendary Dan Herlihy, and with the able assistance of veteran junior varsity Coach Peter Gill and newly appointed junior varsity-2 Coach Paul Grenham, guided all three boys' teams to productive seasons. In fact, Coach Gifford lead the varsity team to 17-3 record, including being undefeated in the Mayflower League and winning a second straight league title. The team was paced by co-captain and Mayflower League's Most Valuable Player Erik MacFarlane.

Mrs. Patti Trudell-Haugh completed her second year as cheerleading coach for basketball and left behind a well organized and enthusiastic group of young women. Mrs. Betty Stenstrom took over the soccer cheerleading position this fall coming to Avon after a successful tenure in Swampscott. Coach Betty combines knowledge and enthusiasm and hopes to develop a team that can not only enter cheering competitions, but win them.

Despite the Spring of '93 being uncharacteristically wet, our teams did quite well considering the limited practice time they had to prepare. Michael Baxter continued rebuilding the girls' softball program and finished with a respectable 9-9. First year junior varsity Coach Scott Celli helped make several improvements with the program and the field.

Coach Rich Gifford moved the varsity baseball team to the Butler School and continued to work miracles as he won his second Mayflower League Title and was named coach of the year in baseball by his peers in the Mayflower League. The team completed the season at 13-5 and gave Bellingham a scare in their State Tournament Game. The Team was paced by co-captains Steve Mallett and Arthur Harris. Arthur Harris was named a Brockton Enterprise All-Scholastic. John Lyons returned as junior varsity coach and brought his many years of coaching experience and knowledge back to the baseball program.

This fall John Lyons continued his tenure as cross country coach. With assistant Rich Gifford both the boys' and girls' teams surprised league foes despite the youth on both teams. In fact, the girls' finished an impressive second at the season ending league race, while the boys' managed a solid third place finish.

Soccer had a new coach, Mike Smyth, and his enthusiasm and knowledge of the game resulted in the largest squad in years. Although their record suggests that the team struggled, everyone associated with the team feels that the future is very bright for the soccer team.

Moving indoors we had another impressive season of volleyball. Coach Michelle Hopkinson lead her varsity squad to their second league championship in as many years. The team was led by senior Danielle Hansen and returns ten varsity letter winners as the squad looks to win their third consecutive league title. League foes can expect little relief in the future as Coach Scott Celli and his junior varsity squad rolled to an impressive 15-2 record.

There were 234 interscholastic contests during 1993. The over-all record was 126 wins, 116 losses, and 2 ties. The varsity record was 82-56-2 while the sub-varsity teams compiled a 44-60-0 record for the year.

Extra curricular participants continue to demonstrate improved grades, better attendance, and lack of discipline concerns over their non-participant fellow students. The sacrifices made by these young people will continue to pay dividends to them and society this year and long into the future.

The support and encouragement of the Avon School Committee, Superintendent Lincoln Lynch, Principal Harry Levine, the parents, students, and the Avon Boosters Association provide the drive and motivation for the staff to continue providing our young people with a superior opportunity to grow and develop into productive citizens.

The Avon Boosters Association particularly strives to provide for our students many things which they otherwise may not have. Over 160 students, friends, parents and coaches attended the annual Boosters Awards Night at the Randolph Elk's Hall. Certificates and letters were awarded to all students completing athletic seasons as well as Cabaret, Drama, and Tutoring. The prestigious Packard Student-Athlete Awards and Scholarships were presented to seniors Craig Staffier (University of New England) and Damask Hansen (George Washington University).

Amateur athletics at the high school level are clearly intended to be an exhibition for the benefit of the participants and the enjoyment of the spectators. We are hopeful that our followers and supporters will continue to leave the coaching and officiating to those charged with those duties and encourage the athletes to pursue their goals and develop their skills.

The dedication of the coaches and the commitment of the student/athletes bring great pride to Avon Middle-High School and the community. I would like to thank both our athletes and coaching staff who have raised and/or earned over

our thousand dollars in fund-raising events during this past year. These moneys have been used to purchase new uniforms and equipment. All residents are encouraged to attend games and support these young people. Schedule information is available from the school office at 583-4822.

## LETTER TO PARENTS

### REGARDING SCHOOL CLOSINGS

With the advent of severe winter weather, parents are reminded of the following procedures concerning the cancellation of School sessions.

First, and most important, parents must decide as to the advisability of sending their children to school in inclement weather, even though school sessions have not been cancelled. Schools will be closed only when transportation by bus is judged unsafe, but it is up to parents as to whether or not their children should remain at home.

There will be no late openings or early closings. Once your children are here, we will keep them until School dismissal unless you pick them up. School announcements will be made over WHDH, WBZ, and WBUR Radio Stations and Channels 4 and 7 TV.

We will check on road conditions before making a "No School" decision, but parents should make the final decision as to whether or not to send their children, as conditions may vary from one part of town to another.

Your cooperation is appreciated.

Sincerely,

Lincoln D. Lynch, Ed.D

# REPORT OF THE BLUE HILLS REGIONAL TECHNICAL SCHOOL

To: The Honorable Board of Selectmen

The Blue Hills Regional District School Committee is pleased to submit its 27th Annual report to the residents of the Town of Avon.

Throughout the 1992-93 school year, Blue Hills Regional continued to provide excellent academic and technical instruction to area students, resulting in many awards and recognition for its students and teachers.

Paul Frew, a senior in structural wood from Randolph, was named Outstanding Vocational Student for the year. He now is in his freshman year at Wentworth Institute of Technology.

Randolph's Victor Chu, now a senior, was chosen by the Massachusetts Multicultural Recognition Program to receive a 1993 Multicultural Recognition Award for his anti-racism mural.

James Patrick Murphy of Norwood was the first ever Blue Hills graduate to attend the United States Naval Academy.

Four Avon students, William Jason Webber, Electronics; Stephen J. Favreau, Automotive Repair; Jason M. Brooks, Culinary Arts; and William F. Gallagher, Electronics, earned 8 scholarships between them for their excellence and commitment to their occupations and community while at Blue Hills.

The school cafeteria, run entirely by the students, received an Honorable Mention from the Massachusetts Department of Education for innovative cafeteria practices in the U.S. Department of Agriculture's Best Practices Awards.

The Blue Hills School offers interscholastic sports in 12 areas, at no cost to the students. The 1992-93 boys' ice hockey team placed second in the Tri-Valley League, with two of its players finishing the year as the two highest scorers in that league.

Secondary school enrollment at Blue Hills was 826, up 20 students from the previous year. Thirty-seven enrolled at Blue Hills were Avon residents. Ten of the 172 graduates were from Avon.

Sixty students were enrolled in 15 post-graduate programs for the year. Continuing Education is an ever-popular program and continues to be self-supporting. In the Fall 1992 semester, 525 students attended 33 courses; 491 attended 37 courses in the Spring. Summer camp educated and entertained 10-14 year old youngsters from throughout the area for three two-week sessions, and also continues to be self-supporting.

As always, Blue Hills opens its doors to the public whenever possible through the pool program, the Chateau de Bleu Bakery and restaurant, and salon services through cosmetology.

The school saved taxpayers \$346,000 through special projects it performed for the municipalities, residents and civic organizations. These included printing, vehicle repairs, metal fabrication, and building maintenance. One home was built for a district homeowner in Randolph and another was begun in Canton as part of a unique and involved two-year project. The Canton project was featured on Cable News Network (CNN) and has since been the subject of several news articles.

In order to take the pressure off lean town budgets, Blue Hills aggressively pursued and won grants totalling \$807,000 for fiscal 1993.

The District School Committee meets on the first and third Tuesday of each month at 7:30 p.m. in the District Board Room at the school at 800 Randolph Street, Canton. The public is invited to attend.

Three District School Committee members, John Driscoll of Norwood, James Sullivan of Braintree, and Joseph Carter of Westwood, retired from the committee after a combined 26 years of service. The following made up the 1992-93 School Committee:

Avon	Philip E. Doherty
Braintree	Timothy D. Sullivan
Canton	Benson Diamond, Esq.
Dedham	John J. Lyons, Jr.
Holbrook	William T. Buckley
Milton	Philip L. Kliman
Norwood	Kevin Connolly
Randolph	Ronald Di Guilio
Westwood	Alan L. Butters

The District School Committee extends its thanks and appreciation to the citizens of Avon for continuing to support its efforts to provide quality vocational/technical education.

Respectfully submitted,

Benson Diamond, Esq.  
*Chairman*  
District School Committee

Philip E. Doherty  
*Avon Representative*

## REPORT OF SELF-HELP, INC.

Self Help, Inc. is greater Brockton's and Attleboro's antipoverty agency dedicated to improving the quality of life of limited income individuals and families, and making all segments of the community responsive to the needs of the limited income, disadvantaged and minority populations.

During the program year ending September 30, 1993, Self Help received a total funding of approximately \$9M and provided direct services to 44,268 limited income households in the area.

In the Town of Avon, 614 households received direct services totaling \$82,257. during the program year 1993.

The total funding of \$9,087,092. does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize and additional \$2,509,530. of other community resources such as, contributions from the towns, volunteers, and private donations. The gross value of Self-Help during the past program year was \$11,596,622.

Self-Help currently employs 215 individuals, many of whom are of limited income and minorities.

We feel that the year October 1, 1992 through September 30, 1993 was a successful one for us and very helpful to our limited income population. We thank the many volunteers, Boards of Selectmen and their representative to our Board of Directors, Mr. Louis Modestino for helping to make our year a success.

Respectfully submitted,

Ulysses G. Shelton, Jr.  
*Executive Director*

# REPORT OF THE AVON RECYCLING COMMITTEE

To the Board of Selectmen

The Avon Recycling Committee continued to collect recyclables at the Town Hall parking lot throughout the year. We worked closely with the Board of Health to set up a curbside pick-up program. We applied to the State for a Recycling Grant and received enough money, along with a donation from Atlantic Development, to purchase blue plastic containers for every household. The Board of Health sponsored an Avon recycling logo contest. There were about twenty entries and the one designed by Jen Silvia was selected to adorn the Containers. After meeting with several companies, it was decided to contract with Nunes Disposal who holds our waste disposal contract. Curbside pick-up started September 1, 1993. We initially started out with pick-ups scheduled for the same day as waste pick-up, but only on the first and third weeks of the month. This caused some confusion with the residents and was changed to an every other week schedule in December. There was a transition period in which people were not sure when their recyclables would be picked-up. The Town Hall received an influx of calls during the transition period.

The Compost site on Wales Avenue has been turned over to the Highway Department. The facility is open from April through November. There are week-day hours now, in addition to the weekend hours. Everyone is encouraged to use the site for yard waste disposal because a State mandate has prohibited yard wastes from landfills. Rich, composted soil is available for any town resident during the open season. Everyone is encouraged to take advantage of the material.

It is the committee's hope that with the convenience of curbside recycling a larger percentage of town residents will take advantage of the service and save the town money by separating their trash. Pamphlets describing recyclables are available at the Town Hall.

Since our formation in 1990, we have steadily worked toward the goal of providing a curbside service to the people of Avon. Now that that goal has been met our mission is complete. We recommend that the committee cease to exist. We would like to thank all participating town residents for making recycling a success in Avon and we encourage everyone to participate in the curbside program.

Respectfully submitted:

Sandy Blanchette, *Chairman*  
Bruce Lane, *Vice Chairman*  
Gerry Picardi, *Board of Health*  
Marcia Boirios  
Ed Doran  
Janet Johnson  
Paul Bouchie

# REPORT OF THE AVON CULTURAL COUNCIL

## A REPORT ON 1993 ACTIVITIES

The Avon Cultural Council is responsible for allocating resources to stimulate artistic development in the community and to encourage appreciation of music and the arts. The Town of Avon receives an annual appropriation from the Massachusetts Cultural Council. Funded by the Megabucks lottery, the distribution is based on town population.

For the 1993 cycle, the Avon Cultural Council approved six grants totalling \$2210. Among the recipients were the Avon Civic Association, Avon Public Library, the ASA/Butler Schools and an individual.

The Civic association offered a well rounded schedule of musical events in its summer concert series at our Town's gazebo. The Avon Civic Association received Cultural Council funds for three of the 1993 summer concerts.

The Avon Public Library sponsored a Native American Presentation with hands-on learning, demonstrations, clothing, folk tales and a tepee. This special program raises awareness of Native American history and culture.

Another grant approved by our Council brought a visiting illustrator of children's books into the art classes at Avon High School. Janice Doherty, a published author of children's books, presented a workshop to show how books are written, illustrated, and published. This workshop complemented a project in which the students were involved.

Also, reimbursement was provided through the Performing Arts Students Series (PASS) for Butler School's students during the 1992-1993 school year. PASS grants are available for students in grades K-12 to discover and experience the excitement of the performing arts. Performing arts grants were approved for Butler Elementary School students attendance at three separate theater performances: *Babes in Toyland*, *Snow White*, and *Beauty and the Beast*.

As this report goes to press, the Council has reviewed 17 applications for the 1994 cycle and submitted seven to the Massachusetts Cultural Council for final review. Our town's allotment for the 1994 cycle is \$2000.00. Final decisions by the State are due in April 1994.

The Avon Cultural Council is committed to promoting excellence, access, education and diversity in music and arts for our community.

Respectfully submitted,

Betty Ann Klimas, Chairperson  
Geraldine Cannon  
Karen Johnson  
Jeanne May  
Norma Mercuri  
Mary Veradt

# REPORT OF THE BOARD OF ASSESSORS

To the Board of Selectmen and the Taxpayers of Avon:

The Board of Assessors submit for your review the following:

1. Tax Rate Recapitulation
2. Summary of Events for the Year 1993

The total taxable valuation of the Town is	\$411,681,600.00
Residential and Open Space	211,456,200.00
Commercial and Industrial	192,361,100.00
Personal Property	7,864,300.00
Exempt	25,772,700.00
The Total Valuation is	437,454,300.00

The Tax Rate was set by the Board of Selectmen using a Residential Factor of .73.

The Tax Rates for the Year are:

Residential and Open Space	10.21
Commercial, Industrial and	
Personal Property	17.98

The increase in the Tax Levy of \$16,681.00 had to be taken into consideration when setting the rate.

Upon submitting the Recap Sheet to the Department of Revenue we were informed that we, the Town of Avon, had not appropriated sufficient funds to bring us into compliance with the new Education Reform Act which became law in June of 1993. As a result, the Town had to appropriate an additional \$297,070.00. It became necessary for us to issue preliminary tax bills to provide the necessary cash flow for the Town Treasurer.

At a Special Town Meeting in December, the funds were raised which brought the Town in compliance with the requirements of the Education Reform Act, thus allowing the Department of Revenue to approve our Recapitulation Sheet.

In April, James J. Donovan was re-elected to a three-year term. The Board reorganized with James J. Donovan as Chairman, Leo J. Issa as Clerk, and Louis F. Malzone as Associate.

On September 7, 1993, Leo J. Issa resigned from the Board. On September 16, 1993 Ralph A. Jensen was appointed to the vacancy until the next annual election.

The Board of Assessors wish to thank Pam Pacheco the Assessors' Clerk, and all those who assisted us during the past year.

Respectfully submitted,

James J. Donovan, Chairman  
Louis F. Malzone, Clerk  
Ralph A. Jensen, Associate
